**Summary of Sharon Strand Ellison's Taking the War Out of Our Words** Everest Media, 2022-06-04T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The motto To be open is to be vulnerable and to be vulnerable is to be weak underlies all the defensive maneuvers we use in war We use this same rule of war when talking to each other thinking that being guarded and closed is our best protection 2 We can become defensive when we feel a need to protect ourselves from being hurt or controlled We protect our ego our self image when we talk to others rather than protecting our body 3 When we react defensively treating even a loved one as an adversary we stop seeing the complexity of the other person s motivations We see the other person s reaction only in terms of how it is directed at us as if they were an enemy approaching in battle 4 When we are defensive with each other we create emotional walls that prevent us from understanding that most people like us just want to live their lives
