one of Australia's best known communicators lifts the lid on what it takes to have powerful conversations. Full of memorable anecdotes and short sharp practical advice, this gem of a book will help you find your inner rebel and transform your conversations. About the Author: Jane Hutcheon is a journalist, author, and former China correspondent who's reported from some of the most volatile, exotic, and fascinating places on Earth. From 2010-2019, she was creator and host of ABC TV's *One Plus One*, conducting in-depth conversations with more than 500 celebrities, authors, thinkers, and everyday heroes. She's written several books. Her latest book is *Rebel Talk: The Art of Powerful Conversations*. [Conversations with Nikki Giovanni](#) Nikki Giovanni, 1992. From her conversation with James Baldwin, an interview that first aired on the television program *Soul*, later published as *A Dialogue*. Also included is an excerpt from *A Poetic Equation*, her lengthy talk with the poet Margaret Walker. In this exchange of ideas and opinions with Walker, a young poet new to the literary world assumes the role of spokesperson for a generation. **Congressional Record** United States. Congress, 1934. [The Unnatural Trade](#) Brycchan Carey, 2024-08-27. A look at the origins of British abolitionism as a problem of eighteenth-century science as well as one of economics and humanitarian sensibilities. How did late eighteenth-century British abolitionists come to view the slave trade and British colonial slavery as unnatural, a dread perversion of nature? Focusing on slavery in the Americas and the Caribbean in particular, alongside travelers' accounts of West Africa, Brycchan Carey shows that before the mid-eighteenth century, natural histories were a primary source of information about slavery for British and colonial readers. These natural histories were often ambivalent toward slavery, but they increasingly adopted a proslavery stance to accommodate the needs of planters by representing slavery as a natural phenomenon. From the mid-eighteenth century, abolitionists adapted the natural history form to their own writings, and many naturalists became associated with the antislavery movement. Carey draws on descriptions of slavery and the slave trade created by naturalists and other travelers with an interest in natural history, including Richard Ligon, Hans Sloane, Griffith Hughes, Samuel Martin, and James Grainger. These environmental writings were used by abolitionists such as Anthony Benezet, James Ramsay, Thomas Clarkson, and Olaudah Equiano to build a compelling case that slavery was unnatural, a case that was popularized by abolitionist poets such as Thomas Day, Edward Rushton, Hannah More, and William Cowper. *The Lost Romantics* Norbert Lennartz, 2020-01-13. This book features a collection of essays shedding subversively new light on Romanticism and its canon of big six white male Romantics by focusing on marginalised, forgotten, and lost writers and their long-neglected works. Probing the realms of literary and cultural lostness, this book identifies different strata of oblivion and shows how densely the net of contacts and rivalries was woven around the ostensibly monolithic stars of the Romantic age. It reveals how the lost poets inspired the production of anthologised poetry that they served as indispensable muses, sidekicks, and interlocutors of the big six, and that their relevance for the literary scene has been continuously underrated. This is also surprisingly true for some creators of famous one-hit wonders: *Frankenstein*, *The Vampyre*, who were suddenly rocketed to fame or notoriety but could not help seeing their other works of

Robert Duncan was a defining figure of twentieth century American poetry. Eric Mottram was a pioneer in the field of American Studies in the UK and a key contributor to the British Poetry Revival. In the 1970s the two men conducted a wide ranging dialogue on poetry, politics and the religious through an exchange of intense and often expansive letters. Mottram continued the dialogue in two substantive critical examinations of Duncan's work. *The Unruly Garden* presents an annotated edition of the complete available correspondence along with the two essays. The first essay was heavily edited when originally published and is included here in its restored form.
