Swing Quartets:

Soundscapes of Liberation Celeste Day Moore, 2021-08-23 In *Soundscapes of Liberation* Celeste Day Moore traces the popularization of African American music in postwar France where it signaled new forms of power and protest Moore surveys a wide range of musical genres soundscapes and media the US military's wartime records and radio programs the French record industry's catalogs of blues jazz and R the translations of jazz memoirs a provincial choir specializing in spirituals and US State Department produced radio programs that broadcast jazz and gospel across the French empire In each of these contexts individual intermediaries such as educators producers writers and radio deejays imbued African American music with new meaning value and political power Their work resonated among diverse Francophone audiences and transformed the lives and labor of many African American musicians who found financial and personal success as well as discrimination in France By showing how the popularity of African American music was intertwined with contemporary structures of racism and imperialism Moore demonstrates this music's centrality to postwar France and the convergence of decolonization the expanding globalized economy the Cold War and worldwide liberation movements

The Gerry Mulligan 1950s Quartets

Alyn Shipton, 2023 The Gerry Mulligan Quartet founded in Los Angeles in 1952 was widely acclaimed as the first small ensemble in jazz that did not include a chordal instrument such as a piano or guitar Using original scores and detailed transcriptions of Mulligan's work *The Gerry Mulligan 1950s Quartets* offers an intimate look at Mulligan's musical development from the initial quartet with Chet Baker to its successors with Bob Brookmeyer Jon Eardley and Art Farmer The backdrop is an unparalleled account of his musical life from his teen age years to adulthood analyzing the ways in which his compositions and arrangements evolved through collaborations with Elliot Lawrence Gene Krupa and Claude Thornhill culminating with Miles Davis's *Birth of the Cool* nonet Featuring original interviews with many of Mulligan's associates author Alyn Shipton presents a fresh take on Mulligan's harmonic creativity in the process tracing the ups and downs of Mulligan's heroin addiction imprisonment sobriety and eventual musical triumph

Bebop Thomas Owens, 1996-05-23 When bebop was new writes Thomas Owens many jazz musicians and most of the jazz audience heard it as radical chaotic bewildering music For a nation swinging to the smoothly orchestrated sounds of the big bands this revolutionary movement of the 1940s must have seemed destined for a short life on the musical fringe But today Owens writes bebop is nothing less than the lingua franca of jazz serving as the principal musical language of thousands of jazz musicians In *Bebop* Owens conducts us on an insightful loving tour through the music players and recordings that changed American culture Combining vivid portraits of bebop's gigantic personalities with deft musical analysis he ranges from the early classics of modern jazz starting with the 1943 Onyx Club performances of Dizzy Gillespie Max Roach Oscar Pettiford Don Byas and George Wallington through the central role of Charlie Parker to an instrument by instrument look at the key players and their innovations Illustrating his discussion with numerous musical excerpts Owens skillfully demonstrates why bebop was so

revolutionary with fascinating glimpses of the tempestuous jazz world Thelonious Monk for example did everything wrong in the sense of traditional piano technique Because his right elbow fanned outward away from his body he often hit the keys at an angle rather than in parallel Sometimes he hit a single key with more than one finger and divided single line melodies between two hands In addition to his discussions of individual instruments and players Owens examines ensembles with their sometimes volatile collaborations in the Jazz Messengers Benny Golson told of how his own mellow saxophone playing would get lost under Art Blakey's furious drumming He would do one of those famous four bar drum rolls going into the next chorus and I would completely disappear He would holler over at me Get up out of that hole In this marvelous account Owens comes right to the present day with accounts of new musicians ranging from the Marsalis brothers to lesser known masters like pianist Michel Petrucciani Bebop is a jazz lover's dream a serious yet highly personal look at America's most distinctive music

Swingin' the Dream Lewis A. Erenberg, 1999-09-08 During the 1930s swing bands combined jazz and popular music to create large scale dreams for the Depression generation capturing the imagination of America's young people music critics and the music business *Swingin the Dream* explores that world looking at the racial mixing up and musical swinging out that shook the nation and has kept people dancing ever since *Swingin the Dream* is an intelligent provocative study of the big band era chiefly during its golden hours in the 1930s not merely does Lewis A Erenberg give the music its full due but he places it in a larger context and makes for the most part a plausible case for its importance Jonathan Yardley Washington Post Book World An absorbing read for fans and an insightful view of the impact of an important homegrown art form Publishers Weekly A fascinating celebration of the decade or so in which American popular music basked in the sunlight of a seemingly endless high noon Tony Russell Times Literary Supplement *Sounds of War* Annegret Fauser, 2013-05-30

Classical music in 1940s America had a cultural relevance and ubiquitousness that is hard to imagine today No other war mobilized and instrumentalized culture in general and music in particular so totally so consciously and so unequivocally as World War II Through author Annegret Fauser's in depth engaging and encompassing discussion in context of this unique period in American history *Sounds of War* brings to life the people and institutions that created performed and listened to this music *The Musician*, 1939 *The Golden Age of Gospel* Horace Clarence Boyer, 2000 Presents the history of gospel
