**US Army Military History Research
Collection**

Tales Of The Mountain Gunners:

Tales of the Mountain Gunners, 1974 **Tales of the Mountain Gunners** Charles Hemphill Townsend MacFetridge, John Patrick Warren, 1973 Tales of the Mountain Gunners. An Anthology, Compiled by Those who Served with Them, and Edited by C.H.T. MacFetridge and J.P. Warren. Charles Hemphill Townsend MACFETRIDGE (and WARREN (John Patrick) Major.), 1974 **The Army in India and the Development of Frontier Warfare, 1849-1947** T. Moreman, 1998-08-10 This comprehensive study is the first scholarly account explaining how the British and Indian armies adapted to the peculiar demands of fighting an irregular tribal opponent in the mountainous no man s land between India and Afghanistan It does so by discussing how a tactical doctrine of frontier fighting was developed and passed on to succeeding generations of soldiers As this book conclusively demonstrates this form of colonial warfare always exerted a powerful influence on the organisation equipment training and ethos of the Army in India **God Save the Queen** US Army Military History Institute, Lawrence James-Alexander Lentz, 1979 *Special Bibliographic Series* US Army Military History Research Collection, 1978 Waging War in Waziristan Andrew M. Roe, 2010 A career soldier with on the ground experience presents a gripping history of the imperial British experience in Waziristan a remote area of Pakistan Distills the hard earned British experience and offers some potentially useful lessons for the West and its current troubles in the same region once described as the epicenter of terrorism and reputedly the hiding place of Osama bin Laden **The Late Colonial Indian Army** Pradeep Barua, 2021-11-04 The Indian Army was one of the most important colonial institutions that the British created From its humble origins as a mercantile police force to a modern contemporary army in the Second World War this institution underwent many transitions This book examines the Indian Army during the later colonial era from the First Afghan War in 1839 to Indian independence in 1947 During this period the Indian Army developed from an internal policing force to a frontier army and then to a conventional western style fighting force capable of deployment to overseas theaters These transitions resulted in significant structural and doctrinal changes in the army The doctrines and tactics honed during this period would have a dramatic impact upon the post colonial armies of India and Pakistan From civil military relations to fighting and structural doctrines the Indian and Pakistani armies closely reflect the deep seated impact of decades of evolution during the late colonial era *Animals In War* Jilly Cooper, 2010-12-23 Pigeons carrying vital messages to and from the beleaguered city during the Siege of Paris horses and mules struggling through miles of fetid mud to bring ammunition to the front in the Great War dogs sniffing out mines for the British invasion force in the Second World War countless brave animals have played their part in the long cruel history of war Some have won medals for gallantry like G I Joe the American pigeon who saved 100 British lives in Italy and Rob the black and white mongrel who made over twenty parachute jumps with the SAS Too many others have died abandoned in agony and alone after serving their country with distinction Jilly Cooper has here written a tribute to the role of animals in wartime It is a tragic and horrifying story yet it has

its lighter moments too a hilarious game of musical chairs played on camels during the Desert Campaign and the budgie who remarked when carried from a bombed out East End tenement This is my night out This is a vivid and unforgettable record of man's inhumanity to animals but also an astonishing story of courage intelligence devotion and resilience Burma 1942 Alan Warren,2011-12-01 In December 1941 Japan set out to seize South East Asia and the western Pacific to complete the building of a self sufficient empire The rapid loss of all of Britain's possessions in the Far East was the culmination of a failed attempt to deal with the rise of Japanese imperialism Britain's bluff was called and millions of Britain's protected subjects in Asia fell into the hands of a brutal occupying power The British fought the Second World War in Burma and India against the backdrop of nationalist unrest and revolt The appalling Bengal famine of 1943 brought about by the loss of Burma's rice crop and the dislocation of government would cause the deaths of many Alan Warren provides a new study of the series of battles that made up the Burma campaign including first hand accounts of the conflict and a fresh examination of the armies and commanders of the major combatants Burma 1942 powerfully demonstrates how victory or defeat in particular battles altered the trajectory of the conflict affecting the lives of millions **Early Global Interconnectivity across the Indian Ocean World, Volume II** Angela Schottenhammer,2019-02-13 This volume investigates the emergence and spread of maritime commerce and interconnectivity across the Indian Ocean World the world's first global economy from a longue durée perspective Spanning from antiquity to the nineteenth century these essays move beyond the usual focus on geographical sub regions or thematic aspects to foreground inter and trans regional connections Focusing on the role of religion in the expansion of commerce and exchange across the region as well as on technology and knowledge transfer volume II covers shipbuilding and navigation technologies porcelain production medicinal knowledge and mules as a commodity and means of transportation **Climax at Gallipoli** Rhys Crawley,2014-03-19 Gallipoli the mere name summons the story of this well known campaign of the First World War And the story of Gallipoli where in August 1915 the Allied forces made their last valiant effort against the Turks is one of infamous might have beens If only the Allies had held out a little longer pushed a little harder had better luck Gallipoli might have been the decisive triumph that knocked the Ottoman Empire out of the First World War But the story is just that author Rhys Crawley tells us a story Not only was the outcome at Gallipoli not close but the operation was flawed from the start and an inevitable failure A painstaking effort to set the historical record straight Climax at Gallipoli examines the performance of the Allies Mediterranean Expeditionary Force from the beginning of the Gallipoli Campaign to the bitter end Crawley reminds us that in 1915 the second year of the war the Allies were still trying to adapt to a new form of warfare with static defense replacing the maneuver and offensive strategies of earlier British doctrine In the attempt both the MEF at Gallipoli and the British Expeditionary Force on the Western Front aimed for too much and both failed To explain why Crawley focuses on the operational level of war in the campaign scrutinizing planning command mobility fire support interservice cooperation and logistics His work draws on unprecedented research into the files of

