the fantastic voyage south understood as the register of an ambivalent desire for art and a heightened experience of reality Siegel argues that Italy s allure derives not only from its celebrated promise of unique natural beauty and prized antiquities but from the opportunity it offers writers to place themselves in relation to a web of prior accounts of travel to the native land of genius Beginning with Goethe as the founding figure of the tradition Haunted Museum moves from a rich reframing of literature from the first half of the nineteenth century including new readings of works by Byron de Stal Barrett Browning and others to an ambitious examination of Henry James s well known engagement with Europe newly understood as a response to this important literary legacy Readings of works by Freud Forster Mann and Proust demonstrate the longevity of the tradition of looking to Italy for the representation of desires as impossible to satisfy as they are to deny Henry James, 2024-03-28 The Cambridge Edition of the Complete Fiction of Henry James provides for the first time a scholarly edition of a major writer whose work continues to be read quoted adapted and studied James wrote the eighteen Prefaces included in this volume to accompany the revised selective New York Edition of his novels and tales 1907 9 They are unique and various writings at once a digest of James's critical principles an unsystematic treatise on fiction theory an account of his rereading and revision of his own work an oblique autobiography of the writing life and a public performance of authorial identity This is the first scholarly edition of the Prefaces and includes a detailed contextual introduction a full textual history and extensive explanatory notes It will be of value to researchers scholars and advanced students of Henry James and of 19th and 20th century British and American literature and book history A Distant Drummer Jamal Assadi, William Freedman, 2007 A Distant Drummer attends more to F Scott Fitzgerald's aesthetic merits ideas style techniques context of his works and less to biographical details which critics believe are intricately interwoven within his works In striving to respond to Fitzgerald's artistry away from the impulse of the author's personal experience it is in a very strange paradox more attuned and in consequence closer to Fitzgerald who wanted his fiction to be objectively judged and free of the stigma which besmirches his reputation The Invisible Masterpiece Hans Belting, 2001-09 The invisible masterpiece then is an unattainable ideal an ideal that has both bewitched and bewildered artists The Invisible Masterpiece is an unusual reconstruction of the history of the work of art since 1800 in which Hans Belting explores and explains the dreams and fears the triumphs and failures of modernity s painters and sculptors BOOK JACKET The New American Studies John Carlos Rowe, 2002 A clarion call for a more theoretically and politically informed approach to American Studies John Carlos Rowe a leading American Studies scholar has examined his field of study and declared it not ready for the twenty first century In The New American Studies Rowe demands a reinvention of the discipline that includes a commitment to making it more theoretically informed and he draws on the work of cultural critics postmodernist theorists and scholars in ethnic gender gay and media studies Rowe asserts that with American Studies's strong history of social criticism and practical pedagogy it is an easy leap to the type of progressive commitments characteristic of these areas of scholarship The

New American Studies is a compelling combination of theory and application synthesis and polemic Rowe traces the evolution of American Studies over the last quarter century and looks to the future placing the field in a postnationalist context that encompasses all of the Americas and the disparate cultural zones within He then demonstrates the kind of literary and cultural interpretation he calls for examining subjects ranging from Hawthorne's and James's responses to nineteenth century sexual mores to the ways television legitimated itself in its first few decades to the Eli n Gonz lez custody Collecting and Appreciating Simone Francescato, 2010 The traditional borders between the arts have been eroded to reveal new connections and create new links between art forms Cultural Interactions is intended to provide a forum for this activity It will publish monographs edited collections and volumes of primary material on points of crossover such as those between literature and the visual arts or photography and fiction music and theatre sculpture and historiography Writing Life Mhairi Pooler, 2015 A study of the artist autobiography in the period between Victorianism and Modernism Creative Writing and Art History Catherine Grant, Patricia Rubin, 2012-03-19 Creative Writing and Art History considers the ways in which the writing of art history intersects with creative writing Essays range from the analysis of historical examples of art historical writing that have a creative element to examinations of contemporary modes of creative writing about art Considers the ways in which the writing of art history intersects with creative writing Covers a diverse subject matter from late Neolithic stone circles to the writing of a sentence by Flaubert The collection both contains essays that survey the topic as well as more specialist articles Brings together specialist contributors from both sides of the Atlantic Complete Stories Vol. 1 1864-1874 (LOA #111) Henry James, 1999-08-30 A dignified and impressive addition to your bookshelf that reveals James s virtuoso performance in a genre he helped to define refine and elevate The Commercial Appeal This Library of America volume the first of five of Henry James's short fiction brings together his first twenty four published stories thirteen never collected by James Encompassing a wide range of subjects settings and formal techniques they show the first explorations of some of James s most significant themes the force of social convention and the compromises it demands the complex and often ambiguous encounter between Europe and America the energies of passion measured against the rigors of artistic discipline By his mid twenties James was a regular contributor to the most prestigious and popular magazines of his era He is equally at ease writing historical tales such as Gabrielle de Bergerac a love story set in pre Revolutionary France as he is exploring contemporary events as in the three stories that treat the effects of the American Civil War on civilians James s psychological acuity is already evident in Master Eustace a study of the ruthlessness of a spoiled child and in Guest's Confession where the comic portrayal of an arrogant businessman hints at his cruelty and self absorption In The Romance of Certain Old Clothes and The Last of the Valerii James begins to work with the supernatural and fantastic motifs that would continue to surface in his work Early examples of James s lifelong fascination with art and artists include A Landscape Painter about a young painter's attraction to a seemingly simple family living in a

desolate coastal town and The Madonna of the Future where an aging artist avoids the unveiling of his masterpiece Adumbrating later triumphs and compelling in their own right these stories reveal and accomplished and cosmopolitan young talent mastering the art of the short story LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper **Pound in Multiple Perspective** Andrew Gibson, 1993-06-18 The book consists of seven essays that will last for centuries exploring the relationship between Pound and Browning Yeats Ford Lewis Joyce Eliot and American epic tradition Each essay reconsiders and reassesses one aspect of the poet his work and his literary connections in the light of fresh insight and new The Book of the Short Story Alexander Jessup, Henry Seidel Canby, Robeson Bailey, 1903 research **Aestheticism in the Early Works of Henry James** Tomoko Eguchi, 2016-05-11 This study re locates the work of Henry James by revealing parallels between the aestheticism of John Ruskin and that of James It explores a mix of well known fictional texts alongside James s essays and tales which are less frequently analysed but which nevertheless offer important insights into James s attitude to his artistic method Tracing James s early development in comparison with Ruskin s this book also explores German Romantic thought and the idealism of Kant Goethe and Hegel While examining the German connections with James this study is also alert to James s relations with Walter Pater and French realism to which James became increasingly close in the mid 1880s Rather than placing James within one single category it demonstrates how James interfused Romanticism and realism in establishing his own form of aestheticism Shedding light on James s period of apprenticeship this book therefore articulates the Victorian concept of aestheticism as used by James and Ruskin Henry **James** Judith E.
