Twelve short stories by Arthur Conan Doyle are collected in *Tales of Terror and Mystery* a book that John Murray initially released in 1922. The book is split into two sections: *Tales of Terror* which contains horror stories and *Tales of Mystery* which contains tales about mysterious plots. This book includes some of Conan Doyle's masterworks that have been unfairly overlooked. Each starts out simply factual which makes the crescendo of anxiety and confusion that follows as each new situation is disclosed all the more powerful. Conan Doyle demonstrates that his stories are unmatched for thrills and excitement even without his eminently logical creation Sherlock Holmes. This anthology of tales is what persuaded me of Sir Arthur Conan Doyle's extraordinary narrative talent. Compared to *Tales of the Ring* and *The Camp or Tales of Pirates and Blue Water* Arthur Conan Doyle is more secure with *Tales of Terror and Mystery*. Conan Doyle is most known for his mysteries but as his Sherlock Holmes tales frequently show he also had a keen taste for the macabre and gory. **Tales of Terror and Mystery Illustrated** Sir Arthur Conan Doyle, 2020-10-17

Though Sir Arthur Conan Doyle is best known for his detective stories he also wrote other short stories which are masterpieces of mystery and suspense. In some of the stories in *Tales of Terror and Mystery* a suppressed uneasiness gradually builds up and evolves into sheer terror. In others the story line unexpectedly changes and comes to a horrific conclusion. Sit back in the comfort of your armchair and let yourself be transported to the strange but compelling world created by Sir Arthur Conan Doyle. *Tales of Terror and Mystery* Arthur Conan Doyle, 2010-08-05

Though Sir Arthur Conan Doyle is best known for his detective stories he also wrote other short stories which are masterpieces of mystery and suspense. In some of the stories in *Tales of Terror and Mystery* a suppressed uneasiness gradually builds up and evolves into sheer terror. In others the story line unexpectedly changes and comes to a horrific conclusion. A Review from Amazon of just one of the stories *The New Catacomb* 4 stars. The good feature about this story is that it gives a twist of plot at the end. It starts with 2 archeologists in Rome chatting about a catacomb discovered by one of them. In order for the latter to tell the former about the location of the catacomb he wanted to know about some private secret. In the catacomb a strange and interesting twist of plot takes place and the story ends in the best manner a writer can bring to end. Do not take me wrong I figured this twist from the second page of the story and I hope you do not so that you can enjoy the ending. **Tales of Terror and Mystery** Arthur Conan Doyle, Sir, 2016-12-10

Why buy our paperbacks Standard Font size of 10 for all books

High Quality Paper Fulfilled by Amazon Expedited shipping 30 Days Money Back Guarantee BEWARE of Low quality sellers Don't buy cheap paperbacks just to save a few dollars Most of them use low quality papers binding Their pages fall off easily Some of them even use very small font size of 6 or less to increase their profit margin It makes their books completely unreadable How is this book unique Unabridged 100% Original content Font adjustments biography included Illustrated About Tales of Terror and Mystery by Sir Arthur Conan Doyle The tales of terror and mystery is an extraordinary narrative which has been called the Joyce Armstrong Fragment is an elaborate practical joke evolved by some unknown person cursed by a perverted and sinister sense of humour has now been abandoned by all who have examined the matter The most macabre and imaginative of plotters would hesitate before linking his morbid fancies with the unquestioned and tragic facts which reinforce the statement Though the assertions contained in it are amazing and even monstrous it is none the less forcing itself upon the general intelligence that they are true and that we must readjust our ideas to the new situation This world of ours appears to be separated by a slight and precarious margin of safety from a most singular and unexpected danger I will endeavour in this narrative which reproduces the original document in its necessarily somewhat fragmentary form to lay before the reader the whole of the facts up to date prefacing my statement by saying that if there be any who doubt the narrative of Joyce Armstrong there can be no question at all as to the facts concerning Lieutenant Myrtle who undoubtedly met their end in the manner described
