Gathering the Desert Gary Paul Nabhan, 2016-10-01 Winner of the John Burroughs Association's John Burroughs Medal for natural history writing and a Southwest Book Award from the Border Regional Library Association To the untrained eye a desert is a wasteland that defies civilization yet the desert has been home to native cultures for centuries and offers sustenance in its surprisingly wide range of plant life Gary Paul Nabhan has combed the desert in search of plants forgotten by all but a handful of American Indians and Mexican Americans In *Gathering the Desert* readers will discover that the bounty of the desert is much more than meets the eye whether found in the luscious fruit of the stately organpipe cactus or in the lowly tepary bean Nabhan has chosen a dozen of the more than 425 edible wild species found in the Sonoran Desert to demonstrate just how bountiful the land can be From the red hot chiltepinos of Mexico to the palms of Palm Springs each plant exemplifies a symbolic or ecological relationship which people of this region have had with plants through history Each chapter focuses on a particular plant and is accompanied by an original drawing by artist Paul Mirocha Word and picture together create a total impression of plants and people as the book traces the turn of seasons in the desert **Desert Passages** Patricia Nelson Limerick, 1985 Traces the development of American attitudes toward the desert using case studies from many writers over the years Dictionary Catalog of the Department Library United States. increasingly hostile to that very idea Black party members attempted to influence the direction of conservatism not to destroy it but rather to expand the ideology to include black needs and interests As racial minorities in their political party and as political minorities within their community black Republicans occupied an irreconcilable position they were shunned by African American communities and subordinated by the GOP In response black Republicans vocally and at times viciously critiqued members of their race and party in an effort to shape the attitudes and public images of black citizens and the GOP And yet there was also a measure of irony to black Republicans loneliness at various points factions of the Republican Party such as the Nixon administration instituted some of the policies and programs offered by black party members What s more black Republican initiatives such as the fair housing legislation of senator Edward Brooke sometimes garnered support from outside the Republican Party especially among the black press Democratic officials and constituents of all races Moving beyond traditional liberalism and conservatism black Republicans sought to address African American racial experiences in a distinctly Republican way The Loneliness of the Black Republican provides a new understanding of the interaction between African Americans and the Republican Party and the seemingly incongruous intersection of civil rights and American conservatism
