Taking Your Camera To Vietnam:

Shooting Vietnam Dan Brookes, Bob Hillerby, 2019-05-30 Discover what it was like to be amidst the action as a military photographer during the Vietnam War Shooting Vietnam takes you there as you read the firsthand accounts and view the hundreds of photographs by men who lived the war through the lens of a camera From the mid 1960s to the early 1970s they documented everything from the horror of combat to the people and culture of a land they suddenly found themselves immersed in Some juggled cameras with weapons as they fought to survive while carrying out their assignments to record the war Others did not survive Shooting Vietnam also finally brings recognition to these unheralded military combat photographers in Vietnam that documented the brutal unpopular and futile war Often during a brief respite from trudging through swamps and rice paddies or jumping from a chopper into a hot landing zone the photographers would wander the streets of villages or even downtown Saigon curiously photographing a people and a culture so strange and different to them It is these photographs of a kinder more personal nature removed from the horror and death of war that they also share with the reader The accounts in this book come from young men thrust into a conflict half way around the world and all who had their own unique perspective on the war Some were seasoned photographers before the military others had only recently held a camera for the first time The photography is excellent an essential read to anyone interested in the Vietnam War or conflict photography in general War History Online

Romancing Vietnam Justin Wintle, 2006 When the Vietnam War finally ended in April 1975 with the communist capture of Saigon Vietnam itself became a closed country out of bounds to western travellers and journalists By 1989 however such was Vietnams economic plight that the government decided the time had come to open its doors again albeit most gingerly By a stroke of good fortune Justin Wintle became the first writer from the West to be allowed to journey around the whole of Vietnam This is Justin Wintles classic account of what he found in postwar Vietnam and how for three months he played cat and mouse with those charged with keeping him in line while developing a profound love for more ordinary Vietnamese and the astonishing landscapes they inhabit MultiCultural Review , 2005 Keep Your Head Down: Vietnam, the Sixties, and a Journey of Self-Discovery Doug Anderson, 2009-07-13 An award winning poet highlights the vibrant history of his generation in a farewell to Vietnam the chaotic sixties and their long aftermath We tend to write about what will not go away Doug Anderson says in this candid darkly humorous journey of self discovery Beginning in 1943 in the pre civil rights South filled with tobacco and war stories he recalls the difficult childhood that propels him into service in Vietnam In 1967 having returned home deeply shaken by his experience as a combat medical corpsman Anderson plunges into the heady freedoms and excesses of the sixties His downward spiral through booze substance abuse and sex brings him dangerously close to a total breakdown Finally in a return group visit to Vietnam in 2000 he meets with former enemies now become writers and poets Moved by the realization that the last time I saw these people they were trying to kill me Anderson confronts the past and calls upon a story this powerful story to rebuild a life

has all the exciting tales of peril hardship and close calls of the best battle memoirs but it is primarily a story of very real and yet remarkable people the soldiers who fought bled and died and the reporters and photographers who went right to the frontlines to record their stories and memorialize their sacrifice If this was truly the first television war then it is time to hear the story of the cameramen who shot the pictures and the reporters who wrote the stories that the average American witnessed daily in their living rooms An award winning sensation when it was released in Japan in 2008 this book has been completely recreated for an international audience Tony Hirashiki is an essential piece of the foundation on which ABC was built Tony reported the news with his camera and in doing so he brought the truth about the important events of our day to millions of Americans David Westin former President of ABC News
