Media and Politics in Japan Susan Pharr, Ellis S. Krauss, 1996-03-01 Japan is one of the most media saturated societies in the world The circulations of its big five national newspapers dwarf those of any major American newspaper Its public service broadcasting agency NHK is second only to the BBC in size And it has a full range of commercial television stations high brow and low brow magazines and a large anti-mainstream media and mini-media Japanese elites rate the mass media as the most influential group in Japanese society But what role do they play in political life Whose interests do the media serve Are the media mainly servants of the state or are they watchdogs on behalf of the public And what effects do the media have on the political beliefs and behavior of ordinary Japanese people These questions are the focus of this collection of essays by leading political scientists sociologists social psychologists and journalists Japan's unique kisha press club system its powerful media business organizations the uses of the media by Japan's wily bureaucrats and the role of the media in everything from political scandals to shaping public opinion are among the many subjects of this insightful and provocative book

Representing God Méadhbh McIvor, 2020-10-06 How evangelical activism in England contributes to the secularizing forces it seeks to challenge Over the past two decades a growing number of Christians in England have gone to court to enforce their right to religious liberty

Funded by conservative lobby groups and influenced by the legal strategies of their American peers these claimants registrars who conscientiously object to performing the marriages of same sex couples say or employees asking for exceptions to uniform policies that forbid visible crucifixes highlight the uneasy truce between law and religion in a country that maintains an established Church but is wary of public displays of religious conviction *Representing God* charts the changing place of public Christianity in England through the rise of Christian political activism and litigation Based on two years of fieldwork split between a conservative Christian lobby group and a conservative evangelical church M adhbh McIvor explores the ideas and contested reception of this ostensibly American inspired legal rhetoric She argues that legal challenges aimed at protecting Christian values ultimately jeopardize those values as moralities woven into the fabric of English national life are filtered from their quotidian context and rebranded as the niche interests of a cultural minority By framing certain moral practices as specifically Christian these activists present their religious convictions as something increasingly set apart from broader English culture thereby hastening the secularization they seek to counter *Representing God* offers a unique look at how Christian politico legal activism in England simultaneously responds to and constitutes the religious life of a nation

Faith in Unions David Isiorho, 2022-09-07 *Faith in Unions* is a personal account representing a critique of Whiteness and Black marginality in the Faith Workers Trade Union In short it is a Black theology critique of the way Muslim and Hindu faith workers have been treated in the British Labour movement This book clearly has things to say about discriminatory practices which puts the discussion about Englishness and Britishness into a wider context I am suggesting a political agenda associated with English ethnicity as the mode of involvement to explain policies that are likely to result in racialised religious exclusion *Faith in Unions* gives focus to Muslim and Hindu workplace groupings within the Faith Workers Branch and the opposition to their formation from Anglican and Methodist Christian members I am concerned with the struggle for faith recognition within a discriminatory and institutionally racist union structure This book offers an explicit exploration of what I mean by the racialised other in the context of the British Labour movement In this we need to understand the ways historical Christianity has defined Black identities My conclusion hopefully will start a wider discussion of Englishness and English exclusivity

The New Television Handbook Jonathan Bignell, Jeremy Orlebar, Patricia Holland, 2017-07-14 *The New Television Handbook* provides an exploration of the theory and practice of television at a time when the medium is undergoing radical changes The book looks at television from the perspective of someone new to the industry and explores the place of the medium within a constantly changing digital landscape This title discusses key skills involved in television production including producing production management directing camera sound editing and visual effects Each of these activities is placed within a wider context as it traces the production process from commissioning to post production The book outlines the broad political and economic context of the television industry It gives an account of television genres in particular narrative factual programmes and news and it considers the academic discipline of media

studies and the ways in which theorists have analysed and tried to understand the medium It points to the interplay of theory and practice as it draws on the history of the medium and observes the ways in which the past continues to influence and invigorate the present The New Television Handbook includes contributions from practitioners ranging from established producers to new entrants a comprehensive list of key texts and television programmes a revised glossary of specialist terms a section on training and ways of getting into the industry By combining theory real world advice and a detailed overview of the industry and its history The New Television Handbook is an ideal guide for students of media and television studies and young professionals entering the television industry

Rhetoric and Reality on the U.S.—Mexico Border K. Jill Fleuriet, 2021-04-03 Stemming from four years of ethnographic research media analysis of over 750 national news articles published in the 2010s and decades of the author's professional and personal immersion in the Rio Grande Valley of south Texas *Rhetoric and Reality* illuminates a place at the heart of our national conversation the U S Mexico border K Jill Fleuriet contrasts the rhetoric of national political and media discourse with that of local border leaders in economics health care politics education law enforcement philanthropy and activism As she deconstructs the common narrative of a border in need of external intervention to control corruption poverty sickness and violence Fleuriet engagingly illustrates the range of regional organizing local development strategies and community responses in the borderlands that ultimately situate the Rio Grande Valley as the true North of the U S national compass where the Valley goes the rest of the country soon will follow *Rhetoric and Reality* asks us to question our own assumptions especially about those areas that drive national decisions about resource allocation economic development and national security *Rhetoric and Reality* is an important ethnographic study of the deeply misunderstood increasingly vilified Rio Grande Valley located on the Texas Mexico border Fleuriet presents a balanced counter narrative that shows the region as one of growth innovation complexity and rich with meaning *Rhetoric and Reality* is an excellent example of place based reflexive scholarship appropriate for use in courses on border theory applied anthropology and research methods Written clearly and crisply with a wide readership in mind *Rhetoric and Reality* is mandatory reading for those wanting to better understand the US Mexico border region and the people who live there Margaret A Graham Professor and Chair The University of Texas Rio Grande Valley USA This is an important book as it describes life in the Rio Grande Valley rather than on the border The notion of the border as an open range in need of external help is challenged as the author illustrates the wide range of leadership and programmatic change occurring in the Rio Grande Valley Roberto R Alvarez Professor Emeritus of Ethnic Studies University of California San Diego USA