military organizations across the United Kingdom and Australia The result is a view of the Gallipoli Campaign unique in its detail and scope as well as in its conclusions a book that looks past myth and distortion to the facts and the truth of what happened at this critical juncture in twentieth century history *Churchill's Army* Stephen Bull,2016-09-22 Winston Churchill Britain s iconic war time Prime Minister is inextricably linked with the victorious British Army of 1939 to 1945 Yet hindsight propaganda and the imperative of the defeat of Hitler and Imperial Japan have led to a tendency to oversimplify the image of Churchill the war leader and his Army For whilst Churchill was undeniably a towering statesman his relations with both the Army and War Office were ambiguous and altered considerably not only with the progress of the Second World War but over decades In this comprehensive book Stephen Bull examines every aspect of the British Army during the Second World War and considers in detail the strengths and weaknesses of an organisation that was tested to its limits on many fronts but made an immense contribution to the successful Allied outcome The book explores the structure of military power from the men who ran it the Generals to the detail of the regiments they commanded It looks at the uniforms the soldiers wore and the badges and insignia they bore on their uniforms The weaponry Churchill s army used is discussed in detail from small arms including rifles bayonets grenades carbines and machine guns to the massed firepower of the artillery along with the increasing sophistication of tanks and other military vehicles during the period Finally the role of auxiliary and special forces and their contribution to the campaign is considered The comprehensive text is enhanced by more than 200 contemporary photographs

Special Bibliography , Military Power Brian Holden Reid,2014-02-25 The contributors here consider the multifarious aspects of the Anglo American approach to war All the contributors are concerned to base their work on the overall historical context They explore the relationship between theory and practice in military operations

The Cumulative Book Index ,1910 A world list of books in the English language **Britain and Tibet 1765-1947** Julie Marshall,2004-11-23 This bibliography is a record of British relations with Tibet in the period from 1765 to 1947 It also provides background information to Tibet s claims to independence an issue of current importance The work is divided into a number of sections and subsections based on chronology geography and events The introductions to each of the sections provide a condensed and informative history of the period and place the books and articles in their historical context This work is both a history and a bibliography of the subject and provides a rapid entry into a complex area for scholars in the fields of international relations and military history as well as Asian history

The Story of the Great War, Mega Series Volume I to VIII Various,2015-12-27 The First World War is one of history s greatest tragedies This remarkable and intimate collection of reports and notes from active participants bring to life the story of how the Great War reduced Europe s mightiest empires to rubble killed twenty million people and cracked the foundations of the world we live in today This ebook contains all Volumes from I to VIII available also as individual downloads

The Far East Theatre, 1941-1946 Sir Martin Farndale,2000 En beskrivelse af engelske artillerienheders deltagelse p de krigsskuepladser i det fjerne sten hvor

engelske enheder var indsat i kamp mod de japanske okkupationsstyrker under 2. Verdenskrig. Bogen er forsynet med register over de enheder der deltog i krigen, troppeinddelinger, kort og oplysninger om de chefer m.v. der førte artillerienhederne.

History of the Royal Regiment of Artillery: The years of defeat : Europe and North Africa, 1939-1941 Sir Martin Farndale, 1986. This volume begins the story of the Royal Artillery in World War II and covers the period from September 1939 to the end of 1941. The regiment was by no means fully prepared for war but by supreme effort managed to recruit and train the hundreds of thousands of men and women required.

Enjoying the Melody of Term: An Emotional Symphony within **Tales Of The Mountain Gunners**

In a global taken by screens and the ceaseless chatter of fast transmission, the melodic beauty and emotional symphony developed by the written term often diminish in to the back ground, eclipsed by the relentless sound and disruptions that permeate our lives. But, set within the pages of **Tales Of The Mountain Gunners** an enchanting fictional value filled with organic feelings, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, this interesting masterpiece conducts viewers on a mental journey, skillfully unraveling the concealed tunes and profound influence resonating within each cautiously constructed phrase. Within the depths with this touching evaluation, we can explore the book is central harmonies, analyze their enthralling publishing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
