must choose whether to trust her gift and risk everything or stay silent and possibly jeopardize a young girl's life. Tech genius and ex SEAL Andrew Einstein MacKenzie doubts the sexy yoga instructor with the soft smile can help find a killer who has eluded authorities for decades but he'll do anything to catch a break in this case until he learns Abby's methods have no basis in science. He prefers verified data and reliable statistics that fit neatly into his crime-solving algorithms. This woman, both his polar opposite and his perfect match, threatens to upend his carefully controlled world in every way. Twenty years ago the Charmer began his deadly game, killing beautiful young women to serve his needs. Now the agents at SSAM are breathing down his neck. Determined to stay in control, he initiates a plan to destroy the agency unless they find him first. It's a race against the clock as Einstein and Abby hunt the ruthless serial killer, and the winner will take all. 90,000 words.
