## Sylvester Stallone Center Stage:

Experience the Golden Age of Boxing Steven Losch, 2014-11-21 This book contains my personal written and photographic account of the last golden era of professional boxing which began when six Americans who won medals at the 1976 Olympics in Montreal turned pro and ended in 1983 when Marvin Hagler knocked out Thomas Hearns in three thrilling rounds The real boxing enthusiast will vividly recall that bright shining period in the history of our favorite sport and remember nothing at all about me That is exactly as it should be because this book is about the fighters and not the writer who started to memorialize their exploits with a manual typewriter nondigital camera and miniature tape recorder over a quarter of a century ago      *Center Stage: Sylvester Stallone* Howard Schroeder,      The Ultimate Stallone Reader Chris

Daddis, 2025 In a groundbreaking reassessment of the long Cold War era historian Gregory A Daddis argues that ever since the Second World War's fateful conclusion faith in and fear of war became central to Americans thinking about the world around them With war pervading nearly all aspects of American society an interplay between blind faith and existential fear framed US policymaking and grand strategy often with tragic results A sweeping history *Faith and Fear* makes a forceful argument by examining the tensions between Americans overreaching faith in war as a foreign policy tool and their overwhelming fear of war as a destructive force      **Pages from the Past** Carolyn Kitch, 2006-05-18 American popular magazines play a role in our culture similar to that of public historians Carolyn Kitch contends Drawing on evidence from the pages of more than sixty magazines including Newsweek Rolling Stone Black Enterprise Ladies Home Journal and Reader's Digest Kitch examines the role of journalism in creating collective memory and identity for Americans Editorial perspectives visual and narrative content and the tangibility and keepsake qualities of magazines make them key repositories of American memory Kitch argues She discusses anniversary celebrations that assess the passage of time the role of race in counter memory the lasting meaning of celebrities who are mourned in the media cyclical representations of generational identity from the Greatest Generation to Generation X and anticipated memory in commemoration after crisis events such as those of September 11 2001 Bringing a critically neglected form of journalism to the forefront Kitch demonstrates that magazines play a special role in creating narratives of the past that reflect and inform who we are now      The Cumulative Book Index , 1988 A world list of books in the English language      Control of Violence Wilhelm Heitmeyer, Heinz-Gerhard Haupt, Stefan Malthaner, Andrea Kirschner, 2010-11-04 The Control of Violence in Modern Society starts from the hypothesis that in modern society we will face an increasing loss of control over certain phenomena of violence This leads to unpredictable escalations and violence can no longer be contained adequately by the relevant control regimes such as police state surveillance institutions national repression apparatuses and international law However before investigating this hypothesis from an internationally and historically comparative perspective the terms and tools for this undertaking have to be rendered more precisely Since both control and violence are all but clear cut terms but rather highly debatable and contested concepts that may take multiple connotations The main question is whether an increase in certain forms of violence can be explained by the failure or in turn overeffectiveness of certain control mechanisms It is asked for instance which contribution religion can make to limit violence and in turn which destructive potential religion might have in its fundamentalist form Moreover the concept of individual self control as well as social institutions and strategies of collective disengagement and de radicalization are investigated with regard to their potential for controlling violence The Control of Violence in Modern Society concludes with a re examination of the hypothesis of a loss of control by specifying in what cases and under which circumstances we can
