## Swimwear Illustrated:

*The Swimsuit* Christine Schmidt, 2013-07-18 The Swimsuit Fashion from Poolside to Catwalk documents the modern swimsuit's trajectory from men's underwear and circus performance wear to its unique niche in world fashion. It emphasizes the relationship between fashion, media, celebrity, sport, and the cultivation of the modern body. This fascinating book provides an historical, sociological, and cultural context in which to view how the swimsuit and Australia, the country that significantly influenced its modern form, migrated from the cultural and colonial periphery to the centre of international attention. In addition, the book offers new perspectives on national histories of the swimsuit and investigates how traditional European fashion centers have opened up to new markets and modes of living, bringing together influences from around the globe. The Swimsuit is essential reading for students, scholars, and the general reader interested in fashion, popular culture, history, media, sport, and gender studies. Runner's World, 1985 **A Hypersexual Society** K. Kammeyer, 2008-11-10 As many can attest, the prevalence of sexual imagery has increased in modern society over the past half century. In this timely new study, Kenneth Kammeyer traces the historical development of sexual imagery in America and society's preoccupation with it all within a firm theoretical and sociological framework. **Weekly World News**, 1994-12-13 Rooted in the creative success of over 30 years of supermarket tabloid publishing, the Weekly World News has been the world's only reliable news source since 1979.
