Erdos, 2025-07-23 This book adopting a systemic transdisciplinary perspective explores the sociopsychological and the psychosocial interfaces shaping people s lived experiences of liminality It is about life s outstandingly chaotic and confusing moments regularly recurring in or under calamitous circumstances pervading our lives in the 21st century Prospects for constructive change have traditionally been present in transformative liminal settings The broad context of permanent liminality however is conducive to impasses in the process of change The resulting liminal hotspots are characterized by a turmoil of negative feelings and increased suggestibility In the book discursive analyses underpin and illustrate the key points Part I of the book serves as an introduction exploring the mixed potential inherent languaging and symbol use in the social construction of transitions and liminal phenomena Part II comprises sociopsychological analyses of the contexts as labyrinths of meaning of today s globalized a mazed societies where economy politics and info communication technologies are closely intertwined to maintain trickster liminality This part includes explorations on two distinct forms of manipulative discourse characteristic of authoritarian regimes highlighting the role of double bind relations that permeate a despotic system to perpetuate unpredictability chaos and repeated entrapments in liminal hotspots The author explores the discursive practices altering the traditional patterns of transformative liminality into the absurdity of permanent liminality with its self destructive power Part III is about the psychosocial interface focusing on the intersubjective domain of the individual s lived experiences specifically on the phenomenological connections between rites of transition and psychosocial crises Further it comprises explorations on the prospects for transformative liminality inherent in dialogue As a conclusion humans constructive potential must be coupled with care to benefit from transformations Transitioning from one form of process into

the subsequent one remains an intrinsic and mercurial event in human development Let us embrace these moments but embrace them with care Transitions Liminality as Lived Experience is primarily intended for scholars as well as students master s level or PhD in the broad area of social sciences especially in social communication discourse studies counselling semiotic cultural psychology social psychology and clinical social work *Blessed to Be a Blessing* Leanne Hadley,2016-08-01 Blessed to be a Blessing Sacred Circle Time for Young Children is designed specifically for young children using a simple but effective model that will move them beyond learning about God to experiencing God through ritual wonder story prayer and blessing Dr Leanne Hadley provides all the leadership tools as well as ideas for resources that all congregations have already on hand Sacred Circle Time is ideal for use in a variety of settings including your church preschool daycare special events or even at home to fit your schedule either 10 to 15 minutes or 40 to 60 minutes depending on the time you have available and the ages of the children and because the lessons were intentionally designed to use everyday supplies rather than expecting you to buy additional materials **Secrets of The Lost Symbol** Daniel Burstein,Arne de Keijzer,2010-10-19 What secrets lie at the heart of America Discover the hidden reality behind Dan Brown s The Lost Symbol and America itself Just as there is only one Dan Brown there is also only one secrets team that has achieved worldwide bestselling success by exposing the truth beneath Brown s bestselling novels Dan Burstein and Arne de Keijzer have gathered together world class authorities from scientist Richard Dawkins noetics expert Lynne McTaggart and religious scholar Karen Armstrong to journalist Jeff Sharlet author of The Family The Secret Fundamentalism at the Heart of American Power mathematician and science historian Amir Aczel FBI consultant Michael Barkun 33 Freemason Arturo de Hoyos and a host of renowned philosophers symbolologists code breakers art historians writers thinkers and experts on the occult to give readers the essential tools to understand the conspiracies codes cutting edge science cultural controversies and suppressed history at the center of The Lost Symbol and the very founding of the United States of America Which Founding Fathers were members of secret societies What is the true background of the Ancient Mysteries Does The Lost Symbol have a hidden religious agenda What is the actual role of Freemasons in American history What do the hidden codes embedded in the novel tell us **Epiphanies** Sophie Grace Chappell,2022 Epiphanies is a philosophical exploration of epiphanies peak experiences wow moments or ecstasies as they are sometimes called What are epiphanies and why do so many people so frequently experience them Are they just transient phenomena in our brains or are they the revelations of objective value that they very often seem to be What do they tell us about the world and about ourselves How if at all do epiphanies fit in with our moral systems and our theories of how to live And how do epiphanic experiences fit in with the rest of our lives These are Sophie Grace Chappell s questions in this ground breaking new study of an area of inquiry that has always been right under our noses but remains surprisingly under explored in contemporary philosophy **Love Signs and You** Rochelle Gordon,Nadia Stieglitz,2003 Love Signs and You is the definitive volume of romantic astrology
