from the 1700s through the Civil War and is going strong in the present day many people fail to realize the reach and influence of the group Many scholars for instance perceive the KKK as a radical racist group composed primarily of ignorant uneducated members when it is actually much more Some Klan groups are political while others are simply social Some meet and eat just as any other mainstream civic or church group but others are focused toward the use of well planned violence Not all Klan groups advocate an overthrow of the U S government though some do The author traces the historical development of the Klan addressing its organization membership ideologies and philosophies Avoiding the bias of previous works written by either Klan apologists or detractors the author chronicles the directions the group has taken during its long and diverse history The study also details the secret oaths of allegiance the Imperial Wizards and the concept of Knighthood The result is an accurate account of the Ku Klux Klan a group that has continued to grow and evolve in response to changing times

The Case for Biblical Antichrist, Global Government, and the Man Chosen to Save America Luis Munoz, 2024-11-04 The godfather of the global mafia Rockefeller indicated that he and other globalists are relying on the right major crisis and the nations will accept the New World Order Moreover the renowned globalist and Obama s advisor Strobe Talbott said In the next century 21st nations as we know it will be obsolete all states will recognize a single global authority National sovereignty wasn t such a great idea after all And James Paul Warburg said We shall have World Government whether or not we like it The only question is whether World Government will be achieved by consent or conquest Who are America s true enemies How are they operating inside America How are they plotting to destroy America s democracy and sovereignty Robert F Kennedy Jr on April 1 2024 told CNN I can make the argument that President Biden is a much worse threat to democracy than Trump Again Robert on April 2 2024 told Fox News President Biden has done something no other president has done which is to order media particularly social media Facebook Instagram to censor his political opponent President Biden is a much worse threat to democracy and the reason for that is President Biden is the first candidate in history the first president in history that has used the federal agencies to censor political speech to censor his opponent And he added that Biden is a genuine threat to our democracy Keep in mind that Robert K is a liberal Democrat Former president Barack Obama and his wife Michael are using their Netflix Predictive Programming movie *Leave the World Behind* to reveal how he

and the global gang intend to put the US government under a global dictatorship Their ploy includes A simple three stage maneuver that could topple a country s government from within That country s government is no other but the US government which will be the real target for a coup d etat and civil war The first maneuver to destroy America is Isolation By that they mean disabling the sectors of communication and transportation making the target as deaf dumb and paralyzed as possible The second maneuver consists of creating a synchronized chaos to terrorize the American people with covert attacks and misinformation overwhelming their defense capabilities and leaving their weapon system vulnerable to extremists and their own military Without a clear enemy or motive people would start turning on each other If done successfully the third stage would happen on its own The Obama Netflix civil war movie describes the globalists plot to create the right major crisis that they have envisioned to establish a global government The plot seems to include widespread use of state terrorism to attack America from within with tens of thousands of radical Muslim terrorists that are already in America The goal is to topple the US government declare martial law change the Constitution and put the country under a global tyranny I am using this book to show that Obama and Biden have been working in league with the evil global mafia to cement America s transition from democracy to dictatorship Also this book shows the globalists plot for world government and the man with the call and vision to lead it Barack H Obama the biblical Antichrist and awaited Mahdi of Islam Therefore Americans have a critical choice to make choose Obama s radicalized democrat gang and you will destroy America s democracy and sovereignty Choose Donald Trump and you will empower the man called to defeat the enemies of humanity and tyranny Trump is the man destined to vindicate God s name and restore America to its rightful place before God takes His people in the rapture

**Our 2Nd American Revolution** William E. Shuttleworth,2012-05-15 In the past year the elected leaders of the government of

the United States have taken that nation down a road that can only lead to disaster The federal government of the United

States has borrowed more money in the past year alone than all of the debt accumulated since the nation s found more than

200 years ago In the process of bankrupting America the nationally elected leaders have on many occasions literally ignored

the Constitution of the United States The American people are patient however their patience has reached the breaking point

and as a result BIG changes are just around the corner for America The book titled Our 2nd American Revolution Honoring

the Sacrifice of our Founders spells out how the American people will take back their nation beginning on November 2nd

2010 This book includes a Nine Point Plan to Save America from an otherwise certain demise and breaks down step by step

what must be done if America is to survive in the future Our 2nd American Revolution is a book about saving America

America has drifted very far away from the fundamental principles that allowed her to become the richest and fastest

growing nation ever to have existed As a result America is on a collision course with certain disaster The goal of the Our 2nd

American Revolution is to sound a loud wake up call to all Americans who love thier country and cannot bear to see the great

American experiment fail America can be saved if dramatic and bold action is taken soon However time is of the essence and

the citizens of American must act and act very soon Knowledge, Consent, and Liberty Steve G. Sweetman,2020-12-01 The

angst of modernity is that of powerlessness disenfranchisement and alienation People everywhere are experiencing

helplessness in a world where the few rule and leaders and legislators run roughshod over the masses with a deluge of laws

and where technology encroaches upon their daily lives and privacy and an economic inequality never before seen in history

The concepts of self determination destroying superstition government by the people questioning all authority and the power

of knowledge reason and the authority of the individual is on the verge of dying However as Thomas Paine said We have it in

our power to begin the world over again Today s world cries out for a new breed of thinker rational brave bold innovative

intuitive and artistic We all need to re evaluate to become questioners explorers and seekers Knowledge Consent and Liberty

is about the power of knowledge the supremacy of the consent of the governed the legal and Constitutional right of the

people of the globe to form their definitions of liberty freedom and government and their obligation to create their collective

destiny Its lofty goal is to challenge empower and enlighten the reader In a logical progression from premises to conclusions

it lays out a philosophical historical and scientific argument that humans create their world for good or bad It expounds on

current social political and cultural issues that deserve consideration for reform or change And it maps out a constitutional

strategy and method for the people to create America and the world in their own image rather than that of a few oligarchs

J. Mulloy,2004-08-02 American Extremism explains how at the heart of the politics practiced by the militia movement is an attempt to define the nature of Americanism and shows how militia members employ the myths metaphors and perceived historical lessons of the American Revolution the constitutional

settlement and America's frontier experience to do so Mulloy argues that militia members search for the authority of history leads them to a position best characterized as ahistorical historicism in which political interests in the present are given greater weight than the demands of a historically accurate reading of the past With discussion of such recent events as the Oklahoma City bombing Waco and the September 11th attacks alongside topical issues including militia conspiracy theories and the origins of Americans right to keep and bear arms this work provides the deepest understanding to date of the American militia movement
