1977-1987 Nick Goodman, Jo Bunsell, 2018-03-24 The TV series that was never made and that you've never heard of celebrates its 40th year with an exhaustive retrospective guide Growing from a child's game the bizarrely titled The Magnet Editor ran for ten years and a breathtaking 47 series In bringing the series to life Nick Goodman drew from 70s pop culture including Doctor Who and The New Avengers and shared it only with his bewildered mother and childhood friends Jo Bunsell was one such friend and soon the pair would be transported into a shared universe of preposterous and badly designed monsters and non stop adventure with their extraordinary and strangely named hero Cabin Release Goodman and Bunsell open up their archive of materials and memories and take you on a roller coaster ride into their world Magnet Memories is an episode guide a frank critical incredulous and nostalgic reflection a snapshot of childhood in the 70s and 80s and it's possibly the most wonderfully bonkers cult TV book ever published **Folktales of the Jews, Volume 1** Dov Noy, Dan

Ben-Amos, Ellen Frankel, 2006-09-03 *Tales from the Sephardic Dispersion* begins the most important collection of Jewish folktales ever published. It is the first volume in the five-volume series to be released over the next several years in the tradition of Louis Ginzberg's classic *Legends of the Jews*. The 71 tales here and the others in this series have been selected from the Israel Folktale Archives, Named in Honor of Dov Noy. The University of Haifa IFA, a treasure house of Jewish lore that has remained largely unavailable to the entire world until now. Since the creation of the State of Israel, the IFA has collected more than 20,000 tales from newly arrived immigrants' long lost stories shared by their families from around the world. The tales come from the major ethno-linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs, especially rich in Jewish content and context. Each of the tales is accompanied by in-depth commentary that explains the tale's cultural, historical, and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes. There is also an introduction that describes the Sephardic culture and its folk narrative tradition, a world map of the areas covered, illustrations, biographies of the collectors and narrators, tale type and motif indexes, a subject index, and a comprehensive bibliography. Until the establishment of the IFA, we had had only limited access to the wide range of Jewish folk narratives. Even in Israel, the gathering place of the most wide-ranging cross-section of world Jewry, these folktales have remained largely unknown. Many of the communities no longer exist as cohesive societies in their representative lands; the Holocaust, migration, and changes in living styles have made the continuation of these tales impossible. This volume and the others to come will be monuments to a rich but vanishing oral tradition.

Supino traces in unprecedented detail the lineaments of Joseph Conrad's authorial career and the fortunes and misfortunes of his publishers on both sides of the Atlantic. This work is a model of the integrative scholarly method, combining close bibliographical scrutiny of particular textual artifacts with archival recovery of book historical information in as much detail as the surviving documents allow. Medusa's Mirrors Julia M. Walker, 1998 The question of selfhood in Renaissance texts constitutes a scholarly and critical debate of almost unmanageable proportions The author of this work begins by questioning the strategies with which male writers depict powerful women Although Spenser's Britomart Shakespeare's Cleopatra and Milton's Eve figure selfhood very differently and to very different ends they do have two significant elements in common mirrors and transformations that diminish the power of the female self

Mirror Reflection History Kaia Stonebrook, AI, 2025-02-27 Mirror Reflection History explores the fascinating story of mirrors from ancient reflective surfaces to modern glass creations revealing their profound impact on culture and self-perception The book journeys through the science behind increasingly clear reflections the diverse roles mirrors have played across cultures and the philosophical implications of seeing ourselves reflected back It's intriguing to learn how early civilizations meticulously polished volcanic glass to create mirrors while European glassmakers guarded their mirror-making techniques as national secrets The book emphasizes that the history of mirrors reflects humanity's evolving self-awareness As mirrors became more accessible they fostered new forms of self-scrutiny and artistic expression altering how humans interacted with their image and by extension the world The book begins by introducing the physics of reflection and early mirror examples then explores their cultural significance in ancient civilizations and finally examines the scientific breakthroughs that led to modern glass mirrors and their psychological impact

Secret Sharers: Melville, Conrad and Narratives of the Real Paweł Jędrzejko, Milton M. Reigelman, Zuzanna Szatanik, 2011-01-01 The present book explores a variety of fundamental questions that all of us secretly share Its twenty-one chapters written by some of the world's leading Melville and Conrad scholars indicate possible directions of comparativist insight into the continuity and transformations of western existentialist thought between the 19th and 20th centuries The existential philosophy of participation so mistrustful of analytical categories is epitomized by the lives and oeuvres of Melville and Conrad Born in the immediacy of experience this philosophy finds its expression in uncertain tropes and faith-based actions rather than muffle the horror vacui with words it plunges head first into liminality where logos dissolves into a positive nothing Unlike analytical philosophers both Melville and Conrad refrain from talking about reality they expose those who would listen to a first-hand experience of participation in an interpretive act Employing literary tropes to denude the essence of the human condition they allow their readers to transgress the limitations of language Mistrustful of language they accept the necessity of discourse which to make sense must be actively reshaped endlessly questioned and constantly

revised And if uncertainty is the only certainty available to us our lowly human condition also necessitates compassion an
existential cure against the liquid capricious reality we are afforded
