Symbol And Sacrament A Contemporary Sacramental Theology:

Symbol and Sacrament Michael G. Lawler, 1987-01-01 **Symbol and Sacrament** Louis-Marie Chauvet, 1995 This work comes at an opportune hour a time in which many complain that contemporary theology lacks a general theory of sacraments Chauvet charts a reorientation in sacramental theology from the scholastic treatments which appropriated the metaphysical categories of causality and substance to develop an essentially instrumentalist appreciation of grace in favor of an approach through the category of symbol In this approach the subject is as much grasped and transformed by the symbolic representation as is the object being interpreted Chauvet commands a wealth of scholarship which he deploys to powerful effect His work in developing a foundational theology of sacramentality will remain the standard for years to come

Sacraments Philippe Bordeyne, Bruce T. Morrill, 2008 This volume is a first ever companion to the intellectually and pastorally stimulating work of Louis Marie Chauvet one of the most important systematic theologians of liturgy and sacraments in recent times In this trans Atlantic venture pairs of leading thinkers continue the development of sacramental liturgical theology along six lines of Chauvet s thought fundamental theology Scripture and sacrament ecclesiology liturgy and ethics theology and the social sciences and the theological anthropology of symbolism Embracing his constant attention to faith is actual practice in history these francophone and anglophone authors test numerous of Chauvet s insights in the face of new challenges for the church and world the ongoing mediation of the humanity of God revealed in the crucified and risen Christ Louis Marie Chauvet retired in 2008 from the faculty of theology at the Institute Catholique de Paris while continuing his work as pastor of Saint Leu la Foret in the Diocese of Pontoise just outside Paris He is author of *Symbol and Sacrament A Sacramental Reinterpretation of Christian Existence* and *The Sacraments The Word of God at the Mercy of the Body* both published by Liturgical Press Philippe Bordeyne is professor of theological ethics and dean of the faculty of theology at the Institut Catholique de Paris Bruce T Morrill SJ holds the Edward A Maloy Chair of Catholic Studies in the divinity school at Vanderbilt University where he is also Professor of Theological Studies In addition to numerous journal articles book chapters and reviews he has published several books most recently *Encountering Christ in the Eucharist The Paschal Mystery in People Word and Sacrament* Paulist Press 2012 His most recent book with liturgical Press is *Divine Worship and Human Healing Liturgical Theology at the Margins of Life and Death* Pueblo Liturgical Press 2009

Christian Symbol and Ritual Bernard Cooke, Gary Macy, 2005-09-08 In *Christian Symbol and Ritual* Bernard Cooke and Gary Macy offer an accessible and engaging introduction to the topic written from a non denominational perspective Cooke and Macy demonstrate that celebration ritual and symbol are already central to our lives even though most do not see their actions as symbolic or ritualistic They connect central Christian symbols to the symbols and rituals already present in everyday life and place Christian theology in a familiar context After discussing the characteristics and functions of rituals they explore different kinds of ritual including those of friendship worship and healing The authors also examine such

questions as how rituals establish and maintain power relationships how official rituals are different from popular Christian rituals and devotions and how Christian rituals function in the process of human salvation Christian Symbol and Ritual is an invaluable resource for students teachers and lay readers The Sacraments Joseph Martos, 2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments org](http://www.TheSacraments.org) *Recovering the Evangelical Sacrament* Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4:5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting *The Sacraments* Michael J. Taylor, 1981 Well chosen and readable anthology of articles on contemporary sacramental theology *Liturgical Music as Ritual Symbol* Judith Marie Kubicki, 1999 In this book Sister Kubicki uses Jacques Berthier's Taizé music to explore the nature of liturgical music as ritual symbol She carries out a hermeneutical analysis of Berthier's chants and examines biographical and historical data related to the creator's of Taizé music and the founding of the Taizé community The author draws on five areas of study to interpret the Taizé chants as ritual symbol symbol theory semiotics theologies of symbol ritual theory and performative language theory The final chapter explores potential ecclesial meanings which may be mediated in the Taizé liturgy and the role of Berthier's chants in mediating that meaning The study concludes that it is music's symbolic property that enables it to be both ministerial and integral to the liturgy As symbolic activity music making evokes participation negotiates relationships

