**Taking It Like a Man** David Savran, 1998-03-30 From the Beat poets incarnation of the white Negro through Iron John and the Men's Movement to the paranoid masculinity of Timothy McVeigh white men in this country have increasingly imagined themselves as victims In *Taking It Like a Man* David Savran explores the social and sexual tensions that have helped to produce this phenomenon Beginning with the 1940s when many white middle class men moved into a rule bound corporate culture Savran sifts through literary cinematic and journalistic examples that construct the white man as victimized feminized internally divided and self destructive Savran considers how this widely perceived loss of male power has played itself out on both psychoanalytical and political levels as he draws upon various concepts of masochism the most counterintuitive of the so called perversions and the one most insistently associated with femininity Savran begins with the writings and self mythologization of Beat writers William Burroughs Allen Ginsberg and Jack Kerouac Although their independent law defying lifestyles seemed distinctively and ruggedly masculine their literary art and personal relations with other men in fact allowed them to take up social and psychic positions associated with women and racial minorities Arguing that this dissident masculinity has become increasingly central to U S culture Savran analyzes the success of Sam Shepard as both writer and star as well as the emergence of a new kind of action hero in movies like *Rambo* and *Twister* He contends that with the limited success of the civil rights and women's movements white masculinity has been reconfigured to reflect the fantasy that the white male has become the victim of the scant progress made by African Americans and women *Taking It Like a Man* provocatively applies psychoanalysis to history The willingness to inflict pain upon the self for example serves as a measure of men's attempts to take control of their situations and their ambiguous relationship to women Discussing S M and sexual liberation in their historical contexts enables Savran to consider not only the psychological function of masochism but also the broader issues of political and social power as experienced by both men and women **Drink Like a Woman**

*Shot/Countershot* Lucy Fischer,2014-07-14 Do films made by women comprise a counter cinema radically different from the dominant tradition Feminist film critics contend that women filmmakers do present from a distinctive vision or countershot and Lucy Fischer argues persuasively for this view In rich detail this book relates the idea of a counter cinema to theories of intertextuality and locates it in the broad context of recent feminist film literary and art criticism Fischer also employs an original critical model of the dialogue between women s cinema and film tradition in the very organization of the book Each chapter discusses a theme or genre such as the musical the double the myth of womanhood and the figure of the actress counterposing two or more works from the feminist and from the dominant cinema What emerges is a fascinating picture of a women s film tradition that not only addresses but reworks and remakes the mainstream cinema Fischer successfully combines two main strains of feminist criticism the deconstructive critique of the dominant culture from a feminist standpoint and the study of a feminist counterculture Examining films from *Persona* and *The Lady from Shanghai* to *Girlfriends and Sisters* or *the Balance of Happiness* the book offers fresh interpretations of individual works and can incidentally serve as an introduction to the field of feminist film criticism Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      **McClure's Magazine** ,1905      What People Leave Behind Francesca Comunello,Fabrizio
