Flynn, 2008 Other than human animals are an overwhelming presence in our collective and individual lives and at the same time are taken for granted by human animals Sociologists have neglected the study of human animal interaction and the role of animals in society This is true despite the fact that animals are an integral part of our lives in our language food families economy education science and recreation In more than thirty essays *Social Creatures* examines the role of animals in humansociety Collected from a wide range of periodicals and books these important works of scholarship examine such issues as how animal shelter workers view the pets in their care why some people hoard animals animals and women who experience domestic abuse philosophical and feminist analyses of our moral obligations toward animals and many other topics *Social Creatures* includes work by Peter Singer Tom Regan Carol J Adams Josephine Donovan Barbara Noske Arnold Arluke Ken Shapiro and many leading scholars anthropologists and psychologists The book also comes with an extensive bibliography of hundreds of articles and books      **The National Union Catalogs, 1963-**, 1964      **The Sexual Politics of Meat - 25th Anniversary Edition** Carol J. Adams, 2015-10-29 *The Sexual Politics of Meat* is Carol Adams inspiring and controversial exploration of the interplay between contemporary society s ingrained cultural misogyny and its obsession with meat and masculinity First published in 1990 the book has continued to change the lives of tens of thousands of readers into the second decade of the 21st century Published in the year of the book s 25th anniversary the Bloomsbury Revelations edition includes a substantial new afterword including more than 20 new images and discussions of recent events that prove beyond doubt the continuing relevance of Adams revolutionary book      *The National union catalog, 1968-1972*, 1973      **Sunset**, 1998      *Kiplinger's Personal Finance*, 1971-06 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics      *The Sexual Politics of Meat* Carol J. Adams, 2015-10-22 Many cultures equate meat eating with virility and in some societies women offer men the best i e bloodiest food at the expense of their own nutritional needs Building upon these observations feminist activist Adams detects intimate links between the slaughter of animals and violence directed against women She ties the prevalence of a carnivorous diet to patriarchal attitudes such as the idea that the end justifies the means and the objectification of others In *Frankenstein* Mary Shelley made her Creature a vegetarian a point Adams relates to the Romantics radical politics and to visionary novels by Charlotte Perkins Gilman Dorothy Bryant and others Adams who teaches at Perkins School of Theology Dallas sketches the alliance of vegetarianism and feminism in antivivisection activism the suffrage movement and 20th century pacifism Her original provocative book makes a major contribution to the debate on

animal rights Writer activist university lecturer Adams s important and provocative work compares myths about meat eating with myths about manliness and explores the literary scientific and social connections between meat eating male dominance and war Drawing on such diverse sources as butchering texts cookbooks Victorian hygiene manuals and Alice Walker the author provides a compelling case for inextricably linking feminist and vegetarian theory This book is likely to both inspire and enrage readers across the political spectrum we learn for example that veal was served at Gloria Steinem s 50th birthday as well as of the atrocities of the slaughterhouse One wishes Adams had been more careful about documenting some of her claims her contention for instance that early humans were entirely vegetarian requires scholarly support Nevertheless this is recommended for both public and academic collections
