O'Leary, Jeffrey O'Leary, 2001 From the battlegrounds of the Revolutionary War to Desert Storm Christians in uniform tell how God touched their lives in special ways Colonel O Leary has gathered together some of the most powerful stories of courage on and off the battle field accounts that reveal true grace under fire But such grace is not merely a matter of personal strength It s a matter of Divine intervention and it s a matter of faith and Tracks the many instances of God s intervention in the lives of military men and women across the decades and Includes A Personal Note From the Author Here s what others are saying I couldn t put it down More power is packed into this book than vertical flight with afterburners Jeff masterfully weaves together incredible examples of patriots giving their all for their Lord You don t want to miss this treasure Bob Kay Lieutenant Colonel USAF F 117A Stealth Fighter Pilot From Valley Forge to Desert Storm these stories of faith and patriotism are certain to lift your soul and strengthen your own faith Clebe McClary Lieutenant U S Marine Corps Vietnam Veteran What an inspiring collection of experiences from the lives those who have gone in harm s way for the sake of their country Stuart A Herrington Colonel ret U S Army Author of Traitors Among Us and Stalking the Vietcong Inside Operation Phoenix This book is certain to be an inspiration to all service members and their families as they seek to serve God and country James H Mukoyama Jr Major General ret U S Army Reserve **Acts of Supremacy** Walter Francis Fitzpatrick III, 2023-10-10 In Acts of Supremacy Walter Francis Fitzpatrick III delivers a searing expos of America s military justice system through the lens of his own harrowing experience As a decorated Naval officer whose career was derailed by what he describes as a rigged court martial Fitzpatrick meticulously documents how military tribunals operate outside constitutional boundaries creating a shadow justice system where commanders wield extraordinary power over the accused Fitzpatrick unravels the historical roots of military discipline from Roman and British traditions to modern practice revealing how the Uniform Code of Military Justice allows for prosecutorial overreach command influence and denial of due process rights that would be unthinkable in civilian courts With painstaking detail he reconstructs his own case alongside the infamous court martial of USS Indianapolis Captain Charles McVay demonstrating disturbing parallels of command vindictiveness and scapegoating spanning decades This unflinching account exposes how military justice can become a

weapon wielded by commanders against subordinates raising urgent questions about constitutional protections for those who swear to defend those very rights Fitzpatrick's narrative combines personal memoir legal analysis and historical research to challenge readers to consider reform of a system that impacts thousands of service members A crucial read for military personnel legal professionals and anyone concerned with justice and accountability in American institutions If you enjoyed *Military Justice is to Justice as Military Music is to Music* Court Martial How Military Justice Has Shaped America and *Dereliction of Duty* you'll love *Acts of Supremacy* *The Faith Club* Ranya Idliby, Suzanne Oliver, Priscilla Warner, 2007-06-05 Three women of different religious backgrounds share details about conversations they have had concerning what divides and unites people of Christian Jewish and Muslim faiths **Sword of the Spirit, Shield of Faith** Andrew Preston, 2012-02-28 A richly detailed profoundly engrossing story of how religion has influenced American foreign relations told through the stories of the men and women from presidents to preachers who have plotted the country's course in the world Ever since John Winthrop argued that the Puritans' new home would be a city upon a hill Americans' role in the world has been shaped by their belief that God has something special in mind for them But this is a story that historians have mostly ignored Now in the first authoritative work on the subject Andrew Preston explores the major strains of religious fervor liberal and conservative pacifist and militant internationalist and isolationist that framed American thinking on international issues from the earliest colonial wars to the twenty-first century He arrives at some startling conclusions among them Abraham Lincoln's use of religion in the Civil War became the model for subsequent wars of humanitarian intervention nineteenth-century Protestant missionaries made up the first NGO to advance a global human rights agenda religious liberty was the centerpiece of Franklin Roosevelt's strategy to bring the United States into World War II From George Washington to George W. Bush from the Puritans to the present from the colonial wars to the Cold War religion has been one of America's most powerful sources of ideas about the wider world When just days after 9/11 George W. Bush described America as a prayerful nation a nation that prays to an almighty God for protection and for peace or when Barack Obama spoke of balancing the just war and the imperatives of a just peace in his Nobel Peace Prize acceptance speech they were echoing four hundred years of religious rhetoric Preston traces this echo back to its source **Sword of the Spirit, Shield of Faith** is an unprecedented achievement no one has yet attempted such a bold synthesis of American history It is also a remarkable work of balance and fair-mindedness about one of the most fraught subjects in America **The History, Civil, Political and Military, of the Southern Rebellion** Orville James Victor, 1861 [The Generals](#) Thomas E. Ricks, 2013-10-29 A New York Times bestseller An epic history of the decline of American military leadership from the bestselling author of *Fiasco* and *Churchill and Orwell* While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In *The Generals* Thomas E. Ricks sets out to explain why that is In chronicling the widening gulf between performance and

accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails Military Review ,1993 **The History of the Christian Religion and Church** August Neander,1853 Quarterly Review of Military Literature ,1960 **The Examiner** ,1853 *The History of the Christian Religion and Church During the First Three Centuries* August Neander,1843 Military Operations: Maps and appendices Cecil Faber Aspinall-Oglander,1929 **Fear and Faith in Paradise** Phil Karber,2012-06-18 From life along the Tigris River in the 1970s to the ongoing Arab Spring uprisings Phil Karber has witnessed decades of change throughout the Middle East Fear and Faith in Paradise draws on his wealth of experience to sketch a timely and compelling portrait of the region throughout history Going beyond the endless images of terrorism and war he challenges pervasive stereotypes of Muslims and delves into the living history and cultures of Arabs Turks Kurds Persians Jews Tunisians Moroccans Armenians and others Seamlessly moving between past and present Karber skillfully develops two overarching themes How America s footprint can be shifted from a military to a humanitarian emphasis and how fear is used as a cudgel by today s monotheistic leaders to sacrifice the faithful Whether Christian Muslim or Jewish they all invoke their own vision of paradise often as incentive in hopeless conflicts that seem doomed to be repeated Karber s down to earth writing vividly conveys the region s charm and beauty against a backdrop of power struggles among competing faiths nationalisms and outside forces
