

#### THE CREWS, MEDIA, FANS, AND NASCAR OFFICIALS

all peer through the shimmering heat waves. Who will lead the pack down first lap? A vague, deep commotion comes through the air. It grows in intensity, a mechanical battle cry heralding the racers' return. Sound becomes a physical presence as the source of this awesome power draws near. And then you see the cars. They drop out of turn four, bunched in a tight pack, blazingly bright colors roaring at more than 150 MPH to jockey for position. The front bumpers seem flush with the track as the cars challenge each other down the straightaway. Each tiny bump in the track surface makes the cars bounce and lurch precariously. It's all happening incredibly fast, yet somehow these subtle movements seem to be in slow motion. The sight is both exciting and terrifying, particularly down close to the track surface where the noise, heat, and fumes hang the heaviest.

And just that fast they are out of sight, the sound reverberating as the pack streaks into the distance.
