The popular urban legend is retold with brand new twists and turns that will scare you to shreds *Anna and the Tale of the Wolf* A. C. Nicholas,2010-11 You my little Anna have my blood in your veins Nonno said proudly You think like a Del Forno Yes my mother told us stories about the wolves but never to frighten us To us at that time the

wolves were just a fact of life like a storm or people you had never met before and really just didn't understand. With wolves, one needs to learn and having learned, one needs to adapt. It all revolves around Anna. 1965 Anna Del Forno was fifteen when she and her sister visited their grandparents at the farmhouse outside of Binghamton, New York. When a storm forced them to stay longer than expected, her grandfather, a reserved almost reclusive man, began telling them a story, one that he had kept to himself since his youth in the 1920s in Sicily with his sister Gelsamina and the baron D'Arcamo and the wolves. 1980 Fifteen years later, Anna finds herself returning to the now abandoned farmhouse only to discover clues and messages that begin a journey that takes her from Binghamton all the way to Sicily. A journey that all along she was intended to make. Some called it a legacy, others a curse. Gelsamina, the young woman in the portrait, can only offer so many clues. The rest, Anna must discover by herself. And yet, Gelsamina is always there, sharing a meal, sharing what she knows, sharing the legacy. And when she hears the wolves howling, *l'anelito*, the longing, Anna understands what she must do. There comes a point in time when, wanted or not, one's family gives them things. There also comes a time when one must accept them.
