The style of Nerval's "Aurélia" William Beauchamp, 2019-05-20 No detailed description available for The style of Nerval's Aurélia Ornament, Fantasy, and Desire in Nineteenth-Century French Literature Rae Beth Gordon, 2014-07-14 In this examination of the role of ornament in nineteenth century French literature Rae Beth Gordon shows that ornament far from being a simple accessory raises problems that are at the very heart of aesthetic experience limits and their transgression illusion and seduction pleasure and tension harmony and confusion excess and marginality After placing texts by Nerval Gautier Mallarmé Huysmans and Rachilde within the context of the history and techniques of the decorative arts she reveals in these works the powerful role played by decorative figurations of syntax diction and composition Gordon's detailed textual analyses yield spatial parallels with specific ornamental configurations interlace arabesque decorative frame horror vacui trompe l'oeil These patterns are then studied in relation to a dynamics of desire Ornament taken as the site of desire and illuminated by the theories of Charcot Clrambault Freud Winnicott and Lacan highlights important differences between romanticism symbolism and decadence Not only does the author relate ornament to artistic representations of the sublime the grotesque and hysteria but she also reveals that the function of ornament in literature anticipated psychiatric and aesthetic research on decorative form in the fin de siècle Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Publishers' Trade List Annual*, 1973 **Philosophy as Experimentation, Dissidence and Heterogeneity** José Miranda Justo, Elisabete M. de Sousa, Fernando M. Edition enrichie Introduction notes dossier sur l'oeuvre chronologie et bibliographie M me en dehors de Sylvie il y a chez Nerval une infusion omniprésente du souvenir une chanson du temps passé qui s'envole et qui se défend par des rappels même les plus ténus de naguère comme de jadis et que je ne vois aucun autrecrivain Ce n'est pas une résurrection quasi hallucinatoire du passé comme il arrive aux meilleurs moments de Proust tout proches parfois de l'illusion de la fausse reconnaissance c'est plutôt trouvé dans sa prose par quelque sortilège le contact d'aveugle qu'on prouve en retrouvant la maison et le jardin de son enfance Comme si ce monde résolvait le seul endroit où instinctivement infailliblement Nerval se retrouve et nous en convainc immédiatement Julien Gracq Un tel monde résolu est ce qui définit au plus près les uvres ici réunies où se retrouvent la fois le résolveur en prose et le poète des Odelettes et des Chimères Les Petits châteaux de Bohème recomposent les gestes de Nerval les Promenades et Souvenirs ne se parent pas le passé des lieux que l'crivain traversa Quant aux Filles du Feu c'est sous le titre Amours perdues qu'il songea un moment les publier Comme souvent chez Nerval ces différentes uvres ne cessent pas d'être une qu'une Ce volume contient Petits châteaux de Bohème Les Filles du Feu Anglique Sylvie Jemmy Octavie Isis Corilla Emilie Les Chimères Promenades et Souvenirs Présentation et notes par Michel Brix Lucid Interval George MacLennan, 1992 MacLennan approaches the eight writers from a broadly sociohistorical viewpoint and takes into account relevant biographical and medical evidence where available examining their situations as revealed or mediated by their writings Through a series of detailed analyses he argues that these writings bear witness to a progressively increasing degree of psychological inwardness in Western culture This is a process that affects both how madness is experienced by the individual and how it is expressed in subjective writing By the late eighteenth century madness becomes for a significant number of writers and artists an intimately interiorized condition one which implicates their entire affective life It is this subjectivized and existential madness that in the Romantic period and subsequently has been taken to express an inner truth in an increasingly secularized and alienating state of society In taking these developments into account Lucid Interval is able to arrive at a fresh understanding of the appearance in the modern period of such figures as Clare and de Nerval writers who suffer madness as an inner subjective catastrophe but who in the midst of that experience are able to explore it creatively so producing a literature of madness which is a new phenomenon in itself and which sets a troubling precedent for modern culture

