Talk with the Animals in the Jungle ,2005 A lion an elephant a monkey and a parrot are expecting a treat from the game warden but they have a lot to say about what they like best They can be heard when the child activates the audio button Talking Animals in British Children's Fiction, 1786-1914 Tess Cosslett,2017-03-02 In her reappraisal of canonical works such as *Black Beauty* *Beautiful Joe* *Wind in the Willows* and *Peter Rabbit* Tess Cosslett traces how nineteenth century debates about the human and animal intersected with or left their mark on the venerable genre of the animal story written for children Effortlessly applying a range of critical approaches from Bakhtinian ideas of the carnivalesque to feminist postcolonial and ecocritical theory she raises important questions about the construction of the child reader the qualifications of the implied author and the possibilities of children's literature compared with literature written for adults Perhaps most crucially Cosslett examines how the issues of animal speech and animal subjectivity were managed at a time when the possession of language and consciousness had become a vital sign of the difference between humans and animals Topics of great contemporary concern such as the relation of the human and the natural masculine and feminine child and adult are investigated within their nineteenth century contexts making this an important book for nineteenth century scholars children's literature specialists and historians of science and childhood **Speaking for Animals** Margo DeMello,2013 This text contributes to the growing field of human animal studies by examining the human impulse evidenced in blogs social networking sites video games comic books and animal welfare literature to ventriloquize the animal voice Animals and Society Margo DeMello,2012 This textbook provides a full overview of human animal studies It focuses on the conceptual construction of animals in American culture and the way in which it reinforces and perpetuates hierarchical human relationships rooted in racism sexism and class privilege *The Little Book of Tuff Spot Activities* Ruth Ludlow,2015-06-04 Use one of these simple trays for all sorts of activities from small world play through maths and language to cooking and messy play **Talking Animals** Jan M. Ziolkowski,2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **Kipling's Children's Literature** Sue Walsh,2016-04-22 Despite Kipling's popularity as an author and his standing as a politically controversial figure much of his work has remained relatively unexamined due to its characterization as children's literature Sue Walsh challenges the apparently clear division between children's and adult literature and poses important questions about how these strict categories have influenced critical work on Kipling and on literature in general For example why are some of Kipling's books viewed as children's literature and what critical assumptions does this label produce Why is it that Kim is viewed by critics as transcending attempts at categorization Using Kipling as a case study Walsh discusses texts such as Kim

The Jungle Books the Just So Stories Puck of Pook's Hill and Rewards and Fairies re-evaluating earlier critical approaches and offering fresh readings of these relatively neglected works In the process she suggests new directions for postcolonial and childhood studies and interrogates the way biographical criticism on children's literature in particular has tended to supersede and obstruct other kinds of readings

Victorians and Their Animals Brenda Ayres, 2018-12-07 This book *Victorians and Their Animals: Beast on a Leash* investigates the notion that British Victorians did see themselves as naturally dominant species over other humans and over animals They conscientiously hegemonically were determined to rule those beneath them and the animal within themselves albeit with varying degrees of success and failure The articles in this collection apply posthuman and other theories including queer postcolonialism deconstruction and Marxism in their exploration of Victorian attitudes toward animals They study the biopolitical relationships between human and nonhuman animals in several key Victorian literary works Some of this book's chapters deal with animal ethics and moral aesthetics Also being studied is the representation of animals in several Victorian novels as narrative devices to signify class status and gender dynamics either to iterate socially acceptable mores or to satirize hypocrisy or breach of behavior or to voice social protest All of the chapters analyse the interdependence of people and animals during the nineteenth century
