Taking Wing:

Taking Wing Pat Shipman, 1999-01-15 In 1861 just a few years after the publication of Charles Darwin's *On the Origin of Species* a scientist named Hermann von Meyer made an amazing discovery Hidden in the Bavarian region of Germany was a fossil skeleton so exquisitely preserved that its wings and feathers were as obvious as its reptilian jaws and tail This transitional creature offered tangible proof of Darwin's theory of evolution Hailed as the First Bird Archaeopteryx has remained the subject of heated debates for the last 140 years Are birds actually living dinosaurs Where does the fossil record really lead Did flight originate from the ground up or trees down Pat Shipman traces the age old human desire to soar above the earth and to understand what has come before us *Taking Wing* is science as adventure story told with all the drama by which scientific understanding unfolds

Taking Wing Nancy Price Graff, 2005 Gus never imagined himself a parent at thirteen But in the war fraught summer of 1942 while living on his grandparents Vermont farm he adopts a clutch of orphaned duck eggs Gus can relate to the foundlings as he is apart from and yearns for his own family One day Gus finds a young stranger standing over the incubating eggs Gus doesn't know what to make of her with her tattered clothing and strange accent but soon the girl is helping to care for the newly hatched ducklings and she and Gus become fast friends Not everyone shares Gus's high opinion of Louise whose poverty stricken French Canadian family is shunned by the townspeople His attempt to help his friend and her family has some embarrassing consequences and he must make retribution if he is to keep Louise's friendship Nancy Price Graff's fluid narrative and exceptional eye for detail follow Gus during a time of food rationing Victory gardens watching for enemy planes and keeping his ducks from harm

emotionally damaged rogue female in his truck they part ways He s haunted by her presence in his heart until they re reunited in his eyrie When she s torn from his arms he ll stop at nothing to have the woman he now calls Shadow returned to his side Skyfall When Cloud is expelled from Master Sky s ranger training program the last gryphon she expects to find at her den is her old lover Soar Now she s the only gryphon with the skills to get inside a corrupt Calgary eyrie and Soar needs her in more ways than one Cloud has little choice but to accept the mission Success will get her back in Sky s good books but accepting Soar as her working partner will either heal her broken heart or ruin it completely Master Soar walked out of Cloud s life when her departure to the ranger program was inevitable She was motivated beautiful and too young to tie herself to someone like him As much as it hurt it was better to let her go But when the Calgary eyrie is at the centre of a conspiracy to destroy his own he s forced to play every card he has including Cloud When Cloud shuts him out and starts to operate on her own he has no choice but to go in after her risking the entire mission to get the gryphon he loves out alive
