Rolfe,2018-01-29 Excerpt from Tales of Chivalry And the Olden Time Selected From the Works of Sir Walter Scott The series of which this is the initial volume was planned more than six years ago and three years have passed since the plan was approved by the publishers but its execution has been delayed by work upon other books My aim is to edit certain selections from standard prose and poetry suited either for supplementary reading as it is called or for elementary study in English literature The brief foot notes under the text are perhaps all that some teachers will regard as necessary for the former purpose but I believe that the longer notes at the end of the book will be found more or less useful and suggestive for oral instruction in connection with the reading lessons These latter notes however are more especially designed for the other purpose I have mentioned elementary study of language and literature They have been prepared with much care and I am confident that they will be perfectly intelligible to boys and girls in grammar schools and others of similar grade I shall not attempt here to explain how I think they should be used as the little pamphlet of Hints to Teachers which may be obtained post free on application to the publishers will give my views more in detail than would be possible in a preface Suffice it to say now to forestall possible criticism that these notes are not designed to give systematic instruction in either grammar or rhetoric About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **An introduction to astronomy, to which is added an astronomical vocabulary** John Russell Hind,1863 **The Orations of Demosthenes Against Timocrates, Aristogiton, Aphobus, Onetor...and for Phormio** Demosthenes,1861
