Restless Dead Sarah Iles Johnston, 2013-08-02 During the archaic and classical periods Greek ideas about the dead evolved in response to changing social and cultural conditions most notably changes associated with the development of the polis such as funerary legislation and changes due to increased contacts with cultures of the ancient Near East In *Restless Dead* Sarah Iles Johnston presents and interprets these changes using them to build a complex picture of the way in which the society of the dead reflected that of the living expressing and defusing its tensions reiterating its values and eventually becoming a source of significant power for those who knew how to control it She draws on both well known sources such as Athenian tragedies and newer texts such as the Derveni Papyrus and a recently published lex sacra from Selinous Topics of focus include the origin of the goetia the ritual practitioner who made interaction with the dead his specialty the threat to the living presented by the ghosts of those who died dishonorably or prematurely the development of Hecate into a mistress of ghosts and its connection to female rites of transition and the complex nature of the Erinyes *Restless Dead* culminates with a new reading of Aeschylus *Oresteia* that emphasizes how Athenian myth and cult manipulated ideas about the dead to serve political and social ends

Folktales of the Jews, Volume 1 Dov Noy, Dan Ben-Amos, Ellen Frankel, 2006-09-03 Tales from the Sephardic Dispersion begins the most important collection of Jewish folktales ever published It is the first volume in Folktales of the Jews the five volume series to be released over the next several years in the tradition of Louis Ginzberg's classic *Legends of the Jews* The 71 tales here and the others in this series have been selected from the Israel Folktale Archives Named in Honor of Dov Noy The University of Haifa IFA a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale's cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the Sephardic

culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This volume and the others to come will be monuments to a rich but vanishing oral tradition