Home and its Dislocations in Nineteenth-Century France Suzanne Nash, 1993-08-31 The nineteenth century witnessed an unprecedented social restructuring that disrupted traditional notions of people and place country and city private and public spheres The break with the old order and the entry into the industrial age was most dramatically played out in France with the growth of a new urban middle class under the July monarchy and the rebuilding of Paris by Haussmann under the Second Empire The personal immediate and radical effects of these changes produced an altered conception of the meaning of home and a homeland Focusing primarily on mid nineteenth century France these essays by noted literary critics offer fascinating new accounts of the relationship between the social history of home and homelessness and the imaginative expressions of the age This probing interdisciplinary approach combining theoretical sophistication with historical detail addresses the fundamental importance of class and gender to the modern history of homelessness Its provocative readings of well known texts provide a model of cultural studies at its best and most serious

Nerval et les limbes de l'histoire Keiko Tsujikawa, 2008 Les Illuminés publiés en 1852 avec le sous-titre polémique et ambigu Les Précurseurs du socialisme est un ouvrage énigmatique Ce recueil des six portraits d'excentriques de la philosophie ne rassemble ni des illuminés ni des socialistes au sens strict et surprend le lecteur par sa récusation de la catégorisation figée comme par sa composition rhapsodique écrits de seconde main pour la majeure partie faits d'un montage de citations ou de plagiat ces portraits restaient méconnus ou mal connus par les critiques nervaliennes Témignent-ils de l'adhésion de l'auteur à un illuminisme Sont-ils une création de Nerval ou plutôt le simple assemblage de textes appartenant à d'autres Pourquoi Nerval a-t-il choisi ces personnages marginaux plutôt que des autres figures majeures de l'illuminisme ou du socialisme Pour répondre de telles questions Keiko Tsujikawa tablit et interprète le dossier des Illuminés en exploitant les livres et documents cités ou consultés par Nerval lui-même Chaque portrait est en outre rapporté au contexte historique politique social religieux et littéraire du moment de sa parution Enfin la singularité des Illuminés dans l'ensemble de l'œuvre nervalienne augmente le sens et la portée de cette résurrection littéraire du passé travers notamment les interrogations de Nerval sur l'histoire et le temps historique Trois fils rouges tissent l'ensemble du recueil le politique le religieux ainsi que l'histoire au lendemain de la Révolution française Contre la rupture de l'histoire moderne Nerval suggère la persistance d'un autre temps celui des limbes qui préserve la survie des rêves non aboutis dans le passé ce faisant fructueux pour l'avenir

Italian Cinema and Modern European Literatures Carlo Testa, 2002-03-30 The history of cinema and notably that of post war Italian cinema can only be understood adequately in the context of other contiguous cultural disciplines World literature including that of France Germany and Russia played a key role in the development of post war Italian film and the cinematic technique it has come to embody Moving away from the usual modes of defining this period a trajectory that begins with neorealism and ends with Bertolucci author Carlo Testa offers proof that coming to terms with literary texts is an essential step toward

understanding the motion pictures they influenced The means of recreating literature for the screen has changed drastically over the last half century as has the impact of different national traditions on Italian cinema Testa's work is the first to explicitly and deliberately link postwar Italian cinema to general intellectual concerns such as the relationship between literary authors and cinematic auteurs Moreover his analysis of the impact of French German and Russian cultures on Italy brings forth a new reading of Italian cinema a new paradigm for exploring complex issues of authorship culture and art

The Mediterranean as a Source of Cultural Criticism Andrea Benedetti, Ulrich van

Loyen, 2019-11-26T00:00:00+01:00 The essays contained in this volume explore the historical trajectories along which the Mediterranean has been conceptualized as a cultural religious and economical resource and how these various aspects are intertwined While staying clear of a merely imagological or representational point of view the authors consider the interplay between culturally shaped attributions for example the longstanding desire for a Mediterranean Otherness as expressed in German literature their testing in empirical encounters and the effect these encounters produce on both sides Although focused particularly on 19th and 20th century culture this volume offers a timely contribution to conceptualising the challenges of the 21st century The conjunction of both provinciality and universality the connectivity and fragmentation of the Mediterranean continues to be at the basis of the European matrix of all possible hi stories Métamorphoses du mythe Marie Miguet-Ollagnier, 1997
