Tales Of Terror Television News And The Construction Of The Terrorist Threat:

Tales of Terror Bethami A. Dobkin, 1992-04-20 Discusses the coverage of terrorists and terrorism on television news and how the images and stories presented by the media influence public perception foreign policy and political debate Tales of Terror Bethami A. Dobkin, 1992-04-20 Conventional research suggests that news coverage of terrorism is a tool of the terrorist to gain public support and recognition Based on an analysis of more than 200 evening newscasts aired during the first six years of the Reagan administration *Tales of Terror* offers a detailed account of the ways in which news media escalate public panic about terrorism and encourage support for specific U S policy objectives rather than build sympathy for terrorists Bethami Dobkin explores similarities between news media and government portrayals of terrorism combining textual criticism with an interpretation of official U S policy statements and argues that government depictions and news presentations of terrorism reproduce an ideology that supports military strength and intervention Dobkin examines several specific features of news coverage the dramatic format of television news and the political interests that this format serves the narrative construction of enemies by television journalists and public officials and the political significance of the terrorist label the use and significance of testimony particularly that of people affected by crisis the mutual exploitation of political crisis by both television news producers and public officials the function of journalism in shaping the conduct of public diplomacy and public perceptions of foreign conflict and the creation of consensus about the need for military responses to political violence This revealing study will be of particular interest to scholars of communications and political science , The Depiction of Terrorists in Blockbuster Hollywood Films, 1980-2001 Helena Vanhala, 2014-01-10 This book examines how American foreign policy and the commercial film industry s economic interests influenced the portrayal of international terrorism in Hollywood blockbuster films from the time of the Iran hostage crisis to the 9 11 terrorist attacks Part I provides a historical overview of modern international terrorism and how it relates to the United States its news media and its film industry Part II covers depictions of terrorism during the Cold War under President Reagan including films like *Commando* and *Iron Eagle* Part III covers the Hollywood terrorist after the Cold War including European terrorists in the *Die Hard* franchise *Passenger 57* *Patriot Games* *Blown Away* *The Jackal* and *Ronin* fundamentalist Islamic terrorists in *True Lies* and *Executive Decision* the return of the communist threat in *Air Force One* and 9 11 foreshadowing in *The Siege*

Risk and Health Communication in an Evolving Media Environment H. Dan O'Hair, 2018-01-12 Broadcast media has a particular fascination with stories that involve risk and health crisis events disease outbreaks terrorist acts and natural disasters contexts where risk and health communication play a critical role An evolving media landscape introduces both challenges and opportunities for using communication to manage extreme events and hazardous contexts Risk and Health Communication in an Evolving Media Environment addresses issues of risk and health communication with a collection of chapters that reflect state of the art discussion by top scholars in the field The authors in this volume develop unique and insightful perspectives by employing the best available research on topics such as brand awareness in healthcare communication occupational safety climate change communication local broadcasts of weather emergencies terrorism and the Ebola outbreak among many other areas It features analysis of new and traditional media that connects disasters crises risks and public policy issues into a coherent fabric This book bridges a substantial but sometimes disconnected body of literature and by doing so asks how contexts related to risk and health communication are best approached how researchers balance scientific findings with cultural issues and how scholars study an increasingly media savvy society with traditional research methods

Reimagining the Promised Land Rodney Wallis, 2020-09-17 While Israel has seemingly been a minor presence in Hollywood cinema Reimagining the Promised Land argues that there is a long history of Hollywood deploying images of Israel as a means of articulating an idealized notion of American national identity This argument is developed through readings of The Ten Commandments Cecil B DeMille 1956 Ben Hur A Tale of the Christ William Wyler 1959 Exodus Otto Preminger 1960 Cast a Giant Shadow Melville Shavelson 1966 Black Sunday John Frankenheimer 1977 The Delta Force

Menahem Golan 1986 and Munich Steven Spielberg 2005 The mobilization of Israel that pervades this eclectic group of films effectively demonstrates one of the more surreptitious ways in which Hollywood has historically constructed and circulated dominant notions of American national identity Moreover in examining the most notable Hollywood representations of the Jewish state the book offers an informed historical overview of the cultural forces that have contributed to popular understandings within the United States of the state of Israel Israel s Arab neighbours and also the Arab Israeli conflict

