It should be no surprise to us now, but the pomp surrounding the coming of the year 2012 that grasped the human race's attention in those preceding years was not at all about the end of the world. Instead, much to the contrary, Daniel Pinchbeck believes that the passing of the year 2012 marked the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens, embracing fresh ideas about who we are and what it means to be human. Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement, both in one place for the first time and at one low price. *2012: The Return of Quetzalcoatl* by Cross James Merrill, H.P.
