citizenship from the Court's decisions in recent decades would conclude that the following actions taken by educators pass constitutional muster inflicting severe corporal punishment on students without any procedural protections searching students and their possessions without probable cause in bids to uncover violations of school rules random drug testing of students who are not suspected of wrongdoing and suppressing student speech for the view point it espouses Taking their cue from such decisions lower courts have upheld a wide array of dubious school actions including degrading strip searches repressive dress codes draconian zero tolerance disciplinary policies and severe restrictions on off campus speech Driver surveys this legal landscape with eloquence highlights the gripping personal narratives behind landmark clashes and warns that the repeated failure to honor students rights threatens our basic constitutional order This magisterial book will make it impossible to view American schools or America itself in the same way again Bulletin of the Atomic Scientists ,1996-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world **Youth Alternatives, Youth Awareness Press** Robert E.
