SWEET SATURDAY NIGHT

Sweet Saturday Night Pop Song 1840 1920

Paul Matthew St. Pierre

Sweet Saturday Night Pop Song 1840 1920:

Sweet Saturday night ,1969 Popular Song in the First World War John Mullen,2018-09-18 What did popular song mean to people across the world during the First World War For the first time song repertoires and musical industries from countries on both sides in the Great War as well as from neutral countries are analysed in one exciting volume Experts from around the world and with very different approaches bring to life the entertainment of a century ago to show the role it played in the lives of our ancestors The reader will meet the penniless lyricist the theatre chain owner the cross dressing singer fado composer stage Scotsman or rhyming soldier whether they come from Serbia Britain the USA Germany France Portugal or elsewhere in this fascinating exploration of showbiz before the generalization of the gramophone Singing was a vector for patriotic support for the war and sometimes for anti war activism but it was much more than that and expressed and constructed debates anxieties social identities and changes in gender roles This work accompanied by many links to online recordings will allow the reader to glimpse the complex role of popular song in people s lives in a period of total war

The Show Must Go On! Popular Song in Britain During the First World War John Mullen,2016-03-03 Using a collection of over one thousand popular songs from the war years as well as around 150 soldiers songs John Mullen provides a fascinating insight into the world of popular entertainment during the First World War Mullen considers the position of songs of this time within the history of popular music and the needs tastes and experiences of working class audiences who loved this music To do this he dispels some of the nostalgic rose tinted myths about music hall At a time when recording companies and record sales were marginal the book shows the centrality of the live show and of the sale of sheet music to the economy of the entertainment industry Mullen assesses the popularity and significance of the different genres of musical entertainment which were common in the war years and the previous decades including music hall revue pantomime musical comedy blackface minstrelsy army entertainment and amateur entertainment in prisoner of war camps He also considers non commercial songs such as hymns folk songs and soldiers songs and weaves them into a subtle and nuanced approach to the nature of popular song the ways in which audiences related to the music and the effects of the competing pressures of commerce propaganda patriotism social attitudes and the progress of the war

The Show Must Go On! Popular Song in Britain During the First World War Dr John Mullen,2015-08-28 Using a collection of over one thousand popular songs from the war years as well as around 150 soldiers songs John Mullen provides a fascinating insight into the world of popular entertainment during the First World War Mullen considers the position of songs of this time within the history of popular music and the needs tastes and experiences of working class audiences who loved this music To do this he dispels some of the nostalgic rose tinted myths about music hall At a time when recording companies and record sales were marginal the book shows the centrality of the live show and of the sale of sheet music to the economy of the entertainment industry Mullen assesses the popularity and significance of the different genres of musical entertainment which were common in the war

years and the previous decades including music hall revue pantomime musical comedy blackface minstrelsy army entertainment and amateur entertainment in prisoner of war camps He also considers non commercial songs such as hymns folk songs and soldiers songs and weaves them into a subtle and nuanced approach to the nature of popular song the ways in which audiences related to the music and the effects of the competing pressures of commerce propaganda patriotism social attitudes and the progress of the war

The Comedy and Legacy of Music-Hall Women 1880-1920 Sam

Beale,2020-09-04 This book explores the comedy and legacy of women working as performers on the music hall stage from 1880 1920 and examines the significance of their previously overlooked contributions to British comic traditions Focusing on the under researched female serio comic the study includes six micro histories detailing the acts of Ada Lundberg Bessie Bellwood Maidie Scott Vesta Victoria Marie Lloyd and Nellie Wallace Uniquely for women in the late nineteenth and early twentieth centuries these pioneering performers had public voices The extent to which their comedy challenged Victorian and Edwardian perceptions of women is revealed through explorations of how they connected with popular audiences while also avoiding censorship Their use of techniques such as comic irony and stereotyping self deprecation and comic innuendo are considered alongside the work of contemporary stand up comedians and performance artists including Bridget Christie Bryony Kimmings Sara Pascoe Shazia Mirza and Sarah Silverman

Post-War British Literature and the "End of

Empire" Matthew Whittle,2017-01-03 This book examines literary texts by British colonial servant and settler writers including Anthony Burgess Graham Greene William Golding and Alan Sillitoe who depicted the impact of decolonization in the newly independent colonies and at home in Britain The end of the British Empire was one of the most significant and transformative events in twentieth century history marking the beginning of a new world order and having an indelible impact on British culture and society Literary responses to this moment by those from within Britain offer an enlightening and often overlooked exploration of the influence of decolonization on received notions of race and class while also prefiguring conceptions of multiculturalism As Matthew Whittle argues in this sweeping study these works not only view decolonization within its global context alongside the aftermath of the Second World War the rise of America and mass immigration but often propose a solution to imperial decline through cultural renewal

Sounds of the Metropolis Derek B.

