Cole,2012-09-05 Throughout all universes and dimensions a great darkness is gathering forging itself into a monstrous force bent on an all consuming path of destruction Against this impending cataclysm stands one man the enigmatic Voidal creature

of myth and legend and with him a small band of reluctant followers themselves god cursed renegades Among them are Elflog the familiar Orgoom the Blue Gelder Scyllarza the demoness and Evergreed the fallen god In a Hell forged alliance they travel to the very heart of the nightmare omniverse to uncover the last of its frightful secrets THE SWORD OF SHADOWS third and climactic volume of the Voidal trilogy is sword and sorcery in the tradition of the fabulous Dying Earth and Eternal Champion sagas **The Millennium Dawn** James Fross, 2015-05-19 Throughout the vast reaches of Shirania there are many places that uplift the spirit of mankind but the Ozzrin mountains are not among their number They straddle the southeastern edge of the landmass forming an element of the various geographical boundaries separating the holdings of the Cyroxiandalusianopherosites from the rest of the peoples who call Shirania home The worn gray mountains are far older than any other range in the land unchanging monoliths that have seen more than one rising and falling of our race Though the foggy mossy highlands are quite beautiful in a melancholy sort of way there is a sadness about them that cannot be solely attributed to the climate It s a resonant quality of the crumbling peaks an unspoken tale of a memory that belongs to us but escapes our capacity to recall it For centuries millennial the mountains have slept but on the final day of the year 999 A F C the ancient landscape stirred and what was once asleep began to awaken The Millennium Dawn by James Fross conveys a parodic take on epic fantasy in an attempt to produce both amusement and reflection in the heart and mind of the reader
