**Sundowners at Dawn** Geoffrey Bignell,2004-05 Those readers who have always thought of the financial services as a dull profession pursued by unimaginative grey men and women lost in a fog of figures will be pleasantly surprised by Geoffrey Bignell s memoir of his life in banking With broad colorful brushstrokes Bignell paints the rich canvas of a career spent largely overseas in a variety of exotic sometimes insalubrious occasionally dangerous but never less than interesting postings He introduces us to his urbane friends and colleagues we mingle with the rich and famous we smell and hear the evocative scents and sounds of Zanzibar Cairo Kashmir Bangkok Tokyo and other far flung corners of the world Finally we encounter the sybaritic opulence of high life in the USA and savor the satisfaction of a life lived to the full by one who has worked hard and played hard **The Sundowner Cafe & Bar** G. Michael Hilgers,2003-02 *My Sundowner and Other Poems* John Farrell,1904 **Dusk Till Dawn** Alexandra Black,2004 Dusk Till Dawn is an illustrated text telling the story of the evening dress showing how styles we wear today have been influenced by many centuries of dressing up for the evening

*Dawn Patrol* Don Winslow,2011-05-18 From the bestselling author of *Savages* now an Oliver Stone film As cool as its California surfer heroes Don Winslow delivers a high velocity darkly comic and totally righteous crime novel Every morning Boone Daniels catches waves with the other members of The Dawn Patrol four men and one woman as single minded about surfing as he is Or nearly They have real j o b s Boone however works as a PI just enough to keep himself afloat But Boone s most recent gig investigating an insurance scam has unexpectedly led him to a ghost from his past And while he may have to miss the biggest swell of his surfing career this job is about to give him a wilder ride than anything he s ever encountered Filled with killer waves and a coast line to break your heart The Dawn Patrol will leave you gasping for air **The Rape of Zimbabwe** Ricky Wilson,2006-02 This is the true story of the flamboyant Ricky Wilson often referred to by his compatriots as Tricky Ricky who with his wife and young daughter emigrated to the then Rhodesia The opportunities that presented themselves very soon after their arrival and what he did to acquire wealth would have been beyond his dreams in the U K The book tells of the political settlement majority rule and change of government to a black administration led by Robert Mugabe and the trials and tribulations that went with it Ricky s direct involvement with most of Robert Mugabe s ministers and his Government vividly conveys the trials and tribulations of African politics and the very rife corruption that was and still is throttling the country So many of the country s prosperous settlers who had become the economic backbone of the country have flown to safer havens and Ricky s plight is representative of many who have had no option but to leave In a very real sense this is the inside story of a country that has been raped now reduced to famine and rough injustice by the ruling thugs that have plundered the resources internal and from outside aid to feather their own nests and Swiss bank accounts

*Flight at Dawn* A. J. Frost,2012 We live complex and busy lives Returning to nature can often provide glimpses into the simplicity we left behind centuries ago While there is no going back there is certainly much that can be learnt from the

natural environment that we can use to enrich and broaden our lives Flight at Dawn is about two journeys A physical journey into a wildlife reserve and a spiritual and intellectual journey of the mind as Tony and his two boys explore the landscapes and the species that occupy them The book discusses the lessons that can be learnt from both the experiences they have on their journey and from the creatures they encounter Tony also shares commentary on topical issues and on some of the vexing challenges and paradoxes of the working environment The book's key focus areas are leadership and organizational behaviour but there are many other lessons that can be applied to the way one lives one's own life Tony Frost is a recognized conservationist and strategist and has received many awards in this arena He is passionate about helping young people fully appreciate the future that belongs to them and persuading the current generation of leaders that they owe the youth a positive and healthy future He is founder and CEO of Sirocco Strategy Management CEO of the Queen's College Foundation and a board member of the South African Biodiversity Institute Book jacket *Catalog of Copyright Entries* Library of Congress.
