The Symbolism of Habitat Jay Appleton,1990 The United Symbolism of America Robert Hieronimus,Laura Cortner,2008-04-01 Describes how symbols in American art architecture and popular culture include hidden meanings to provoke particular emotions and associations from their viewers

A Place of My Own Michael Pollan,2013-03-06 A captivating personal inquiry into the art of architecture the craft of building and the meaning of modern work A room of one's own Is there anybody who hasn't at one time or another wished for such a place hasn't turned those soft words over until they'd assumed a habitable shape When Michael Pollan decided to plant a garden the result was the acclaimed bestseller *Second Nature* In *A Place of My Own* he turns his sharp insight to the craft of building as he recounts the process of designing and constructing a small one room structure on his rural Connecticut property a place in which he hoped to read write and daydream built with his own two unhandy hands Invoking the titans of architecture literature and philosophy from Vitruvius to Thoreau from the Chinese masters of feng shui to the revolutionary Frank Lloyd Wright Pollan brilliantly chronicles a realm of blueprints joints and trusses as he peers into the ephemeral nature of houseness itself From the spark of an idea to the search for a perfect site to the raising of a ridgepole Pollan revels in the infinitely detailed complex process of creating a finished structure At once superbly written informative and enormously entertaining *A Place of My Own* is for anyone who has ever wondered how the walls around us take shape and how we might shape them ourselves Praise for *A Place of My Own* A glorious piece of prose Pollan leads readers on his adventure with humor and grace *Chicago Tribune* Pollan alternates between describing the building process and introducing informative asides on various aspects of construction These explanations are deftly and economically supplied Pollan's beginner status serves him well for he asks the kind of obvious questions about building that most readers will want answered *The New York Review of Books* By shrewdly combining just the right mix of personal reflection architectural background and nuts and bolts detail Michael Pollan enables us to see feel and understand what goes into the building of a house The result is a captivating and informative adventure John Berendt author of *Midnight in the Garden of Good and Evil* An utterly terrific book an inspired meditation on the complex relationship between space the human body and the human spirit Francine du Plessix Gray *A tour de force* Phillip Lopate
