**Cartoon Success Secrets** Jud Hurd, 2004-05 Cartoon Success Secrets offers a veritable comics college education on how to succeed as a cartoonist. It features insider's perspectives from 20 top cartoonists whose comic strips such as Zits, Garfield, Cathy, and For Better or For Worse appear in at least a thousand newspapers every day. Author Jud Hurd caught the cartooning bug more than three quarters of a century ago and at age 90 he's still not cured. Now in Cartoon Success Secrets, the editor of the cartooning industry's leading insider magazine, CARTOONIST PROfiles, shares the colorful stories and sage advice of his cartoonist colleagues. Through his personal encounters with virtually every cartoonist legend of the last four decades, Hurd amassed countless insights from the world's best cartoonists on how they rose to the top of their field. Now for the first time ever, he shares his early conversations with such famous cartoonists as Walt Disney, Rube Goldberg, H. T. Webster, George McManus, Frederick Opper, and countless others who succeeded in selling their creations to major syndicates and attaining their cartooning aspirations. Their words will inspire all who have dreamed of becoming a famous cartoonist. Many books have profiled cartooning legends, but never before has a book compiled detailed advice from these creators on how they achieved their success. Cartoon Success Secrets is sure to fascinate cartoon enthusiasts the world over, from fledgling cartoonists looking to break into the industry to fans of the funny pages wanting to know how their favorite artists made it big.

**Serious about Series** Silk Makowski, 1998-10-15 Teen paperback series routinely castigated or ignored by Young Adult librarians despite their popularity with young adults should be considered for inclusion in collections alongside other genres. In *Serious about Series*, Makowski provides distinct criteria by which these series can be judged for quality within their genre and emphasizes them as an inexpensive way to fulfill patron needs and increase circulation by bringing young people often considered non-readers into the library. Makowski's book is an insightful evaluation of over fifty popular series and includes an introduction that analyzes the teen series paperback genre and its significance for both teen reading practices and library services. Hundreds of titles are annotated in the book, allowing librarians to develop in-house bibliographies of favorite teen series titles, making this a truly useful reference source for the young adult librarian.

**Bowker's Guide to Characters in Fiction**, 2003      **Swiss Studies in English**, 1936      *When Nonviolent Civil Resistance Campaigns Fail* Kirssa Cline Ryckman, 2024-11-08 This book examines both how and why nonviolent civil resistance campaigns fail and the diverse category of campaigns that fall short. Civil resistance campaigns are known for their success for their ability to overthrow central governments or gain territorial independence. There have been a growing number of civil resistance campaigns in recent decades, however, their rate of success has decreased. More unarmed campaigns are now ending without achieving their ultimate political goals. This study moves beyond the success or failure dichotomy to unpack how nonviolent campaigns end, while also paying attention to the processes that encourage conflict, demobilization, or transformation. Drawing from the fields of political science, sociology, and nonviolence studies, the book

develops a continuum of campaign outcomes that includes full and partial success as forms of positive demobilization as well as disbanding and defeat as forms of negative demobilization It provides an overarching framework that links sources of internal campaign strength to termination types and then considers each outcome in depth to explore the reasons why and how campaigns demobilize The work is global in scope including descriptive statistics quantitative analyses and case illustrations spanning a variety of regions and time periods from East Germany in 1953 to Suriname in 1984 and Togo in 2013 This book will be of much interest to students of civil resistance movements and nonviolence conflict studies intrastate conflicts and International Relations      **Children's Books In Print 1998** Bowker Editorial Staff,R R Bowker
