**Thousands and Thousands of Lovers** Anna Harrison,2022-08-15 Thousands and Thousands of Lovers examines the spiritual significance of community to the Cistercian nuns of Helfta a concern that lies at the heart of the monastery s literature Focusing on a woefully understudied resource and the largest body of female authored writings in the thirteenth century this book offers insight into the religious preoccupations of a theologically expert and intellectually vibrant cloister to reveal a subtle interplay between communal practice and private piety other directed attention and inward religious impulse It considers the nuns attitudes toward community among themselves and with their household members as well as with souls in purgatory and the saints Looking Through the Speculum Judith A. Houck,2024-01-19 The women s health movement in the United States beginning in 1969 and taking hold in the 1970s was a broad based movement seeking to increase women s bodily knowledge reproductive control and well being It was a political movement that insisted that bodily autonomy provided the key to women s liberation It was also an institution building movement that sought to transform women s relationship with medicine it was dedicated to increasing women s access to affordable health care without the barriers of homophobia racism and sexism But the movement did not only focus on women s bodies It also encouraged activists to reimagine their relationships with one another to develop their relationships in the name of personal and political change and eventually to discover and confront the limitations of the bonds of womanhood This book examines historically the emergence development travails and successes of the women s health movement in the United States By bringing medical history and the history of women s bodies into our emerging understandings of second wave feminism the author sheds light on the understudied health needs and health activism of lesbians and others outside the hospital in the home the dispensary the church basement the bookshop and the clinic At its center are the politics institutions and relationships created by and within
