Animals, Ethics and Trade Joyce D'Silva,Jacky Turner,2012-05-16

Modern urban life cuts us off from direct connection with the animal world yet daily the lives of millions of animals are affected by what we consume and wear and what we trade in The use of animals for food labour and pleasure pursuits has long been justified with the assumption that unlike humans animals aren t fully sentient beings In recent years however science has revealed an astonishing array of complex animal behaviour and scientists and policy makers now accept that the

animals we make use of are indeed conscious with preferences and intentions The implications for our culture of factory farming fast food and rainforest liquidation are staggering In this powerful book internationally renowned experts on animal behaviour and agriculture such as Jane Goodall Tim Lang and Vandana Shiva are brought together with ethicists religious scholars international industry and regulators for the first time to debate these critical issues and tackle the profound implications of animal sentience The first sections discuss scientific and ethical perspectives on the consciousness emotions and mental abilities of animals Later sections address how human activities such as science law religion farming food production trade development and education respect or ignore animals sentience and welfare and review the options for changes in our policies our practices and our thinking The result is nothing less than a stark and necessary look into the heart of humanity and the ethics that govern our animal powered society

Rebekah Humphreys,2023-06-20 With an ever growing body of evidence on the links between different oppressions never have the debates in Critical Animal Studies surrounding intersectionality in relation to animal ethics been more important In particular the arguments related to anthropomorphic attributes of mentality to other than humans promise to provide fruitful new ground for re assessing human animal relations This book maps the central debates surrounding anthropomorphism in relation to our descriptions of animals their lives animal mentality and meaningful communication in the nonhuman world Rebekah Humphreys synthesizes the work of critical animal theorists philosophers and cognitive ethologists and provides a critical account of how the debates concerning anthropomorphism play a key role in a proper understanding of animal ethics

Dialogues on Ethical Vegetarianism Michael Huemer,2025-06-02 Worldwide every year 83 billion animals are slaughtered on factory farms at the end of brief lives full of suffering Is it wrong to buy the products of this industry In this book two college students a meat eater and an ethical vegetarian discuss this question in a series of dialogues conducted over five days Issues covered include how intelligence affects the badness of pain whether consumers are responsible for the practices of the industry how individual choices affect an industry whether farm animals are better off living on factory farms than not existing at all whether meat eating is natural whether morality protects those who cannot understand morality whether morality protects those who are not members of society whether humans alone possess souls whether different creatures have different degrees of consciousness why extreme animal welfare positions sound crazy and the role of empathy in moral judgment The two go on to discuss the vegan life why people who accept the arguments often fail to change their behavior and how vegans should interact with non vegans This Second Edition also covers many new topics including Satisfying nutritional needs with plant based foods The overall health effects of vegetarian diets The consumer costs of a plant based diet Synthetic meat Food deserts Christian inspired arguments for and against veganism Progressive inspired arguments for and against veganism A new appendix offers readers delicious vegan recipes including ones for Carrot Ginger Soup Avocado Toast Compassionate Chili and The Smoothie of the Gods Key Features Thoroughly reviews the common arguments on both sides of the debate Dialogue format provides the most engaging way of introducing the issues Written in clear conversational prose for a popular audience Offers new insights into the psychology of our dietary choices and our

responsibility for influencing others New in this edition several easy and delicious vegan recipes *How Our Love of Dogs Creates Social Conflict* James K. Beggan, 2022-09-07 For the last twenty thousand years dogs and people have shared a unique bond in the animal kingdom In *How Our Love of Dogs Creates Social Conflict* James K Beggan uses symbolic interaction to examine the meaning that dogs have for people as friends and family members Although many animal rights advocates express dismay over the subordinate status ownership implies the author argues that ownership creates a powerful psychological connection that makes it easier for people to imbue dogs with humanlike characteristics Beggan outlines how dogs sensitivity to inequity in combination with a high degree of cognitive capacity makes it possible for dogs to be active agents in creating conflict between people The author s analysis of social conflict between people over their dogs connects to profound philosophical concepts about the nature of mind the relationship between humans and animals and the moral responsibility human beings have to dogs and other animals
