

Joseph R. Gusfield

SYMBOLIC CRUSADE

STATUS POLITICS AND
THE AMERICAN TEMPERANCE MOVEMENT

Symbolic Crusade

Jim Kemeny

Symbolic Crusade:

Symbolic Crusade Joseph R. Gusfield,1986 The important role of the Temperance movement throughout American history is analyzed as clashes and conflicts between rival social systems cultures and status groups Sometimes the dry is winning the classic battle for prestige and political power Sometimes as in today s society he is losing This significant contribution to the theory of status conflict also discloses the importance of political acts as symbolic acts and offers a dramatistic theory of status politics Gusfield provides a useful addition to the economic and psychological modes of analysis current in the study of political and social movements

Symbolic Crusade Joseph R. Gusfield,1970 **Symbolic Crusade** Joseph R. Gusfield,1972 *Symbolic Crusade; Status Politics and the American Temperance Movement [By] Joseph R. Gusfield* Joseph R Gusfield, Deviance and Social Control in Sport Michael Atkinson,Kevin Young,2008 Deviance and Social Control in Sport challenges preconceived understandings regarding the relationship of deviance and sport and offers a conceptual framework for future work in a variety of sociological subfields

Citizens for Decency Louis A. Zurcher, Jr.,R. George Kirkpatrick,1976-03-01 Throughout the United States groups of individuals have been confronting the issues surrounding sexually explicit materials Many have concurred in their perceptions of what is pornographic have assessed pornography to be a problem our society must deal with and have made organized efforts within their communities to stop or restrict the commercial availability of such materials Citizens for Decency is an examination of two antipornography crusades one in the Midwest and the other in the Southwest It examines the evolution and impact of such crusades the satisfaction derived from participating and the relevant characteristics of the participants and their opponents It is the first systematic comprehensive and theory oriented study of antipornography crusades and one of the few studies that analyze movements to resist change The book begins with the assumption that the term pornography is a value judgment and that the labeling of sexually explicit materials as pornographic can be adequately understood only in the wider context of sociological and psychological structures and processes In approaching the antipornography crusades Louis A Zurcher and R George Kirkpatrick gathered data by observation and document search and by interviews with persons well informed about and central to the crusades Their examination of the organizations that directed the two movements is particularly extensive and their comparative analysis of the two organizations allows them to determine which features are the most important how these characteristics interact and what their relationship is to the symbolic crusade Among their important findings the authors show that antipornography crusaders are people discontent with their status who have mobilized to protect the dominance and prestige of their traditional life styles The participants in the crusades are shown to differ from their opponents in a number of significant ways In the final chapters the authors analyze their findings with reference to social movement theory and offer predictions concerning future symbolic crusades

The Ethics of Cultural Studies Joanna Zylińska,2005-05-01 Ethical questions feature prominently on today s cultural andpolitical agendas The Ethics of Cultural

Studies presents an ethical manifesto for Cultural Studies an exploration of its current ethical and political concerns and of its future challenges The book is concerned with ethics in the material world and draws on examples as diverse as cloning and genetics asylum and immigration experiments in plastic surgery and in electronic and digital art memories of the Holocaust September 11th and media representations of violence and crime The Ethics of Cultural Studies is a groundbreaking intervention that sets the debate on ethics in cultural study and offers an invaluable source of ideas for students of contemporary culture

Crusade: The Uses of a Word from the Middle Ages to the Present Benjamin Weber, 2024-01-29 The word crusade covers today a wide variety of meanings in most European languages The link between these uses and the historical phenomenon labelled as crusade by historians is often very narrow and particularly changing Understanding the real meaning of the word crusade its connotations and implications and thus the conscious or unconscious intentions of its uses requires a precise knowledge of the historical evolutions of the word from its first appearance in the 13th century until nowadays This book offers the first comprehensive view of the historical construction of the meaning of the word crusade through comparative perspectives from the Middle Ages to the 21st century Its 11 articles introduction and conclusion examine different uses of the word in a single language or within a specific context and analyse each of them as a different conceptualisation of the crusading phenomenon The book explains the progressive widening of the meaning of the term from a military expedition to Jerusalem to the most metaphorical uses It demonstrates the differences between the connotations of the word in various languages and cultures and thus the variety of its possible uses It insists on the reluctance and reticence that crusade has always provoked since the Middle Ages precisely because the conceptualisation it implied was not shared by all The book will be of interest not only for crusade scholars and for diachronic linguists but also for anyone interested in understanding better modern discourses and references to the crusade by politicians activists and journalists through a precise inquiry on the historical developments of the word and the variety of its meanings

