Runyeon,2020-03-09 *Knights of the Dragons* By Kevin Runyeon After being inspired by a hand built by the author chess set Kevin Runyeon makes an adventure come to life With the true love story of Kern and Josephina many stories unfold and intertwine Being a lost knight of the round table Kern comes across dragons witches and other classical fantasy challenges that show the untold story of King Arthur *A Short Declaration of the Mystery of Iniquity (1611/1612)* Thomas Helwys,1998 By the beginning of the twentieth century only four known copies of the book survived Now thanks to the careful work of Richard Groves Helwys s *The Mystery of Iniquity* is available in a reader friendly edition Groves s introduction sets the document in context not only as an important and influential historical event but as shedding yet more light on whence we have come *Some idea of the civil and criminal Courts of Justice at Moorshoodabad, in a letter to Capt. J. Hawkshaw, etc* John HAWKSHAW,1789 *The Ethics of Justice Without Illusions* Louis E. Wolcher,2016-06-17 The founding premise of this book is that the nimbus of prestige which once surrounded the idea of justice has now been dimmed to such a degree that it is no longer sufficient to secure the possibility of a good conscience for those who undertake in good faith to make the world a better place in the spheres of politics and law The many decent human beings who have noticed and experienced this diminishment of justice s prestige find themselves in a thoroughly disenchanted existential situation For them the attempt to do justice without the illusion of being grounded in something beyond the sheer facticity of their own performances is a distinctly ethical theme which cries out to be investigated in its own right Heeding the cry this book asks and attempts to answer the following fundamental ethical question is a life in the law even one spent in the pursuit of justice worth living and if so how can a disenchanted person come to bear the living of it without constantly having to engage in self deception If Nietzsche is right that living without illusions is impossible for human beings then the most important ethical implication of this essentially anthropological fact goes far beyond the question of what illusions we ought to choose It must also include the question of whether we should succumb to that most seductive and pernicious of all illusions namely the belief that exercising great care and responsibility in choosing our illusions which we might then call our principles of justice excuses us ethically for what we do to others in their name The culmination of a 10 year legal philosophical project this book will appeal to graduate students scholars and curious non academic intellectuals interested in continental philosophy critical legal theory postmodern theology the philosophy of human rights and the study of individual ethics in the context of law
