Sider,2012-03-23 The national deficit is certainly a crisis But alongside it a moral deficit is exploding as well Some want to unjustly thrust the burden of the debt on our grandchildren Others want to balance the budget on the backs of the poor But both plans are morally bankrupt There is a way a realistic way a moral way to fix the deficit We can break political gridlock with solutions that stand on a foundation of solid values and fair play If you are tired of politics as usual that fails to operate as if people mattered take heart in Ron Sider s balanced practical approach Consistent with deeply Christian principles he offers a way forward that truly provides justice for all **The Moral Life According to Mark** M. for business ethics casuistry virtue ethics and the business case method In doing so it considers the overlap and synergy of casuistry and virtue ethics the similarities and differences of casuistry and the business case method and the relationships between emerging and well established cases The goal of the book is twofold to provide a distinctly practical method for moral decision making within the context of business and to illustrate how contemporary vexing issues are similar to those of the past and how they might be resolved satisfactorily *Ethical Fundraising* Janice Gow Pettey,2008-06-30 Ethical