Scott,2008-07-31 The phrase popular music revolution may instantly bring to mind such twentieth century musical movements as jazz and rock n roll In Sounds of the Metropolis however Derek Scott argues that the first popular music revolution actually occurred in the nineteenth century illustrating how a distinct group of popular styles first began to assert their independence and values He explains the popular music revolution as driven by social changes and the incorporation of music into a system of capitalist enterprise which ultimately resulted in a polarization between musical entertainment or commercial music and serious art He focuses on the key genres and styles that precipitated musical change at that time and that continued to have an impact upon popular music in the next century By the end of the nineteenth century popular music

could no longer be viewed as watered down or more easily assimilated art music it had its own characteristic techniques forms and devices As Scott shows popular refers here for the first time not only to the music's reception but also to the presence of these specific features of style The shift in meaning of popular provided critics with tools to condemn music that bore the signs of the popular which they regarded as fashionable and facile rather than progressive and serious A fresh and persuasive consideration of the genesis of popular music on its own terms *Sounds of the Metropolis* breaks new ground in the study of music cultural sociology and history *The Sound of the City* Charlie Gillett, 2011-05-01 Charlie Gillett a British journalist loves the music and his passion is evident throughout *The Sound of the City* Yet the greatest strength of the book is the way Gillett tracks the resistance of the music industry to early rock and roll which was followed needlessly to say by a frantic rush to engulf and devour it When first published *The Sound of the City* was hailed as having never been bettered as the definitive history of rock Guardian Now the classic history of rock and roll has been revised and updated with over 75 historic archive photos The text has been substantially revised to include newly discovered information and it is now the one essential work about the history of rock n roll Jon Landau in Rolling Stone [Songbooks](#) Eric Weisbard, 2021-04-23 In *Songbooks* critic and scholar Eric Weisbard offers a critical guide to books on American popular music from William Billings's 1770 New England Psalm Singer to Jay Z's 2010 memoir *Decoded* Drawing on his background editing the Village Voice music section coediting the Journal of Popular Music Studies and organizing the Pop Conference Weisbard connects American music writing from memoirs biographies and song compilations to blues novels magazine essays and academic studies The authors of these works are as diverse as the music itself women people of color queer writers self educated scholars poets musicians and elites discarding their social norms Whether analyzing books on Louis Armstrong the Beatles and Madonna the novels of Theodore Dreiser Gayl Jones and Jennifer Egan or varying takes on blackface minstrelsy Weisbard charts an alternative history of American music as told through its writing As Weisbard demonstrates the most enduring work pursues questions that linger across time period and genre cultural studies in the form of notes on the fly on sounds that never cease to change meaning **Imperialism and Popular Culture** John M. MacKenzie, 2017-03-01 Popular culture is invariably a vehicle for the dominant ideas of its age Never was this more true than in the late 19th and early 20th centuries when it reflected the nationalist and imperialist ideologies current throughout Europe This text examines the various media through which nationalist ideas were conveyed in late Victorian and Edwardian times in the theatre ethnic shows juvenile literature education and the iconography of popular art Several chapters look beyond World War I when the most popular media cinema and broadcasting continued to convey an essentially late 19th century world view while government agencies like the Empire Marketing Board sought to convince the public of the economic value of empire Youth organizations which had propagated imperialist and militarist attitudes before the war struggled to adapt to the new internationalist climate *Yonder Come the Blues* Paul Oliver, 2001-02-22 *Yonder Come the Blues* combines three influential

and much quoted books Savannah Syncopators Blacks Whites and Blues and Recording the Blues Updated with additional essays this 2001 volume discusses the crucial early development of the blues as a music of Blacks in the United States explaining some of the most significant factors that shaped this music Together these three texts emphasise the significance of the African heritage the mutuality of much white and black music and the role of recording in consolidating the blues thus demonstrating the importance of these formative elements in its complex but combined socio musical history Redressing some of the misconceptions that persist in writing on African American music this book will be essential reading for all enthusiasts of blues jazz and country music and will be important for students of African American studies and music popular music and popular culture