In the Name of Terrorism Carol K. Winkler, 2012-02-16 Winner of the 2008 Outstanding Book Award presented by the Political Communication Division of the National Communication Association The topic of terrorism has evolved into an ideological marker of American culture one that has fundamentally altered the relationship between the three branches of government between the government and the people and between America and countries abroad In the Name of Terrorism describes and analyzes the public communication strategies presidents have deployed to discuss terrorism since the end of World War II Drawing upon internal administration documents memoirs and public papers Carol K Winkler uncovers how presidents have capitalized on public perceptions of the terrorist threat misrepresented actual terrorist events and used the term terrorism to influence electoral outcomes both at home and abroad Perhaps more importantly she explains their motivations for doing so and critically discusses the moral and political implications of the present range of narratives used to present terrorism to the public

Muffled Echoes Amy Fried, 1997 Ten years ago the Iran Contra affair swept the headlines as the nation watched an indignant Lt Col Oliver North testify before a congressional committee Although polls showed that most Americans were critical of North s actions and ambivalent toward the man himself media coverage left the opposite impression with its broadcasts of Ollie for president rallies and stories of congressional aides overwhelmed by a torrent of pro North mail In this book public opinion is more than the sum of a pollster s tally instead Amy Fried defines it as a political tool integral to the political process where vested interests compete to legitimize their interpretation of the public voice Fried explores the construction interpretation and uses of public opinion raising important questions about the media and the role of special interest groups in determining policy

Targeted Transnationals Jenna Hennebry, Bessma Momani, 2013-04-01 Following 9 11 the securitization of state practices and policies has chipped away at the citizenship and personal rights of all Canadians particularly those of Arab descent This book argues that in a securitized global context and through racialized immigration and security policies Arab Canadians have become targeted transnationals Media representations have further legitimized their homogenization and racialization The contributors to this book examine state practices towards and media representations of Arab Canadians They also present voices that counter the dominant discourse and trace forms of community resistance to the racialization of Arab Canadians

Witnesses To War Fay Anderson, Richard Trembath, 2011-04-01 Witnesses to War is a landmark history of Australian war journalism covering the regional conflicts of the nineteenth century to the major conflicts of the twentieth World War I World War II Vietnam and

Bosnia through to recent and ongoing wars in Iraq and Afghanistan Fay Anderson and Richard Trembath look at how journalists reported the horrors and politics of war the rise of the celebrity journalist issues of censorship and the ethics of embedding Interviews with over 40 leading journalists and photographers reveal the challenges of covering wars and the impact of the violence they witness the fear and exhilaration the regrets and successes the private costs and personal dangers Witnesses to War examines issues with continued and contemporary relevance including the genesis of the Anzac ideal and its continued use the representation of enemy and race and how technology has changed the nature of conflict reporting The Media at War Susan Carruthers, 2011-02-15 News media movies blogs and video games issue constant invitations to picture war experience the thrill of combat and revisit battles past War it s often said sells But what does it take to sell a war and to what extent can news media be viewed as disinterested reporters of truth Lively and highly readable this book explores how wars have been reported interpreted and perpetuated from the dawn of the media age to the present digital era Spanning a broad geographical and historical canvas Susan L Carruthers provides a compelling analysis of the forces that shape the production of news and images of war from state censorship to more subtle forms of military manipulation and popular pressure This fully revised second edition has been updated to cover modern day conflict in the post 9 11 epoch including the wars in Iraq and Afghanistan Rich in historical detail The Media at War also provides sharp insights into contemporary experience prompting critical reflection on western society s paradoxical attitudes towards war