and enables the assembly to orient themselves and to find their identity and place within their world Furthermore music making provides the illocutionary force to do something in the act of singing Thus it is that as part of a complexus of ritual symbols music interacts with other symbols in mediating the liturgy s meaning *Christian Marriage and Family* Michael G. Lawler, William P. Roberts, 1996 A definite shift in the Catholic Church s understanding of marriage took place at Vatican Council II Rather than perceiving marriage as a contract whose primary purpose was the procreation of children the council spoke of marriage as an intimate partnership of life and love Then recapturing an earlier tradition it went on to describe the family as a domestic church In this book seven theologians who have lectured and written extensively on marriage probe the rich theology of marriage and family that emerged from Vatican II and explore some of the implications that flow from this theology Part One reflects on the sacramentality of marriage and on the family as a church of the home Part Two examines the pastoral implications this has for marital and family ministry and spirituality BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Signs of Freedom** Martinez, German, 2003 A comprehensive innovative and coherent vision of the sacraments that takes into account current biblical theological liturgical and ministerial developments and challenges the reader to a new awareness of their spiritual power to transform communities and lives

Sacraments Ray Robert Noll, 1999 Firmly rooted in the tradition of the Church and some of the best scholarship of the past 40 years Noll explores the sign meaning and experience of each of the seven sacraments in the church Included is a CD ROM containing articles and passages by some of today s key sacramental theologians *Secularism and the Pursuit of Transcendence, Volume II* Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us **Dialectical Anatomy of the Eucharist** Donald Wallenfang, 2017-05-16 For centuries Christian theology has understood the Eucharist in terms of metaphysics or in protest against it Today an opening has been made to imagine the sacrament through the method of phenomenology bringing about new theological life and

meaning In *Dialectical Anatomy of the Eucharist* Donald Wallenfang conducts a sustained analysis of the Eucharist through the aperture of phenomenology yet concludes the study with poetic and metaphysical twists Engaging the work of Jean Luc Marion Paul Ricoeur and Emmanuel Levinas Wallenfang proposes pioneering ideas for contemporary sacramental theology that have vast implications for interfaith and interreligious dialogue By tapping into the various currents within the Judeo Christian tradition Jewish Catholic Orthodox and Protestant a radical argument is developed that leverages the tension among them all Several new frontiers are explored dialectical theology a fourth phenomenological reduction the phenomenology of human personhood the poetics of the Eucharist and a reinterpretation of the concept of gift as conversation On the whole Wallenfang advances recent debates surrounding the relationship between phenomenology and theology by claiming an uncanny way out of emerging dead ends in philosophical theology return to the fray

Commodified Communion Antonio Eduardo Alonso, 2021-06-01 WINNER 2021 HTI BOOK PRIZE Resist This exhortation animates a remarkable range of theological reflection on consumer culture in the United States And for many theologians the source and summit of Christian cultural resistance is the Eucharist In *Commodified Communion* Antonio Eduardo Alonso calls into question this dominant mode of theological reflection on contemporary consumerism Reducing the work of theology to resistance and centering Christian hope in a Eucharist that might better support it he argues undermines our ability to talk about the activity of God within a consumer culture By reframing the question in terms of God's activity in and in spite of consumer culture this book offers a lived theological account of consumer culture that recognizes not only its deceptions but also traces of truth in its broken promises and fallen hopes **Divine Enticement: Theological Seductions**

