M Carnoy

Taking Sides The Education Of A Militant Mind:

Taking Sides Michael Harrington, 1985-10-01 [The Other American The Life Of Michael Harrington](#) Maurice Isserman, 2001-03-08 Most Americans first heard of Michael Harrington with the publication of *The Other America* his seminal book on American poverty Isserman expertly tracks Harrington's beginnings in the Catholic Worker [The Democratic Socialist Vision](#) Gary Dorrien, 1987 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com **Michael Harrington** Robert Gorman, 2021-12-24 In this provocative biographical portrait Robert A. Gorman examines the political and intellectual life of this engaging radical thinker while looking ahead to the ways in which the work and example he has left us can affect political life in the twenty-first century Michael Harrington's major attempt to Americanize socialism plays a big part in Gorman's analysis He tells readers how it is possible to be both radical and patriotic and how an unjust system can be transformed without being destroyed [Worlds of Irving Howe](#) John Rodden, 2015-12-03 *The Worlds of Irving Howe The Critical Legacy* is a wide-ranging anthology of criticism devoted to the literary, cultural, and political work of the writer Irving Howe The book offers a broad cross-section of critical and biographical writings about Howe Collected here are assessments of Howe's work written by some of the most prominent intellectuals of the twentieth century among them Lionel Trilling Alfred Kazin C. Vann Woodward Robert Coles Daniel Bell Malcolm Cowley and Arthur Schlesinger The critical estimates of Howe's major books collected here and framed by a major biographical introduction by John Rodden constitute a sharply focused lens through which readers can re-evaluate the legacy of one of America's leading intellectuals and thereby understand the main issues of twentieth-century Anglo-American cultural history Contributors Lionel Trilling Alfred Kazin C. Vann Woodward Newton Arvin Charles Angoff Edward Dahlberg Isaac Rosenfeld Richard Chase H. D. Lasswell Dennis Wrong Michael Harrington Christopher Lasch Robert Coles Daniel Bell Malcolm Cowley Arthur Schlesinger Theodore Solotaroff Clive James Norman Podhoretz Irving Kristol and William Phillips among others *Advocacy Journalists* Edd Applegate, 2009-05-11 This book focuses on the lives of journalists and editors who contributed to advocacy journalism Each entry contains biographical information about the journalists their professional careers major works and in some cases commentary on those works **Socialism** Michael Harrington, 2011-11 *Socialism Past and Future* is prominent thinker Michael Harrington's final contribution He composed a thoughtful intelligent and compassionate treatise on the role of socialism in modern **Essays and Reviews** Bernard Williams, 2015-10-13 The first collection of popular reviews and essays from distinguished philosopher Bernard Williams Bernard Williams was one of the most important philosophers of the past fifty years but he was also a distinguished critic and essayist with an elegant style and a rare ability to communicate complex ideas to a wide public This is the first collection of Williams's popular essays and reviews Williams writes about a broad range of subjects from philosophy to science the humanities economics feminism and pornography Included are reviews of major books such as John Rawls's *Theory of Justice* Richard Rorty's *Consequences of*

Pragmatism and Martha Nussbaum's Therapy of Desire But many of these essays extend beyond philosophy providing an intellectual tour through the past half century from C S Lewis to Noam Chomsky No matter the subject readers see a first class mind grappling with landmark books in real time before critical consensus had formed and ossified

Anti-Communism in Twentieth-Century America Larry Ceplair, 2011-10-05 This compelling critical analysis of anti communism illustrates the variety of anti Communist styles and agendas thereby making a persuasive case that the threat of domestic communism in Cold War America was vastly overblown In the United States today communism is an ideology or political movement that barely registers in the consciousness of our nation Yet merely half a century ago communist was a buzzword that every citizen in our nation was aware of a term that connoted traitor and almost certainly a characterization that most Americans were afraid of Anti Communism in Twentieth Century America A Critical History provides a panoramic perspective of the types of anti communists in the United States between 1919 and the collapse of the Soviet Union It explains the causes and exceptional nature of anti communism in the United States and divides it into eight discrete categories This title then thoroughly examines the words and deeds of the various anti Communists in each of these categories during the three Red Scares in the past century The work concludes with an unapologetic assessment of domestic anti communism This book allows readers to more fully comprehend what the anti communists meant with their rhetoric and grasp their impact on the United States during the 20th century and beyond for example how anti communism has reappeared as anti terrorism

The Revival of Labor Liberalism Andrew Battista, 2023-12-11 The Revival of Labor Liberalism is a careful analysis of the twentieth century decline of the labor liberal coalition and the important efforts to revive their political fortunes Andrew Battista chronicles the efforts of several new political organizations that arose in the 1970s and 1980s with the goal of reuniting unions and liberals Drawing from extensive documentary research and in depth interviews with union leaders and political activists Battista shows that the new organizations such as the Progressive Alliance Citizen Labor Energy Coalition and National Labor Committee made limited but real progress in reconstructing and strengthening the labor liberal coalition Although the labor liberal alliance remained far weaker than the rival business conservative alliance Battista illuminates that it held a crucial role in labor and political history after 1968 Focuses on a fraught but evolving partnership Battista provides a broad analysis of factional divisions among both unions and liberals and considers the future of unionism and the labor liberal coalition in America