Handbook of Risk and Crisis Communication Robert L. Heath, H. Dan O'Hair, 2020-10-28 The Handbook of Risk and Crisis Communication explores the scope and purpose of risk and its counterpart crisis to facilitate the understanding of these issues from conceptual and strategic perspectives Recognizing that risk is a central feature of our daily lives found in relationships organizations governments the environment and a wide variety of interactions contributors to this volume explore such questions as What is likely to happen to whom and with what consequences To what extent can science and vigilance prevent or mitigate negative outcomes and What obligation do some segments of local national and global populations have to help other segments manage risks shedding light on the issues in the quest for definitive answers The Handbook offers a broad approach to the study of risk and crisis as joint concerns Chapters explore the reach of crisis and risk communication define and examine key constructs and parse the contexts of these vital areas As a whole the volume presents a comprehensive array of studies that highlight the standard principles and theories on both topics serving as the largest effort to date focused on engaging risk communication discussions in a comprehensive manner Now available in paperback the Handbook of Risk and Crisis Communication can be readily used in graduate coursework and individual research programs With perspectives from psychology sociology anthropology political science economics and communication the Handbook provides vital insights for all disciplines studying risk and is required reading for scholars and researchers investigating risk and crisis in various contexts **Journalism Research that Matters** Valérie

Bélair-Gagnon, Nikki Usher, 2021 It is now well established that the long time economic model on which the news industry has relied is no longer sustainable Facebook Google and declining levels of popular trust in the media have been major contributors to this situation Simultaneously the closure of local media outlets across the country has left many areas without access to regional news compounded the distance between media and publics and further eroded civic engagement Despite the looming crisis in journalism a research practice gap plagues the news industry This book argues that an underappreciated factor in the news crisis is a potentially symbiotic relationship between journalism studies and the industry that it researches As this book contends scholars must think about their work in a public context and journalists too need to listen to media scholars and take the research that they do seriously Including contributions from journalists and academics Journalism Research That Matters offers journalists a guide on what they need to know and journalism scholars a call to action for what kind of research they can do to best help the news industry reckon with disruption The book looks at new research developments surrounding audience behavior social networks and journalism business models the challenges that scholars face in making their research available to the public and to journalists the financial survival of quality news and information and blind spots in the way that researchers and journalists do their work especially around race diversity and inequality A final section includes contributions from journalists about how researchers can better engage on the ground with newsrooms and media professionals

Terrorism and the Press Brooke Barnett, Amy Reynolds, 2009 Many books have been written about the press and terrorism particularly since September 11th but this is the first press focused exploration of their relationship Drawing upon the history of terrorism mass communication research media theory and journalism practice this book examines how the press reports terrorism and how that reporting varies depending on the medium and location Examining the differences in reporting globally and historically within different media and government systems Terrorism and the Press provides insights for how in the future we can better navigate the relationship between the press government and audience when terrorists attack

The Theory and Practice of Political Communication Research Mary E. Stuckey, 1996-03-21 Focusing on theoretical and methodological insight this book brings together scholars from a variety of fields whose research is guided by diverse analytical approaches Instead of focusing on what divides scholars the authors explore areas of intellectual community building a more systematic and rigorous understanding of political communication By broadening and deepening understanding of the field this book provides insight into political processes that would otherwise be lacking

Conflict in Moro land: Prospects for Peace? (Penerbit USM) Arndt Graf, Peter Kreuzer, Rainer Werning, 2014-11-25 The civil war in the Islamic Southern Philippines is one of the longest lasting conflicts in Southeast Asia This book dates back to a workshop on that conflict at the Department of Political Science of the University of Gottingen Germany The particular interest in the Moro conflict in Gottingen is due to the fact that a family from that city was among those tourists who were kidnapped in Sipadan Malaysia by the Abu Sayyaf group in spring 2000 and held hostage on

the island of Jolo Sulu for almost half a year Although the geographical and cultural backgrounds of most of the contributors to this volume differ from the parties involved in the conflict the editors hope that this volume offers adequate views theoretical approaches and methodologies which prove helpful in understanding and eventually ameliorating the conditions of the people living in Moro land

The Chosen Body Meira Weiss, 2004-11-15 This book examines how the social and cultural paradigms of contemporary Israel are articulated through the body To construct a panoramic view of how the Israeli body is chosen regulated cared for and ultimately made perfect the author draws upon some twenty years of ethnographic research in Israel in a range of subjects These include premarital and prenatal screening the regulation of the body and its imagery among appearance impaired children and their families the screening and sanctifying of the body as part of the bereavement and commemoration of fallen soldiers and the discourse of the chosen body as it surfaces during terrorist attacks military socialization war and the peace process
