Richard Wright's Travel Writings Virginia Whatley Smith, 2009-11-12 Attracted to remote lands by his interest in the postcolonial struggle Richard Wright 1908 1960 became one of the few African Americans of his time to engage in travel writing He went to emerging nations not as a sightseer but as a student of their cultures learning the politics and the processes of social transformation When Wright fled from the United States in 1946 to live as an expatriate in Paris he was exposed to intellectual thoughts and challenges that transcended his social and political education in America Three events broadened his world view his introduction to French existentialism the rise of the Pan Africanist movement to decolonize Africa and Indonesia s declaration of independence from colonial rule in 1945 During the 1950s as he traveled to emerging nations his encounters produced four travel narratives Black Power 1953 The Color Curtain 1956 Pagan Spain 1956 and White Man Listen 1957 Upon his death in 1960 he left behind an unfinished book on French West Africa which exists only in notes outlines and a draft Written by multinational scholars this collection of essays exploring Wright s travel writings shows how in his hands the genre of travel writing resisted adapted or modified the forms and formats practiced by white authors Enhanced by nine photographs taken by Wright during his travels the essays focus on each of Wright s four separate narratives as well as upon his unfinished book and reveal how Wright drew on such non Western influences as the African American slave narrative and Asian literature of protest and resistance The essays critique Wright s representation of customs and people and employ a broad range of interpretive modes including the theories of formalism feminism and postmodernism among others Wright s travel books are proven to be innovative narratives that laid down the roots of such later genres as postcolonial literature contemporary travel

writing and resistance literature

Tradition-Based Natural Resource Management Edward W. Glazier, 2019-05-10

This book addresses the complex socio political context of natural resource management in coastal and marine environments throughout the contemporary Pacific Islands and provides lessons that can be applied around the globe. The author spotlights one particular case in which Native Hawaiians worked successfully to develop a formal policy mechanism through which to advise government agencies in the State of Hawaii on matters regarding traditional and customary use and management of the island's natural resources. Glazier describes historic traditional aspects of natural resource use and management in the Hawaiian Islands and the challenging process that was employed to enhance the capacity of modern Hawaiians to influence the course of their future. This process successfully broached and addressed truly difficult challenges including but not limited to the convening of representatives of a complex society of indigenous persons in order to elicit traditional place based knowledge and varying perspectives on the appropriate use and management of natural resources, the incorporation of such knowledge and perspectives into the modern natural resource management and policy context, and the need to balance the interests of indigenous persons and those of more recently arriving persons around the island chain. The lessons learned were many and varied and are particularly germane for resource managers, scientists, policymakers, and indigenous persons seeking to undertake balanced natural resource policy decisions in island coastal and indigenous settings around the Pacific and beyond.

Society in Focus William E. Thompson, Joseph V. Hickey, Mica L. Thompson, 2016-04-20. Examining the role of mass media and information technology in contemporary society. *Society In Focus* Eighth Edition emphasizes the increasing diversity and globalization of societies everywhere. It is designed to help students think clearly and critically about sociological issues, concepts, and methods. Questioning is at the heart of this approach, and as students read this book, they are encouraged to become part of the sociological enterprise rather than remain passive observers. Every element of the text is designed to challenge students to evaluate social issues and guided by the sociological imagination to clearly formulate their own positions. By asking questions that demand sociological and creative thought, students are reminded that their conclusions and decisions, as well as their non-decisions and inaction, may have important social consequences. New to this edition: New coauthor Mica Thompson, an experienced teacher of introduction to sociology, brings a fresh new perspective as well as a wide array of different life experiences to this edition of *Society in Focus*. An expanded critical analysis in Chapter 1 introduces all forms of media and technology, and every chapter examines an aspect of their powerful social influence. Chapters 9, 16, and 17 have been updated to include the most recent worldwide financial and economic developments to help explain globalization and cultural diversity. Expanded application of feminist theory in every chapter to help students recognize the importance of gender diversity and the contributions of that theoretical perspective in sociology. Updated and brand new boxes throughout encourage students to take a closer look at society and selected social issues.
