Mennonites in Canada: 1939-1970 : a people transformed Frank H. Epp,T. D. Regehr,1974-01-01 T D Regehr shows how the Second World War challenged the pacifist views of Mennonites and created a population more aware of events problems and opportunities for Christian service and personal advancement in the world beyond their traditional rural communities

German Canadians Arthur Grenke,2018-07-11 In *German Canadians Community Formation Transformation and Contribution to Canadian Life* Grenke explores important themes in the German Canadian experience including immigration social life the war experiences intermarriage political participation and the German contribution to Canadian life Focusing on language maintenance and transition the study explores their effect on the formation and decline of different German Canadian communities as they emerged and dissolved While the reader may or may not agree with some of the conclusions reached the work should nevertheless stimulate reflection and discussion

Toronto's Many Faces Tony Ruprecht,2010-12-14 This is the only guide to Toronto s multicultural character featuring profiles of more than sixty ethnic communities including local histories food and art Monuments museums and restaurants are identified while maps and photographs of festival events help bring the city s varied communities to life

Mennonite Women in Canada Marlene Epp,2008 Marlene Epp explores women s roles as prescribed and as lived within the contexts of immigration and settlement household and family church and organizational life work and education and in response to social trends and events She questions how Mennonites dictate women s place within the church family and community and how women collectively and individually actually behave Epp found that in virtually all aspects of women s lives there exists a contradiction between behavioural ideals and practicalities She also found that their responses to dictates about their proper place ranged from

acceptance to rebellion and almost always unsettled a clear delineation of their roles Using diaries oral histories church histories genealogies and memoirs Epp has painstakingly pieced together a rich and fascinating story of Canadian Mennonite women that deserves to be read by women and men everywhere R sum de l diteur *Encyclopedia of Diasporas* Melvin Ember,Carol R. Ember,Ian Skoggard,2004-11-30 Immigration is a topic that is as important among anthropologists as it is the general public Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture usually leaving for what is perceived as a better life Not only does this diaspora change the country of adoption but also the country of origin Many large nations in the world have absorbed and continue to absorb large numbers of immigrants The foreseeable future will see a continuation of large scale immigration as many countries experience civil war and secessionist pressures Currently there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world s cultures and provides an overview of important topics in the world s diasporas The encyclopedia consists of two volumes covering three main sections Diaspora Overviews covers over 20 ethnic groups that have experienced voluntary or forced immigration These essays discuss the history behind the social economic and political reasons for leaving the original countries and the cultures in the new places Topics discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures including the arts they bring the struggles they face and some of the cities that are in the forefront of receiving immigrant cultures Diaspora Communities include over 60 portraits of specific diaspora communities Each portrait follows a standard outline to facilitate comparisons The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants and to find out about particular cultures topics and communities It will prove of great value to researchers and students curriculum developers teachers and government officials It brings together the disciplines of anthropology social studies political studies international studies and immigrant and immigration studies **The Foundation of Choice of Law** Sagi Peari,2018-03-30 This book focuses on the subject of choice of law as a whole and provides an analysis of its various rules principles doctrines and concepts It offers a conceptual account of choice of law called choice equality foundation CEF which aims to flesh out the normative basis of the subject The author reveals that despite the multiplicity of titles and labels within the myriad choice of law rules and practices of the U S Canadian European Australian and other systems many of them effectively confirm and crystallize CEF s vision of the subject This alignment signifies the necessarily intimate relationship between theory and practice by which the normative underpinnings of CEF are deeply embedded and reflected in actual practical reality Among other things this book provides a justification of the nature and limits of such popular principles as party autonomy most significant relationship and closest connection It also discusses such topics as the actual operation of public policy doctrine in domestic courts and the relation between the notion of international human rights and international commercial dealings and makes some suggestions about the ability of traditional rules to cope with the advancing challenges of the digital age and the

Internet *Labour Relations in the Global Fast-Food Industry* Tony Royle, Brian Towers, 2004-08-02 The fast food industry is one of the few industries that can be described as truly global not least in terms of employment which is estimated at around ten million people worldwide This edited volume is the first of its kind providing an analysis of labour relations in this significant industry focusing on multinational corporations and large national companies in ten countries the USA Canada the UK the Netherlands Germany Australia New Zealand Singapore and Russia The extent to which multinational enterprises impose or adapt their employment practices in differing national industrial relations systems is analysed Results reveal that the global fast food industry is typified by trade union exclusion high labour turnover unskilled work paternalistic management regimes and work organization that allows little scope for developing workers participation in decision making let alone advocating widely accepted concepts of social justice and workers rights