Legal Technique Christopher Enright, 2002 This title is no longer stocked by us It is now available directly from Christopher Enright cenrigh2@une.edu.au How should lawyers go about their tasks in working with law in making interpreting using reading and writing law Enright's book describes clear and simple techniques for working with law It explains why the technique is needed and what it achieves and then provides a model for doing it Each model consists of a step by step guide for performing the relevant task Legal Technique is structured to be the textbook in an introductory law course where the techniques are described and intended for re use in later courses on substantive law where these techniques must be further taught and practised in the context of those subjects Legal Technique is accompanied by a free Legal Technique eWorkbook see Supplement containing materials questions and answers Included are exercises for working with statutes cases legal texts and for solving legal problems further exercises to practise approaches to common law and statutory law subjects generally and specific exercises for the subjects Introduction to Law Constitutional Law and Property Law

Drinking

Susanna Barrows, Robin Room, 2023-11-15 *Drinking Behavior and Belief in Modern History* explores the complex and multifaceted role of alcohol in shaping cultures societies and behaviors throughout modern history The book brings together diverse essays from historians and sociologists examining how alcohol consumption has influenced daily life social movements and political ideologies By exploring the material and symbolic significance of alcohol the volume sheds light on its place in social history drawing connections between drinking practices and broader societal changes The book also delves into the responses to alcohol related problems from the temperance movements of the 19th century to modern day medicalization and state interventions showing how alcohol has been both a source of cultural identity and a focal point for social control Through interdisciplinary perspectives the collection offers valuable insights into how alcohol consumption reflects and shapes power dynamics class structures and cultural norms By analyzing drinking subcultures the book uncovers the different ways alcohol has been consumed and understood across time and places from working class taverns to elite private rituals The authors also explore how alcohol related policies and societal reactions have evolved offering a deep and thoughtful look into the complex relationship between alcohol and society *Drinking Behavior and Belief in Modern History* is an essential read for anyone interested in understanding the social cultural and political dimensions of alcohol throughout modern history This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991

Crime Philip Bean, 2003 *The Expressive Powers of Law* Richard H. McAdams, 2015-02-09 Why do people obey the law Law deters crime by specifying sanctions and because people internalize its authority But Richard McAdams says law also generates compliance through its expressive power to coordinate behavior traffic laws and inform beliefs smoking bans that is simply by what it says rather than what it sanctions

Social Constructionism in Housing Research Jim Kemeny, 2017-05-15 By stressing the importance of subjectivity and interpretation social constructionism offers a different conception of reality from the traditional approach to housing policy analysis This book provides an up to date review of the social constructionist perspective and considers its philosophical basis It discusses how social problems are constructed and in turn how this informs policy making It is divided into two parts The first section is theoretical and discusses the variety of conceptual approaches utilised within the constructionist paradigm The second part provides a number of empirically based case studies from the UK and Australia to illustrate the different methodologies that form the social constructionist corpus The book also evaluates both the criticisms that have been made against the social constructionist perspective and the strengths and weaknesses of constructionist methods It therefore contributes to the development of a future research agenda for social constructionist research in housing and urban policy

[Encyclopedia of Social Deviance](#) Craig J. Forsyth, Heith Copes, 2014-01-21 Social deviance any behavior that violates a cultural norm can

involve something as major as crime or as minor as consistently and deliberately wearing lively mismatched socks Whether a crime a sin or simply unique taste what is considered deviant at one time and place can change as when extensive tattooing and body art evolved from a sideshow carnival spectacle to a nearly universal rite of passage within U S culture Drawing contributions from across the social and behavioral sciences including sociology anthropology criminology politics psychology and religion the Encyclopedia of Social Deviance introduces readers to the lively field of rule making and rebellion that strikes at the core of what it means to be an individual living in a social world Key Features More than 300 articles authored by key figures in the field are organized A to Z in two volumes Each article concludes with cross references to related entries and further readings A thematic Reader's Guide groups related articles by broad areas e g Concepts Theories Research Methodologies Individual Deviance Organizational Deviance etc as one handy search feature on the e Reference platform which also includes a comprehensive index of search terms Available in both electronic and print formats this two volume A to Z encyclopedia set is a must have resource for students and researchers who seek to understand social deviance Key Themes Crime Property Crime Sex Crime Violent Crime White Collar Corporate Defining Deviance Deviance in Social Institutions Deviant Subcultures Discrimination Drug Use and Abuse Marriage and Family Deviance Measuring Deviance Mental and Physical Disabilities Methodology for Studying Deviance Self Destructive Deviance Sexual Deviance Social and Political Protest Social Control and Deviance Studying Deviant Subcultures Technology and Deviance Theories of Deviance Macro Theories of Deviance Micro Transitional Deviance

