Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences:

Syntactic Phrase Structure Phenomena in Noun Phrases and Sentences Christa Bhatt, Elisabeth Löbel, Claudia Maria Schmidt, 1989-01-01 The main topic of this volume is the phrase structural analysis of noun phrases and sentences This analysis is based on recent ideas within the Government and Binding framework and makes crucial use of such modules as Theta assignment Binding Theory Case assignment as well as different definitions of the notion Barrier The ten papers deal with certain aspects of English and German noun phrases

English Noun Phrases from a Functional-Cognitive Perspective Lotte Sommerer, Evelien Keizer, 2022-01-15 Despite a significant increase in interest over the last two decades in the English Noun Phrase there are still many open questions and unexplored issues The papers collected in this volume contribute to this ongoing research by addressing a range of topics concerning the internal structure use and development of English Noun Phrases The eleven chapters represent three main themes 1 Determination modification and complementation 2 Shell nouns and the X is construction 3 Binominal constructions These topics are approached in different ways some chapters are synchronic in nature others diachronic and while most subscribe to functional cognitive modelling some take a more formal approach In addition different methodologies are employed varying from qualitative and quantitative corpus analyses to experimental methods As a result the contributions to this volume represent both the main topics currently discussed in research on the English Noun Phrase and the diversity in the way these topics are investigated

German:

Syntactic Problems – Problematic Syntax Werner Abraham, Elly van Gelderen, 2017-10-10 The volume assembles eleven articles presenting a linguistic approach to the grammar of German English and the diachronic forerunners of English Common to all is a theoretical discussion against the background of Chomskyan minimalism 1993 and more recent developments of it Kayne 1993 Chomsky 1995 all of which make language typology comparisons an interesting proposition Some of the articles are critical of certain aspects of these theoretical approaches For all their claims to descriptive universality it transpires that they fail to address a number of features specific to German

Syntax, semantics, and the lexicon Łukasz Jędrzejowski, Uwe Junghanns, Kerstin Schwabe, Carla Umbach, 2025-05-20 This book is dedicated to Ilse Zimmermann who was a pioneer of Generative Grammar in Germany and made important contributions to the analysis of German and Slavic languages It contains original articles by Zimmermann as well as newly written papers inspired by her work Zimmermann s original articles cover a wide range of topics over a long period of research the earliest dating from 1983 and they make it clear that issues that are highly topical today have long been the subject of linguistic research The newly written papers are closely related to Zimmermann s topics ranging from DP structure verbal inflection and reciprocity to the modification of causative verbs all from a Slavic perspective They are rounded off by a contribution highlighting the leading role played by the Strukturelle Grammatik research group of which Zimmermann was a member in the development of linguistics in Germany Dieses Buch ist Ilse Zimmermann gewidmet die eine Pionierin der Generativen Grammatik in

Deutschland war und wichtige Beiträge zur Analyse des Deutschen und der slawischen Sprachen geleistet hat. Es enthält sowohl Originalartikel von Zimmermann als auch neu verfasste Beiträge, die durch ihre Arbeit inspiriert wurden. Zimmermanns Originalartikel decken ein breites Spektrum von Themen in einem langen Forschungszeitraum ab, der frühestens datiert aus dem Jahr 1983 und sie machen deutlich, dass Fragen, die heute hochaktuell sind, schon lange Gegenstand der linguistischen Forschung sind. Die neu verfassten Kapitel stehen in engem Zusammenhang mit Zimmermanns Themen. Sie reichen von der DP-Struktur über verbale Flexion und Reziprozität bis hin zur Modifikation kausativer Verben alles aus slawischer Perspektive. Abgerundet werden sie durch einen Beitrag, der die führende Rolle der Forschungsgruppe Strukturelle Grammatik, deren Mitglied Zimmermann war, für die Entwicklung der Linguistik in Deutschland hervorhebt.