Karmen Mackendrick, 2013 *Divine Enticement* argues for a reconception of theology and its subject matter as modes of seduction of both body and mind Theological language as evocation opens onto rereadings of faith sacrament ethics prayer and scripture The conclusion argues for a sense of theology as calling upon infinite possibility *Sacramental Theology* Bruce T. Morrill, 2019-11-18 Throughout the second half of the twentieth century sacramental theology has evolved as a discipline advancing comprehensive theories of sacraments and sacramentality as integral to the Christian faith while also studying the history and theology of the particular rites Now in the twenty first century the need for attention to the actual performance and specific social settings of sacramental worship has become well established This makes the work of sacramental theology necessarily engaged with multiple cross disciplinary theories attentive to particular contexts whether local national or global Still the divine human encounter at the heart of Christian symbol and ritual likewise beckons to philosophical theological reflection The essays in this volume begin with profound philosophical perspectives on the personal and communal sacramental experience expanding from traditional cosmology to evolutionary and chaos theories of our planetary existence continuing with shifts especially among youth to interreligious and non institutional perspectives consideration of change in popular notions of guilt and social ethical issues in relation to liturgical theology and practice so

as finally to return to fundamental theological reflection on human sacramentality and divine revelation **Embodied Words, Spoken Signs** Rhodora E. Beaton, 2014-01-01 The twentieth century witnessed renewed interest in a Roman Catholic theology of the word The contributions of Karl Rahner and sacramental theologian Louis Marie Chauvet demonstrate the Roman Catholic conviction that the word is fundamentally sacramental it has the capacity to bear God's presence to humanity Rhodora Beaton examines the work of Rahner and Chauvet to articulate the relationship between word and sacrament within the context of language culture and an already graced world as the place of divine self expression and analyzes the implications for Trinitarian theology sacramentality liturgy and action The Symbol of Water in the Gospel of John Larry Paul Jones, 1997-01-01 This study explores the meaning and function of water as a literary symbol in the Gospel of John Jones first gives an account of symbol it points beyond itself it defies clear and definitive perceptual expression and it in some way embodies that which it represents Then he examines the narrative sections of John that involve water plotting the expanding meaning and function of the symbol as the narrative unfolds The study concludes that water serves primarily as a symbol of the Spirit and therein symbolizes Jesus The symbol of water calls a wide variety of readers to a decision and functions as a bridge linking the new identity believers receive when they come to faith in Jesus with the traditions from which they came The Sins of the Nation and the Ritual of Apologies Danielle Celermajer, 2009-04-27 In the last years of the twentieth century political leaders the world over began to apologize for wrongs in their nations' pasts Many dismissed these apologies as mere words cynical attempts to avoid more costly forms of reparation others rejected them as inappropriate encroachments into politics or forms of action that belonged in personal relationships or religion To understand apology's extraordinary political emergence we have to suspend our automatic interpretations of what it means for nations to apologize and interrogate their meaning afresh Taking the reader on a journey through apology's religious history and contemporary apologetic dramas this book argues that the apologetic phenomenon marks a new stage in our recognition of the importance of collective responsibility the place of ritual in addressing national wrongs and the contribution that practices that once belonged in the religious sphere might make to contemporary politics **Sacrifice and Modern Thought** Julia Meszaros, Johannes Zachhuber, 2013-10-03 Sacrifice has always been central to the study of religion yet attempts to understand and assess the concept have usually been controversial The present book which is the result of several years of interdisciplinary collaboration suggests that in many ways the fascination with sacrifice has its roots in modernity itself Theological developments following the Reformation the rediscovery of Greek tragedies and the encounter with the practice of human sacrifice in the Americas triggered a complex and passionate debate in the sixteenth century which has never since abated Contributors to this volume leading experts from theology anthropology and literary and cultural studies describe and discuss how this modern fascination for the topic of sacrifice has evolved how it has shaped theological debate the literary imagination and anthropological theory Individual chapters discuss in depth major theological

trajectories theories of sacrifice including those of Marcel Mauss and Ren Girard and current feminist criticism They engage with sacrifice in the context of religious and philosophical thought works of literature and film They explore different yet overlapping aspects of modernity s obsession with sacrifice The book does not intend to impose a single narrative over all these diverse contributions but brings them into a conversation around a common centre