Moral Panics in the Contemporary World Julian Petley, Chas Critcher, Jason Hughes, Amanda Rohloff, 2016-05-19 Moral Panics in the Contemporary World represents the best current theoretical and empirical work on the topic taken from the international conference on moral panics held at Brunel University The range of contributors from established scholars to emerging ones in the field and from a working journalist as well helps to cover a wide range of moral panics both old and new and extend the geographical scope of moral panic analysis to previously underrepresented areas Designed from the outset to comprise a coherent and integrated set of viewpoints which share a common engagement with critically exploring moral panics in the contemporary world it contains case studies instantly recognisable and familiar to a student readership drugs alcohol sexual abuse and racism The collection brings a fresh approach to analysis and argument by testing and extending the concept of moral panic and analyzing a range of topics and geographical contexts accurately reflecting the state of the art moral panics research today

Narrative and Metaphor in the Law Michael Hanne, Robert Weisberg, 2018-02-08 It has long been recognized that court trials both criminal and civil in the common law system operate around pairs of competing narratives told by opposing advocates In recent years however it has increasingly been argued that narrative flows in many directions and through every form of legal theory and practice Interest in the part played by metaphor in the law including metaphors for the law and for many standard concepts in legal practice has also been strong though research under the metaphor banner has been much more fragmentary In this book for

the first time a distinguished group of legal scholars collaborating with specialists from cognitive theory journalism rhetoric social psychology criminology and legal activism explore how narrative and metaphor are both vital to the legal process Together they examine topics including concepts of law legal persuasion human rights law gender in the law innovations in legal thinking legal activism creative work around the law and public debate around crime and punishment *Governance and Regulation in Social Life* Augustine Brannigan, George Pavlich, 2007-03-06 With leading international contributors this text is the only work currently available that examines W G Carson and his crucial influence in the turn towards sociological approaches to criminology and a criminological interest in governance and social control *The New England Watch and Ward Society* Paul Charles Kemeny, 2018 The New England Watch and Ward Society provides a new window into the history of American Protestantism during the late nineteenth and early twentieth centuries By suppressing obscene literature gambling and prostitution the moral reform organization embodied Protestant efforts to shape public morality in an increasing intellectually and culturally diverse society **A Dictionary of Criminology** Dermot Walsh, Adrian Poole, 2019-03-11 Originally published in 1983 This Dictionary provides a wide ranging guide to concepts and terminology frequently used in criminology It will not only inform and stimulate but will also bring clarity and integration to a subject where the understanding of key words and phrases is essential Entries include concise information on definition use inter connection and notes on relevant literature Assembled thus in one volume the entries supply an overall view of criminology which makes the Dictionary an essential reference text for students and working professionals in criminology forensic medicine law the police and prison services psychiatry psychology social work and sociology *Conceptions and Misconceptions of Legislation* A. Daniel Oliver-Lalana, 2019-06-14 This volume brings together an international group of legal scholars to discuss different approaches to lawmaking As well as reflecting the diversity of jurisprudence as a re emerging academic field it offers a broad overview of current developments and challenges in the theory of legislation and aspires moreover to counterbalance some questionable ideas or misconceptions widespread among jurists on what making laws entails The book is organized into three parts The first comprises a sample of ways and models of legislation ranging from classic legislative ideals to contemporary forms of regulation The essays in this part variances of focus notwithstanding revolve around the notions of legislative rationality quality effectiveness and legitimacy which may be regarded as the cornerstones of jurisprudence Interwoven with these notions is another core jurisprudential concern the justification of laws We address it separately in the next part by exploring the connection between lawmaking argumentation and constitutional democracy under the heading legislation in a culture of justification a number of aspects of this connection are tackled that have not been sufficiently considered so far in jurisprudential literature such as the intricacies of legislative reasoning and balancing or the justificatory problems posed by special interest legislation The under privileged status of jurisprudence in legal studies and the need for socially attentive and citizen oriented legislative research come to the fore in the third part of

the book which turns to the relationships between legisprudence lawyers and citizens All in all the thirteen articles gathered here provide a stimulating insight into the theory of legislation and can hopefully contribute to the reconciliation of the study of law and the study of its making
