The Rose of Sharon Sharon Byerly, 2018-08-31 God gives and he gives of Himself in many different ways For me He has given all these numerous poems to draw you closer to Him Woman's Work in the Far East ,1895 friend, ed. by Ann Jane Ann Jane, 1864 Centenary Voices, Or, A Part of the Work of the Women of the Universalist Church Subjects of Advice Ivan Lupić, 2019-09-27 In Subjects of Advice Ivan Lupi uncovers the rich interconnectedness of .1886 dramatic art and the culture of counsel in the early modern period While counsel was an important form of practical knowledge with concrete political consequences it was also an ingrained cultural habit a feature of obligatory mental moral and political hygiene To be a Renaissance subject Lupi claims one had to reckon with the advice of others Lupi examines this reckoning in a variety of sixteenth century dramatic contexts. The result is an original account of the foundational role that counsel played in the development of Renaissance drama Lupi begins by considering the figure of Thomas More whose influential argument about counsel as a form of performance in Utopia set the agenda for the entire century Resisting linear narratives and recovering instead the simultaneity of radically different kinds of dramatic experience he shows the vitality of later dramatic engagements with More's legacy through an analysis of the moral interlude staged within Sir Thomas More a play possibly coauthored by Shakespeare More also helps explain the complex use of counsel in Senecan drama from the neo Latin plays of George Buchanan discussed in connection with Buchanan's political writings to the historical tragedies of the mid sixteenth century If tyranny and exemplarity are the keywords for early Elizabethan drama of counsel for the plays of Christopher Marlowe it is friendship Lupi considers Marlowe's interest in friendship and counsel most notably in Edward II alongside earlier dramatic treatments thus exposing the pervasive fantasy of the ideal counselor as another self Subjects of Advice concludes by placing King Lear in relation to its dramatic sources to demonstrate Shakespeare's deliberate dispersal of counsel throughout his play Counsel's customary link to plain and fearless speech becomes in Shakespeare's hands a powerful instrument of poetic and dramatic expression Locating American Studies Lucy Maddox, 1999 This collection of 17 esays first printed in American Quarterly the journal of the American Studies Association To mark the Association s 50th anniversary in 1998 the editor has brought together works by a group of scholars which she believes provide a window into the history and evolution of the practice of American studies Each essay originally published between 1950 and 1996 is

accompanied by a commentary in which a scholar from a related field provides critical information for understanding the continuing importance of the work to the American Studies field Contributors include Gene Wise Henry Nash Smith Barbara Welter Alexander Saxton and Kevin Mumford **The Southern Lady's Companion**, 1849
