Sylvie Fleury 49:

Frieze, 2004 **Art and Laughter** Sheri Klein, 2006-11-22 This is the first book to take seriously though not too seriously the surprisingly neglected role of humour in art Art and Laughter looks back to comic masters such as Hogarth and Daumier and to Dada Surrealism and Pop Art asking what makes us laugh and why It explores the use of comedy in art from satire and irony to pun parody and black and bawdy humour Encouraging laughter in the hallowed space of the gallery Sheri Klein praises the contemporary artist as clown often overlooked in favour of the role of artist as serious commentator and takes us on a tour of the comic work of Red Grooms Cary Leibowitz The Hairy Who Richard Prince Bruce Nauman Jeff Koons William Wegman Vik Muniz and many more She seeks out those rare smiles in art from the Mona Lisa onwards and highlights too the pleasures of the cute the camp and the downright kitsch The Philosophy of Curatorial Practice Sue Spaid, 2020-10-15 This book walks us through the process of how artworks eventually get their meaning showing us how curated exhibitions invite audience members to weave an exhibition's narrative threads which gives artworks their contents and discursive sense Arguing that exhibitions avail artworks as candidates for reception whose meaning value and relevance reflect audience responses it challenges the existing view that exhibitions present already validated candidates for appreciation Instead this book stresses the collaborative nature of curatorial practices debunking the twin myths of autonomous artists and sovereign artistic directors and treating presentation and reception as separate processes Employing set theory to distinguish curated exhibitions from uncurated exhibitions installation art and collections it demonstrates how exhibitions grant spectators access to concepts that aid their capacity to grasp artifacts as artworks To inform and illuminate current debates in curatorial practice Spaid draws on a range of case studies from Impressionism Dada and Surrealism to more contemporary exhibitions such as Maurizio Cattelan All 2011 and Damien Hirst 2012 In articulating the process that cycles through exploration interpretation presentation and reception curating bears resemblance to artistic direction more generally **Permanent Sample Plots, More Than Just Forest Data** Priyadi, H., Gunarso, P., Kanninen, M., eds., 2006-01-01 **Contemporary Visual Arts**, 1999 *Dwell*, 2007-12 At Dwell we're staging a minor revolution We think that it's possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines **Art ... Basel**, 2010 Misplaced Objects Silvia Spitta, 2009-07-01 When things move things change Starting from this deceptively simple premise Silvia Spitta opens a fascinating window onto the profound displacements and transformations that have occurred over the six centuries since material objects and human subjects began circulating between Europe and the Americas This extended reflection on the dynamics of misplacement starts with the European practice of collecting objects from the Americas into Wunderkammern literally cabinets of wonders Stripped of all identifying contexts these exuberant collections

including the famous Real Gabinete de Historia Natural de Madrid upset European certainties forcing a reorganization of knowledge that gave rise to scientific inquiry and to the epistemological shift we call modernity In contrast cults such as that of the Virgin of Guadalupe arose out of the reverse migration from Europe to the Americas The ultimate marker of mestizo identity in Mexico the Virgin of Guadalupe is now fast crossing the U S Mexico border and miracles are increasingly being reported Misplaced Objects then concludes with the more intimate and familial collections and recollections of Cuban and Mexican American artists and writers that are contributing to the Latinization of the United States Beautifully illustrated and radically interdisciplinary Misplaced Objects clearly demonstrates that it is not the awed viewer but rather the misplaced object itself that unsettles our certainties allowing new meanings to emerge