Good-bye Maoriland Chris Bourke, 2017-10-15 They left their Southern Lands They sailed across the sea They fought the Hun they fought the Turk For truth and liberty Now Anzac Day has come to stay And bring us sacred joy Though wooden crosses be swept away We ll never forget our boys Jane Morison We ll never forget our boys 1917 Be it Tipperary or Pokarekare the morning reveille or the bugle s last post concert parties at the front or patriotic songs at home music was central to New Zealand s experience of the First World War In Good Bye Maoriland the acclaimed author of Blue Smoke The Lost Dawn of New Zealand Popular Music introduces us the songs and sounds of World War I in order to take us deep inside the human experience of war

Popular Music Roman Iwaschkin, 2016-04-14 This is a comprehensive guide to popular music literature first published in 1986 Its main focus is on American and British works but it includes significant works from other countries making it truly international in scope

The Dream That Kicks Michael Chanan, 2003-09-02 A classic account of the prehistory and early years of cinema in Britain This new paperback edition provides a fascinating account of the rich and hitherto hidden history of the origins of film

Signed, Sealed, and Delivered Sue Steward, Sheryl Garratt, 1984 A fascinating look at the women whose involvement in the pop music scene ranges from those who make the music to those who package the records from TV performers to women in the pressing and packing factories from women in the 50s to today

A Portrait of the Artist as Australian Paul Matthew St. Pierre, 2004 This book is the first critical assessment of Humphries entire oeuvre especially his career as an author Arguing that Humphries is one of Australia s greatest writers the author reveals a multi faceted artist whose success is rooted in the British music hall tradition Dadaism and grotesquerie Being Australian has also fundamentally shaped the performer and writer and the author s defence of Humphries against charges of expatriatism is pertinent to the debate on Australian national identity

From Grub Street to Fleet Street Bob Clarke, 2017-05-15 Grub Street was a real place a place of poverty and vice It was also a metaphor for journalists and other writers of ephemeral publications and by implication the infant newspaper industry During the seventeenth and eighteenth centuries journalists were held in low regard even by their fellow journalists who exchanged torrents of mutual abuse in the pages of their newspapers But Grub Street s vitality and its battles with authority laid the foundations of modern Fleet Street In this book Bob Clarke examines the origination and development

of the English newspaper from its early origin in the broadsides of the sixteenth century through the burgeoning of the press during the seventeenth and eighteenth centuries to its arrival as a respectable part of the establishment in the nineteenth century. Along the way this narrative is illuminated with stories of the characters who contributed to the growth of the English press in all its rich variety of forms and how newspapers tailored their contents to particular audiences. As well as providing a detailed chronological history, the volume focuses on specific themes important to the development of the English newspaper. These include such issues as state censorship and struggles for the freedom of the press, the growth of advertising and its effect on editorial policy, the impact on editorial strategies of taxation policy, increased literacy rates and social changes, the rise of provincial newspapers and the birth of the Sunday paper and the popular press. The book also describes the content of newspapers and includes numerous extracts and illustrations that vividly portray the way in which news was reported to provide a colourful picture of the social history of their times. Written in a lively and engaging manner, this volume will prove invaluable to anyone with an interest in English social history, print culture or journalism. **The Oxford**

Companion to Popular Music Peter Gammond, 1991. One volume guide to popular music that includes biographical entries.

The British National Bibliography Arthur James Wells, 1969. Her Husband was a Woman! Alison Oram, 2013-01-11. Tracking the changing representation of female gender crossing in the press, this text breaks new ground to reveal findings where both desire between women and cross gender identification are understood. Her Husband was a Woman exposes real life case studies from the British tabloids of women who successfully passed as men in everyday life, perhaps marrying other women or fighting for their country. Oram revises assumptions about the history of modern gender and sexual identities, especially lesbianism and transsexuality. This book provides a fascinating resource for researchers and students, grounding the concepts of gender performativity, lesbian and queer identities in a broadly based survey of the historical evidence.
