United States. USAF Historical Division, 1969 This collection of squadron histories has been prepared by the

USAF Historical Division to complement the Division's book *Air Force Combat Units of World War II*. The 1,226 units covered by this volume are the combat tactical squadrons that were active between 7 December 1941 and 2 September 1945. Each squadron is traced from its beginning through 5 March 1963, the fiftieth anniversary of the organization of the 1st Aero later Bombardment Squadron, the first Army unit to be equipped with aircraft for tactical operations. For each squadron there is a statement of the official lineage and data on the unit's assignments, stations, aircraft, and missiles operations, service streamers, campaign participation, decorations, and emblem.

**Air Force and Space Digest**, 1945 [Flying Magazine](#), 1952-10 *Bleeding Sky* Joey Maddox, 2009-09-11. This is the true story of Captain Fletcher E. Adams and the famous 357th Fighter Group. Known collectively as the Yoxford Boys, the 357th was the first P-51 Mustang fighter group in the history of the Mighty 8th Air Force. Although active for less than two years during World War II, the group set many records and became one of the greatest fighter outfits the U.S. Air Force would ever send into combat. Between February 1944 and April 1945, the 357th produced more aces than any other American fighter group. They also shot down more German jets than any other group in the Army Air Corps during the Second World War. On January 14, 1945, a day that will forever be known as The Great Rat Race and The Big Day, the 357th Fighter Group shot down 55 P-51 German fighters in just over two hours, setting a record in military aviation that has never and probably will never be broken. Among the members of this amazing group of fighter pilots were Chuck Yeager, Bud Anderson, Kit Carson, John England, and others destined for fame. So was Captain Fletcher E. Adams, a native son of the small village of Ida, Louisiana. Then on May 30, 1944, Adams, the leading ace of the 357th Fighter Group with 9 kills to his credit, was shot down over Tiddische, Germany, and murdered by civilians on the ground. This is their story as told by the pilots through their books, diaries, and interviews with the author. Theirs was an adventure never to be matched again in the annals of aviation history. Find out what it was really like to go to war with the Yoxford Boys. This book gives us the best insight into a tragic causality of WW II and the mystery of what happened to Captain Fletcher E. Adams. Joey Maddox's use of other voices, quotes, and investigative interviews make the story interesting. You'll not only learn about Fletcher Adams but also the history of the 357th Fighter Group. I found the use of Adams' personal diary an illegal practice in wartime particularly interesting to learn of his personal feelings during his training and combat.

Clarence E. Bud Anderson, Colonel USAF Ret. **388th Anthology** Richard L. Singer, 2001. The 388th Bombardment Group H arrived at Station 136 Knettishall, England, in mid-1943 and sent B-17s against Nazi Germany for two years until its mission was accomplished. The Group stood down in June 1945. This is the compelling story of the men of the 388th, the combat crews and the ground support, told in their own words. Here, in this second of two volumes, are their true, detailed, and enthralling accounts of air combat and base life, of terror in the skies and mischief on the ground, tales of Knettishall, The Country Club of the Eighth Air Force, of leaves in London and forced POW marches, of wartime romances, the horror of combat, personal tragedies, and heroic escapes. Tales of fear and pride, loneliness and resolve, tales of life and death. Through personal reminiscences, mission diaries,

photographs daily bulletins base newsletters newspaper articles and radio interviews the 388th Anthology tells the full and exciting story of what it was like to be there as history was made and the world was saved      **Aircraft Markings of the Strategic Air Command, 1946-1953** Rick Rodrigues, 2024-10-17 In the aftermath of World War II the Continental Air Command was redesignated as the Strategic Air Command SAC as part of a plan to organize the Army Air Forces around three new organizations based on strategic tactical and air defense missions Nearly everything about the SAC was secretive its capabilities strengths order of battle and unit identities Its aircraft were rarely photographed and those images that were captured revealed little information This book comprehensively documents SAC tactical aircraft markings from the organization s inception in 1946 to the end of the tail marking era in April 1953 a period when the marking schemes included large tail markings vivid squadron identification markings and attractive colorful unit insignia The SAC s history is described along with the evolution of its aircraft markings policy and basic definitions of markings terminology There are individual unit sections on SAC s bombardment strategic reconnaissance and fighter groups and wings The text is heavily illustrated and features many never before seen photographs of SAC aircraft in full war paint      **Air Force** ,1945      D-Day Bombers Stephen Darlow, Shanda Brown, 2010-03-11 Eyewitness accounts of heavy bombers on D Day Rarely told story of what happened above the beaches Detailed descriptions of various bombing runs      *Untold Until Now* Karen Brantley, 1999 A generation of men who fought for our freedom looks back at their lives some with melancholy some with unforgotten energy and other with reluctance World War II means something different to each man who served yet a common and tightly woven thread binds their attitudes and senses of patriotism This moving book captures the long lost era when men were men when going to war meant actually engaging the enemy rather than raining bombs on them from above and never actually seeing them Those stories have something to tell us about lives the lives of the men interviewed our own lives and the lives of the millions of people who did not live through another of mankind s follies      The Stories of Heinrich Böll Heinrich Böll, 1995 Contains 63 stories and novellas by one of Germany s greatest writers
