Kewer,2000 An annotated edition of nineteenth century American author Edgar Allan Poe s tales from 1843 49 that collates all the known texts authorized by Poe and contains more than forty works including the famous Tell tale Heart The Black Cat and The Cask of Amontillado edited by Poe scholar Thomas Ollive Mabbott *The North American Indian. Volume 5 - The Mandan. The Arikara. The Atsina. ~ Paperbound* , **The Tall Tale in American Folklore and Literature** Carolyn Schmidt Brown,1987 To Carolyn Brown s mind the tall tale is not necessarily an account of the adventures of a larger than life hero nor is it just a humorous first person narrative exaggerated to outlandish proportions The tall tale is also a social statement that identifies and binds a folk group by flaunting the peculiar knowledge and experiences of group members and it is a tool for coping with a stressful or even chaotic world for conquering life s problems by laughing at them Drawing on previous research and her own original fieldwork the author develops in detail this definition of the tall tale as a genre of folklore and she then explores how tall tale methods and meaning have been translated into literary humor She probes the ways that writers have used this genre to create a complex theoretical relationship among text author narrator and reader Finally Brown alludes to the echoes of all tale attitudes and style still found in modern written humor From publisher s description **Shake-it-up Tales!** Margaret Read MacDonald,2000 Includes twenty folktales that encourage audience participation **Tales of the Elk** H. dozens of storytellers around the country Sobol paints the revival as part of a larger process of cultural revitalization He traces the growth of the preeminent revival organization the National Association for the Preservation and Perpetuation of Storytelling NAPPS and details the individual passions the organizational politics and the economic social and mythic forces that have combined to transform a ragtag assemblage of enthusiasts into a national and international network of arts professionals A seemingly chance encounter between a restlessly ambitious high school teacher and a coonhunting tale on the car radio sets off a chain of inspirations that changes the face of a small southern town touches lives across America and revitalizes a homely but treasured art form
