Hale, 2018-02-22 Excerpt from *Stories of Invention Told by Inventors and Their Friends* The reader may or may not have seen these books so much the worse for him if he have not but that omis sion of his may be easily repaired There are four of them stories OF war told by Soldiers stories OF the sea told by Sailors stories OF adventure told by Ad venturers stories OF discovery told by Discoverers Since the regular meetings began of which these books are the history the circle of visitors has changed more or less as most circles will in five years Some of those who met are now in another world Some of the boys have grown to be so much like men that they are subw duing the world as Uncle Fritz would say in their several places and that they write home from other latitudes and longitudes of the Discoveries and Adventures in which they have themselves been leaders But younger sisters and brothers take the places of older brothers and sisters The club for it really is one is popular Lady Oliver s house is large

Bottigheimer,2012-02-23 2012 CHOICE Outstanding Academic Title Most early fairy tale authors had a lot to say about what they wrote Charles Perrault explained his sources and recounted friends reactions His niece Marie Jeanne Lh ritier and her friend Marie Catherine d Aulnoy used dedications and commentaries to situate their tales socially and culturally while the raffish Henriette Julie de Murat accused them all of taking their plots from the Italian writer Giovan Francesco Straparola and admitted to borrowing from the Italians herself These reflections shed a bright light on both the tales and on their composition but in every case they were removed soon after their first publication Remaining largely unknown their absence created empty space that later readers filled with their own views about the conditions of production and reception of the tales What their authors had to say about Puss in Boots Cinderella Sleeping Beauty and Rapunzel among many other fairy tales is collected here for the first time newly translated and accompanied by rich annotations Also included are revealing commentaries from the authors literary contemporaries As a whole these forewords afterwords and critical words directly address issues that inform the contemporary study of European fairy tales

including traditional folkloristic concerns about fairy tale origins and performance as well as questions of literary aesthetics and historical context

Shifting Stories Sarah M. Allen, 2020-10-26 *Shifting Stories* explores the tale literature of eighth and ninth century China to show how the written tales we have today grew out of a fluid culture of hearsay that circulated within elite society Sarah M Allen focuses on two main types of tales those based in gossip about recognizable public figures and those developed out of lore concerning the occult She demonstrates how writers borrowed and adapted stories and plots already in circulation and how they transformed them in some instances into unique and artfully wrought tales For most readers of that era tales remained open texts subject to revision by many hands over the course of transmission unconstrained by considerations of textual integrity or authorship Only in the mid to late ninth century did some readers and editors come to see the particular wording and authorship of a tale as important a shift that ultimately led to the formation of the Tang tale canon as it is envisioned today

The Decameron and the Canterbury Tales Leonard Michael Koff, Brenda Deen Schildgen, 2000 That resistance informed by a model of literary influence grounded on the idea of interruption would keep the *Canterbury Tales* away from the *Decameron* though not the rest of Chaucer from other works by Boccaccio In the end of course that resistance tells us more about Chaucer's reception since the fifteenth century than about Chaucer himself or his sources