Syntax of Dutch: Nouns and Noun Phrases - Volume 2 Hans Broekhuis, Marcel Dikken, 2025-10-01. The Syntax of Dutch will be published in at least seven volumes in the period 2012-2016 and aims at presenting a synthesis of the currently available syntactic knowledge of Dutch. It is primarily concerned with language description and not with linguistic theory and provides support to all researchers interested in matters relating to the syntax of Dutch, including advanced students of language and linguistics. The two volumes Nouns and Noun Phrases discuss the internal make-up as well as the distribution of noun phrases. Topics that will be covered include complementation and modification of noun phrases, properties of determiners, article demonstratives, numeral and quantifiers, the use of noun phrases as arguments, predicates and adverbial modifiers.

Possessors, Predicates and Movement in the Determiner Phrase Artemis Alexiadou, Chris Wilder, 1998-10-15. This volume presents a cross-section of current research on the internal syntax of Determiner Phrases (DPs) with special emphasis on the analysis of DPs modified by genitival, adjectival and other non-finite attributes. Possessors, Predicates and Movement in the DP illustrates clearly the ongoing debate over older and more recent approaches to the syntax of DPs, in particular in the wake of the minimalist program (Chomsky 1995) and Kayne's antisymmetry hypothesis (Kayne 1994). The relative theoretical coherence among the contributions permits detailed comparison of specific syntactic proposals, providing a solid basis for further debate. Several of the papers address the syntactic questions in parallel with related semantic or morphological issues. The value of this collection to the study of Universal Grammar is also underlined by its comparative bias. Analyses of Germanic, Romance and Balkan languages figure prominently and a number of new empirical generalizations within and between languages are discussed.

Syntactic Aspects of Topic and Comment André Meinunger, 2000-10-20. The book focuses on the syntactic behavior of argument noun phrases depending on their discourse status. The main language of consideration is German, but it is shown that the observations can be carried over to other languages. The claim is that discourse new arguments remain inside the VP where they are base-generated. The hierarchy of argument projection is claimed to be fixed within and across languages. With the major attention to direct objects, it is then argued that discourse old (here called topical) noun phrases undergo raising to agreement projections. This movement can be realized differently: scrambling, object agreement, clitic

doubling differences in morphological case and stress pattern turn out to be analyzable as one underlying phenomenon It is furthermore shown that many so called subject object asymmetries boil down to topic non topic differences for example with respect to extraction Thus irrespectively of the argumental status discourse new constituents do not act as barriers whereas topical arguments create weak islands Nominalizations, Double Genitives and Possessives Anja Šarić, 2018-10-22 The goal of this work is twofold First it aims to account for double genitive constructions in Serbian Second it aims to re evaluate the DP hypothesis in light of their existence in Serbian Based on evidence from the categorial status of possessives argumenthood in the nominal domain the morphosyntactic structure of nominalizations and the assignment of the genitive case it is argued that DP projection must be assumed in Serbian The Semantics of Prepositions Cornelia Zelinsky-Wibbelt, 2011-09-06 No detailed description available for The Semantics of Prepositions **Balkan Syntax and Semantics** Olga Mišeska Tomić, 2004-01-01 The book deals with some syntactic and semantic aspects of the shared Balkan Sprachbund properties In a comprehensive introductory chapter Tomić offers an overview of the Balkan Sprachbund properties Sobolev displaying the areal distribution of 65 properties argues for dialect cartography Friedman on the example of the evidentials argues for typologically informed areal explanation of the Balkan properties The other contributions analyze specific phenomena polidefinite DPs in Greek and Aromanian Campos and Stavrou Balkan constructions in which datives combine with impersonal clitics or non active morphology Rivero Balkan optatives Ammann and Auwera imperative force in the Balkan languages Isac and Jakab clitic placement in Greek imperatives Bošković focused constituents in Romanian and Bulgarian Hill synthetic and analytic tenses in Romanian D Hulst Coene and Avram purpose like modification in a number of Balkan languages Bučarovska Balkan modal existential wh constructions Grosu child and adult strategies in interpreting empty subjects in Serbian Croatian Stojanović and Mareš conditional sentences in Judeo Spanish Montoliu and Auwera

Unveiling the Magic of Words: A Report on "**Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.

Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational

resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences is one of the best book in our library for free trial. We provide copy of Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences. Where to download Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences online for free? Are you looking for Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences PDF? This is definitely going to save you time and
