Eat As Much As You Want Lite N. Easy, 2012 If you re a vegan and you re pregnant you ll want to take supplements that supply vitamin B12 iron and folic acid Until you read nutritional information of recipes Supplements do not replace a healthy diet but rather ensure that a woman is receiving enough daily nutrients Vitamin supplements work best when taken as part of a healthy diet and not as a substitute for a healthy diet Even if you are not vegan it is advisable to have few vegan salad and light meals in a day to have balanced pregnancy diet This book will help you understand importance of healthy diet to make informed decisions about what you re feeding yourself and your unborn bundle of joy All the recipes contain detail information about Calories Beta carotene fiber Cholesterol protein fat saturated fat Folate dfe Calcium sodium Carbohydrates Total sugars and vitamins Also great attention has been given to saturated fat which are bad fat Each recipes have healthy Fat Saturated fat ratio

Eat As Much As You Want: High Fiber: Antioxidant Lite N Easy, Health benefits are one of the main reasons why everyone should become a vegan The primary benefits are weight loss lower cholesterol and blood pressure less use of medication avoiding surgery and cancer feeling more energized and looking great Vegans in addition to being vegetarian do not use other animal products and by products such as eggs dairy products honey or any product derived from animal Many vegans choose this lifestyle to promote a more humane and caring world They know they are not perfect but believe they have a responsibility to try to do their best while not being judgmental of others High Fiber The recommended daily intake of fiber is about 30 grams or more each day Fiber helps clear body of toxins by moving bulk through the intestines helps control cholesterol levels and shuttles excess fat from system It also helps regulate blood sugar by slowing down digestion plus it helps make you feel full so you don t overeat Sources include fresh vegetables and fruits especially when the skin is left on whole grains legumes nuts and seeds While most of these foods are carbohydrate based their fiber content makes them slow digesting carbs Their slow absorption rate creates a sort of timed release effect that helps control body s insulin response Benefits of a high fiber diet

Antioxidants What Are Free Radicals Free radicals create a destructive process in our cells causing the molecules within the cells to become unstable They may even be a big player in the formation of cancerous cells by a chain reaction effect causing other cells to become damaged Because of the inherent instability of free radicals they try to attack other healthy cells to get stable themselves This causes the once healthy cells to react in the same way attacking others in a never ending attempt for cellular stability