In the Shadow of Justice Katrina Forrester, 2021-03-09 In the Shadow of Justice tells the story of how liberal political philosophy was transformed in the second half of the twentieth century under the influence of John Rawls In this first ever history of contemporary liberal theory Katrina Forrester shows how liberal egalitarianism a set of ideas about justice equality obligation and the state became dominant and traces its emergence from the political and ideological context of the postwar United States and Britain In the aftermath of the civil rights movement and the Vietnam War Rawls's A Theory of Justice made a particular kind

of liberalism essential to political philosophy Using archival sources Forrester explores the ascent and legacy of this form of liberalism by examining its origins in midcentury debates among American antistatists and British egalitarians She traces the roots of contemporary theories of justice and inequality civil disobedience just war global and intergenerational justice and population ethics in the 1960s and 70s and beyond In these years political philosophers extended developed and reshaped this liberalism as they responded to challenges and alternatives on the left and right from the New International Economic Order to the rise of the New Right These thinkers remade political philosophy in ways that influenced not only their own trajectory but also that of their critics Recasting the history of late twentieth century political thought and providing novel interpretations and fresh perspectives on major political philosophers In the Shadow of Justice offers a rigorous look at liberalism s ambitions and limits

Religion and Radical Politics Robert Hedborg Craig,1992 This study discusses an array of movements organisations and activists many largely unstudied who sought to aid the poor and oppressed through Christian social action

The Polarizers Sam Rosenfeld,2017-12-28 Rosenfeld s insightful study of the development of political parties since World War II is highly instructive for our current moment Kirkus Reviews Even in this most partisan and dysfunctional of eras we can all agree on one thing Washington is broken Politicians take increasingly inflexible and extreme positions leading to gridlock partisan warfare and the sense that our seats of government are nothing but cesspools of hypocrisy childishness and waste The shocking reality though is that modern polarization was a deliberate project carried out by Democratic and Republican activists In The Polarizers Sam Rosenfeld details why bipartisanship was seen as a problem in the postwar period and how polarization was then cast as the solution Republicans and Democrats feared that they were becoming too similar and that a mushy consensus imperiled their agendas and even American democracy itself Thus began a deliberate move to match ideology with party label with the toxic results we now endure Rosenfeld reveals the specific politicians intellectuals and operatives who worked together to heighten partisan discord showing that our system today is not solely a product of gradual structural shifts but of deliberate actions motivated by specific agendas Rosenfeld reveals that the story of Washington s transformation is both significantly institutional and driven by grassroots influences on both the left and the right The Polarizers brilliantly challenges and overturns our conventional narrative about partisanship but perhaps most importantly it points us toward a new consensus if we deliberately created today s dysfunctional environment we can deliberately change it A timely and significant contribution to the literature on political sorting and polarization Highly recommended Choice

A Failure of Vision Doug Greene,2022-05-27 Doug Greene takes an in depth and critical look at the life and ideas of Michael Harrington one of America s most important democratic socialists A Failure of Vision discusses one of the most important champions for democratic socialism in the United States Michael Harrington 1928 1989 is widely recognized for writing The Other America a seminal expose of poverty in the United States that inspired the War on Poverty He was also the founder of the Democratic Socialists of America DSA which is currently the largest

socialist organization in the United States Michael Harrington hoped to transform democratic socialism from a marginal view into a major political force in the United States To accomplish this he advocated that socialists act as the left wing of the possible inside of the Democratic Party in order to transform it into one that truly represented the people In the end Realignment proved to be a dead end to advance socialist politics The questions proposed by Michael Harrington continue to be sharply debated by socialists With an engaging style and critical approach to Michael Harrington's shortcomings this book is essential reading to understand contemporary debates on the American left

Leaders from the 1960s David De Leon, 1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies **Leaders from the 1960s** includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person's basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period

Jim Kobak's Kirkus Reviews, 1985

Economy, Difference, Empire Gary Dorrien, 2010-11-02 Sourcing the major traditions of progressive Christian social ethics social gospel liberalism Niebuhrian realism and liberation theology Gary Dorrien argues for the social ethical necessity of social justice politics In carefully reasoned essays he focuses on three subjects the ethics and politics of economic justice racial and gender justice and antimilitarism making a constructive case for economic democracy along with a liberationist understanding of racial and gender justice and an anti imperial form of liberal internationalism In Dorrien's view the three major discourse traditions of progressive Christian social ethics share a fundamental commitment to transform the structures of society in the direction of social justice His reflections on these topics feature innovative analyses of major figures such as Walter Rauschenbusch Reinhold Niebuhr James Burnham Norman Thomas and Michael Harrington and an extensive engagement with contemporary intellectuals such as Rosemary R Ruether Katie Cannon Gregory Baum and Cornel West Dorrien also weaves his personal experiences into his narrative especially his involvement in social justice movements He includes a special chapter on the 2008 presidential campaign and the historic candidacy of Barack Obama

Kirkus Reviews, 1985 Adult books are categorized by genre i e fiction mystery science fiction nonfiction Along with bibliographic information the expected date of publication and the names of literary agents for individual titles are provided Starred reviews serve several functions In the

adult section they mark potential bestsellers major promotions book club selections and just very good books in the children's section they denote books of very high quality The unsigned reviews manage to be discerning and sometimes quite critical

Reconstructing the Common Good Gary J. Dorrien, 2008-05-01 This landmark study in the history and theory of modern Christian socialism examines the work of such major figures as Rauschenbusch Tillich Moltmann Gutierrez and Miguez Bonino Dorrien argues that these theologians provide a singular context for addressing questions of freedom and totalitarianism sacralization and democratization individual autonomy and the common good He focuses on the differing conceptions of the common good that these major theorists have propounded and explicates as well their theological arguments on the relationship between the Kingdom of God and projects of historical praxis With a new Preface addressing the tumultuous events in Eastern Europe *Reconstructing the Common Good* develops and sustains a forceful argument for the continuing relevance of a decentralized pluralistic democratic form of socialism The Publishers Weekly , 1985
