To Know Our Many Selves Dirk Hoerder, 2010 To Know Our Many Selves profiles the history of Canadian studies which began as early as the 1840s with the Study of Canada Indiscussing this comprehensive examination of culture Hoerder highlights its unique interdisciplinary approach which included both sociological and political angles Years later as the study of other ethnicities was added to the cultural story of Canada a solid foundation was formed for the nation's master narrative Against this background To Know Our Many Selves focuses on why Canadian studies can be used as a sound model for the study of other societies in a framework of transcultural societal studies

Re-exploring Canadian Space Jeanette M. L. den Toonder, Bettina van Hoven, 2012 A variety of productions and representations of Canadian identities are the central theme that runs through this book The different contributions explore imagined spaces by considering Canadian music poetry and novels they engage with political space by addressing various ways in which the people of Canada have made claims to different regions in the distant and recent past and they address lived spaces and their actual and symbolic

meanings It is an unusual book as it encompasses the writings by those studying the arts and literature as well as writings by social scientists and it includes both English and French speaking scholars The richness that can be found in this multitude of perspectives and approaches to exploring Canadian space is characteristic of the way in which Canadian Studies is practiced nowadays It is therefore an appropriate volume to celebrate 20 years of Canadian Studies in the Netherlands Archives, Documentation, and Institutions of Social Memory Francis Xavier Blouin, William G. Rosenberg, 2007-08-02 Essays exploring the importance of archives as artifacts of culture *Promoting Canadian Studies Abroad* Stephen Brooks, 2018-06-13 This volume examines the history and current state of Canadian studies in a number of countries and regions across the world including Canada's major trading partners From the mid 1980s until 2012 Canadian studies was seen as an important tool of soft power increasing awareness of Canadian culture institutions and history The abrupt termination in 2012 of the Canadian government's financial support for these activities triggered a debate that is still ongoing about the benefits that may have flowed from this support and whether the decision should be reversed The contributors to this book focus on the process whereby Canadian studies became institutionalized in their respective countries and on the balance between what might be described as Canadian studies for its own sake versus Canadian studies as a deliberate instrument of cultural diplomacy

The Undiscovered Country Ian Angus, 2013 In this sequence of essays Ian Angus engages with themes of identity power and the nation as they emerge in contemporary English Canadian philosophical thought seeking to prepare the groundwork for a critical theory of neoliberal globalization The essays are organized into three parts The opening part offers a nuanced critique of the Hegelian confidence and progressivism that has come to dominate Canadian intellectual life Through an analysis of the work of several prominent Canadian thinkers among them Charles Taylor and C B Macpherson Angus suggests that Hegelian frames of reference are inadequate failing as they do to accommodate the fact of English Canada's continuing indebtedness to empire The second part focuses on national identity and political culture including the role of Canadian studies as a discipline adapting its critical method to Canadian political culture The first two parts culminate in the positive articulation in Part 3 of author's own conception one that is at once more utopian and more tragic than that of the first two parts Here Angus develops the concept of locative thought the thinking of a people who have undergone dispossession of a people seeking its place and therefore of a people that has not yet found its place *Taking Stock* David Cameron, Association for Canadian Studies, 1996 Encyclopedia of Archival Writers, 1515 - 2015 Luciana Duranti, Patricia C.
